SUMMARY

The following summary contains information about Hovnanian and the offering of the Notes. It does not contain all of the information that may be important to you in making a decision to purchase the Notes. For a more complete understanding of Hovnanian and the offering of the Notes, we urge you to read this entire prospectus supplement, the accompanying prospectus and the documents incorporated by reference carefully, including the “Risk Factors” sections and our financial statements and the notes to those statements incorporated by reference herein.

The Company

We design, construct, market, and sell single-family detached homes, attached townhomes and condominiums, mid-rise condominiums, urban infill and active adult homes in planned residential developments and are one of the nation’s largest builders of residential homes. Founded in 1959 by Kevork Hovnanian, Hovnanian Enterprises, Inc. was incorporated in New Jersey in 1967 and reincorporated in Delaware in 1983. Since the incorporation of our predecessor company and including unconsolidated joint ventures, we have delivered in excess of 291,000 homes, including 5,009 homes in fiscal 2010. The Company consists of two distinct operations: homebuilding and financial services. Our homebuilding operations consist of six segments: Northeast, Mid-Atlantic, Midwest, Southeast, Southwest and West. Our financial services operations provide mortgage loans and title services to the customers of our homebuilding operations.

We are currently, excluding unconsolidated joint ventures, offering homes for sale in 192 communities in 40 markets in 18 states throughout the United States. Our operations span all significant aspects of the home-buying process — from design, construction, and sale, to mortgage origination and title services. We market and build homes for first-time buyers, first-time and second-time move-up buyers, luxury buyers, active adult buyers, and empty nesters. We offer a variety of home styles at base prices ranging from \$34,000 (low income housing) to \$1,660,000 with an average sales price, including options, of \$281,000 nationwide in fiscal 2010.

We market and build homes that are constructed in 20 of the nation’s top 50 housing markets. We segregate our homebuilding operations geographically into the following six segments:

Northeast: New Jersey, New York, and Pennsylvania

Mid-Atlantic: Delaware, Maryland, Virginia, West Virginia, and Washington, D.C.

Midwest: Illinois, Kentucky, Minnesota, and Ohio

Southeast: Florida, Georgia, North Carolina, and South Carolina

Southwest: Arizona and Texas

West: California

Our corporate offices are located at 110 West Front Street, P.O. Box 500, Red Bank, New Jersey 07701, our telephone number is 732-747-7800, and our Internet web site address is www.khov.com. Information on or accessible through our website is not a part of, or incorporated by reference in, this prospectus.

Business Strategies

Due to the progressive weakening of demand in our homebuilding markets over the past several years, we have experienced declines in revenues and gross profit, sustained significant asset impairment charges, and incurred losses before income taxes in fiscal 2007, 2008, 2009, and 2010. Although the timing of a recovery in the housing market is unclear, because certain long-term fundamentals which support housing demand, namely population growth and household formation, remain solid, we believe the current negative conditions will moderate over time. Consequently, our primary focus while market conditions have been weak over the

past several years has been to strengthen our financial condition by reducing inventories of homes and land, controlling and reducing construction and overhead costs, maximizing cash flows, reducing outstanding debt, and maintaining strong liquidity. However, in the first quarter of 2009, we began to see opportunities to purchase land at prices and terms that make economic sense in light of our sales prices and sales paces. As a result, we determined to either purchase or option certain new properties. In order to return to profitability, we will need to continue purchasing new land and that will generate good investment returns and drive greater operating efficiencies, as well as control expenses commensurate with our level of deliveries.

In addition to our current focus on maintaining strong liquidity and evaluating new investment opportunities, we will continue to focus on our historic key business strategies. We believe that these strategies separate us from our competitors in the residential homebuilding industry and the adoption, implementation, and adherence to these principles will continue to benefit our business.

Our goal is to become a significant builder in each of the selected markets in which we operate, which will enable us to achieve powers and economies of scale and differentiate ourselves from most of our competitors.

We offer a broad product array to provide housing to a wide range of customers. Our customers consist of first-time buyers, first-time and second-time move-up buyers, luxury buyers, active adult buyers, and empty nesters. Our diverse product array includes single-family detached homes, attached townhomes and condominiums, mid-rise condominiums, urban infill, and active adult homes.

We are committed to customer satisfaction and quality in the homes that we build. We recognize that our future success rests in the ability to deliver quality homes to satisfied customers. We seek to expand our commitment to customer service through a variety of quality initiatives. In addition, our focus remains on attracting and developing quality associates. We use several leadership development and mentoring programs to identify key individuals and prepare them for positions of greater responsibility within our Company.

We focus on achieving high return on invested capital. Each new community is evaluated based on its ability to meet or exceed internal rate of return requirements. Our belief is that the best way to create lasting value for our shareholders is through a strong focus on return on invested capital. However, given market conditions during the downturn, until 2009, it had been difficult to find new land investments that meet or exceed these rate of return requirements. Therefore, we have focused on managing the balance sheet by selling through our currently owned inventory and conserving cash to be prepared to invest in new land when market conditions are right. Since the first quarter of fiscal 2009, we have begun to see land investment opportunities that meet or exceed our underwriting requirements. New land purchases at pricing that will generate good investment returns are needed to return to profitability.

We utilize a risk-averse land strategy. We attempt to acquire land with a minimum cash investment and negotiate takedown options, thereby limiting the financial exposure to the amounts invested in property and predevelopment costs. This policy significantly reduces our risk and generally allows us to obtain necessary development approvals before acquisition of the land.

We enter into homebuilding and land development joint ventures from time to time as a means of controlling lot positions, expanding our market opportunities, establishing strategic alliances, reducing our risk profile, leveraging our capital base, and enhancing our returns on capital. Our homebuilding joint ventures are generally entered into with third-party investors to develop land and construct homes that are sold directly to homebuyers. Our land development joint ventures include those with developers and other homebuilders, as well as financial investors to develop finished lots for sale to the joint venture's members or other third parties.

We manage our financial services operations to better serve all of our homebuyers. Our current mortgage financing and title service operations enhance our contact with customers and allow us to coordinate the home-buying experience from beginning to end.

Concurrent Offerings

Concurrently with this offering, pursuant to a separate prospectus supplement, we are offering _____ shares of our Class A common stock, with a total price to public of approximately \$50.0 million (or _____ shares, with a total price to public of approximately \$57.5 million if the underwriters exercise their over-allotment option with respect to that offering in full), in an underwritten public offering (the “Common Stock Offering”). We estimate that the net proceeds of the Common Stock Offering, after deducting the underwriting discount and estimated offering expenses, will be approximately \$47.2 million (or approximately \$54.3 million if the underwriters exercise their over-allotment option with respect to that offering in full), although there can be no assurance that the Common Stock Offering will be completed.

Concurrently with this offering, pursuant to a separate prospectus supplement, we are also offering 3,000,000 % tangible equity units (or 3,450,000 % tangible equity units if the underwriters exercise their over-allotment option with respect to that offering in full) (the “Units”), each with a stated amount of \$25, in an underwritten public offering (the “Units Offering” and together with the Common Stock Offering, the “Concurrent Offerings”). We estimate that the net proceeds of the Units Offering, after deducting the underwriting discount and estimated offering expenses, will be approximately \$72.5 million (or approximately \$83.4 million if the underwriters exercise their over-allotment option with respect to that offering in full), although there can be no assurance that the Units Offering will be completed.

Completion of this offering is not contingent on the completion of either of the Concurrent Offerings and neither of the Concurrent Offerings is contingent on the completion of the other Concurrent Offering or this offering.

Tender Offers and Redemptions

On or about the date of this prospectus supplement, we intend to commence (i) a cash tender offer (the “2012 Senior Notes Tender Offer”) for any and all of the approximately \$35.5 million outstanding aggregate principal amount of our 8% Senior Notes due 2012 (the “2012 Senior Notes”), (ii) a cash tender offer (the “2012 Senior Subordinated Notes Tender Offer”) for any and all of the approximately \$66.6 million outstanding aggregate principal amount of our 8.875% Senior Subordinated Notes due 2012 (the “2012 Senior Subordinated Notes”), and (iii) a cash tender offer (the “2013 Notes Tender Offer” and together with the 2012 Senior Notes Tender Offer and the 2012 Senior Subordinated Notes Tender Offer, the “Tender Offers”) for any and all of the approximately \$53.5 million outstanding aggregate principal amount of our 7³/₄% Senior Subordinated Notes due 2013 (the “2013 Notes” and together with the 2012 Senior Notes and the 2012 Senior Subordinated Notes, the “Tender Offer Notes”). The consummation of each of the Tender Offers is conditioned upon the satisfaction, or waiver by us, of certain conditions, including the receipt of aggregate net cash proceeds from this offering and the Concurrent Offerings sufficient to finance the payment of the consideration to holders of the Tender Offer Notes that participate in the Tender Offers. Neither the completion of this offering nor the Concurrent Offerings is conditioned upon completion of the Tender Offers.

All of the Tender Offer Notes are currently redeemable at our option and we currently expect that we will exercise our right to optionally redeem any and all Tender Offer Notes that have not been accepted and paid for in the Tender Offers (the “Redemptions”) at a price equal to 100% of the principal amount thereof, plus accrued unpaid interest to the redemption date, in the case of the 2012 Senior Notes and 2012 Senior Subordinated Notes, and a price equal to 101.292% of the principal amount thereof, plus accrued and unpaid interest, in the case of the 2013 Notes.

We intend to finance the Tender Offers and/or the Redemptions with a portion of the net proceeds of this offering and the Concurrent Offerings. (1) (Loss) income before income-taxes excluding land-related charges, intangible impairments and gain on extinguishment of debt is not a financial measure calculated in accordance with U.S. generally accepted accounting principles ("GAAP"). The most directly comparable GAAP financial measure is (Loss) income before income taxes. The reconciliation of (Loss) income before income taxes excluding land-related charges, intangible impairments and gain on extinguishment of debt to (Loss) income before income taxes is presented below. (Loss) income before income taxes excluding land-related charges, intangible

impairments and gain on extinguishment of debt should be considered in addition to, but not as a substitute for, (loss) income before income taxes, net income (loss) and other measures of financial performance prepared in accordance with GAAP that are presented on the financial statements and notes included in Hovnanian's public filings. Additionally, the Company's calculation of (Loss) income before income taxes excluding land-related charges, intangible impairments and gain on extinguishment of debt may be different than the calculation used by other companies, and, therefore, comparability may be affected. Management believes (Loss) income before income taxes excluding land-related charges, intangible impairments and gain on extinguishment of debt to be relevant and useful information because it provides a better metric for our operating performance.

The following table sets forth a reconciliation of (Loss) income before income taxes excluding land-related charges, intangible impairments and gain on extinguishment of debt to (loss) income before income taxes:

RISK FACTORS

An investment in the Notes involves a high degree of risk. Before making a decision to invest in the Notes, you should carefully consider the following:

- the risk factors described below and those contained in the documents incorporated by reference in this prospectus supplement; and
- the other information included in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference in this prospectus supplement.

Risks Related to Our Business

The homebuilding industry is significantly affected by changes in general and local economic conditions, real estate markets, and weather and other environmental conditions, which could affect our ability to build homes at prices our customers are willing or able to pay, could reduce profits that may not be recaptured, could result in cancellation of sales contracts, and could affect our liquidity.

The homebuilding industry is cyclical, has from time to time experienced significant difficulties, and is significantly affected by changes in general and local economic conditions such as:

- Employment levels and job growth;
- Availability of financing for home buyers;
- Interest rates;
- Foreclosure rates;
- Inflation;
- Adverse changes in tax laws;
- Consumer confidence;
- Housing demand;
- Population growth; and
- Availability of water supply in locations in which we operate.

Turmoil in the financial markets could affect our liquidity. In addition, our cash balances are primarily invested in short-term government-backed instruments. The remaining cash balances are held at numerous financial institutions and may, at times, exceed insurable amounts. We believe we help to mitigate this risk by depositing our cash in major financial institutions and diversifying our investments. In addition, our homebuilding operations often require us to obtain letters of credit. In connection with the issuance of our senior secured first lien notes in the fourth quarter of fiscal 2009, we terminated our revolving credit facility and refinanced the borrowing capacity thereunder. In addition, we entered into certain stand alone letter of credit facilities, and agreements pursuant to which all of the outstanding letters of credit under our revolving credit facility were replaced with letters of credit issued under such new letter of credit facilities and agreements. However, we may need additional letters of credit above the amounts provided under these new letter of credit facilities and agreements. If we are unable to obtain such additional letters of credit as needed to operate our business, we may be adversely affected.

Weather conditions and natural disasters such as hurricanes, tornadoes, earthquakes, floods, droughts, fires and other environmental conditions can harm the local homebuilding business. Our business in Florida was adversely affected in late 2005 and into 2006 due to the effect of Hurricane Wilma on materials and labor availability and pricing. Conversely, Hurricane Ike, which hit Houston in September 2008, did not have an effect on materials and labor availability or pricing, but did affect the volume of home sales in subsequent weeks.

The difficulties described above could cause us to take longer and incur more costs to build our homes. We may not be able to recapture increased costs by raising prices in many cases because we fix our prices up to 12 months in advance of delivery by signing home sales contracts. In addition, some home buyers may cancel or not honor their home sales contracts altogether.

The homebuilding industry is undergoing a significant and sustained downturn which has, and could continue to, materially and adversely affect our business, liquidity, and results of operations.

The homebuilding industry is now experiencing a significant and sustained downturn. An industry-wide softening of demand for new homes has resulted from a lack of consumer confidence, decreased availability of mortgage financing, and large supplies of resale and new home inventories, among other factors. In addition, an oversupply of alternatives to new homes, such as rental properties, resale homes, and foreclosures, has depressed prices and reduced margins for the sale of new homes. Industry conditions had a material adverse effect on our business and results of operations in fiscal years 2007 through 2010 and may continue to materially adversely affect our business and results of operations in fiscal 2011. Further, we substantially increased our inventory through fiscal 2006, which required significant cash outlays and which has increased our price and margin exposure as we continue to work through this inventory. Looking forward, if the housing market continues to deteriorate it will become more difficult to generate positive cash flow. General economic conditions in the U.S. remain weak. Market volatility has been unprecedented and extraordinary in the last several years, and the resulting economic turmoil may continue to exacerbate industry conditions or have other unforeseen consequences, leading to uncertainty about future conditions in the homebuilding industry. Continuation or worsening of this downturn or general economic conditions would continue to have a material adverse effect on our business, liquidity, and results of operations.

In addition, an increase in the default rate on the mortgages we originate may adversely affect our ability to sell mortgages or the pricing we receive upon the sale of mortgages. Although substantially all of the mortgage loans we originate are sold in the secondary mortgage market on a servicing released, non-recourse basis, we remain liable for certain limited representations, such as fraud, and warranties related to loan sales. As default rates rise, this may increase our potential exposure regarding mortgage loan sales because investors may seek to have us buy back or make whole investors for mortgages we previously sold. To date, we have not made significant payments related to our mortgage loans but because of the uncertainties inherent to these matters, actual future payments could differ significantly from our currently estimated amounts.

There can be no assurances that government responses to the disruptions in the financial markets will restore consumer confidence, stabilize the markets, or increase liquidity and the availability of credit, or whether any such results will be sustainable. The housing market has benefited from a number of government programs, including:

- Tax credits for home buyers provided by the federal government and certain state governments, including California; and
- Support of the mortgage market, including through purchases of mortgage-backed securities by The Federal Reserve Bank and the underwriting of a substantial amount of new mortgages by the Federal Housing Administration (“FHA”) and other governmental agencies.

These programs are expected to wind down over time; for example the California tax credit ended in the fourth quarter of fiscal 2009 and the federal tax credit expired in April 2010. In addition, in fiscal 2010, the U.S. Department of Housing and Urban Development (“HUD”) tightened FHA underwriting standards. Housing markets may further decline as these programs are modified or terminated.

Leverage places burdens on our ability to comply with the terms of our indebtedness, may restrict our ability to operate, may prevent us from fulfilling our obligations, and may adversely affect our financial condition.

We have a significant amount of debt.

- Our debt, as of October 31, 2010, including the debt of the subsidiaries that guarantee our debt, was \$1,630.6 million (\$1,616.3 million net of discount); and
- our debt service payments for the 12-month period ended October 31, 2010 were \$165.7 million, which includes interest incurred of \$152.1 million and mandatory principal payments on our corporate debt under the terms of our indentures of \$13.6 million, but which does not include principal and interest on nonrecourse secured debt, debt of our financial subsidiaries and fees under our letter of credit facilities and agreements.

In addition, as of October 31, 2010, we had \$89.5 million in aggregate outstanding face amount of letters of credit issued under various letter of credit facilities and agreements, which were collateralized by \$92.3 million of cash. Our fees for these letters of credit for the 12 months ended October 31, 2010, which are based on both the used and unused portion of the facilities and agreements, were \$1.4 million. We also had substantial contractual commitments and contingent obligations, including approximately \$359.1 million of performance bonds as of October 31, 2010. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Contractual Obligations” in our Annual Report on Form 10-K/A incorporated by reference herein.

Our significant amount of debt could have important consequences. For example, it could:

- Limit our ability to obtain future financing for working capital, capital expenditures, acquisitions, debt service requirements, or other requirements;
- Require us to dedicate a substantial portion of our cash flow from operations to the payment of our debt and reduce our ability to use our cash flow for other purposes;
- Limit our flexibility in planning for, or reacting to, changes in our business;
- Place us at a competitive disadvantage because we have more debt than some of our competitors; and
- Make us more vulnerable to downturns in our business and general economic conditions.

Our ability to meet our debt service and other obligations will depend upon our future performance. We are engaged in businesses that are substantially affected by changes in economic cycles. Our revenues and earnings vary with the level of general economic activity in the markets we serve. Our businesses are also affected by customer sentiment and financial, political, business, and other factors, many of which are beyond our control. The factors that affect our ability to generate cash can also affect our ability to raise additional funds for these purposes through the sale of equity securities, the refinancing of debt, or the sale of assets. Changes in prevailing interest rates may affect our ability to meet our debt service obligations to the extent we have any floating rate indebtedness. A higher interest rate on our debt service obligations could result in lower earnings or increased losses.

Our sources of liquidity are limited and may not be sufficient to meet our needs.

In connection with the issuance of our senior secured first lien notes in the fourth quarter of fiscal 2009, we terminated our revolving credit facility and refinanced the borrowing capacity thereunder. Because we no longer have a revolving credit facility, we are dependent on our current cash balance and future cash flows from operations (which may not be positive) to enable us to service our indebtedness, to cover our operating expenses, and/or to fund our other liquidity needs. In addition, we may need to refinance all or a portion of our debt on or before maturity, which we may not be able to do on favorable terms or at all. If our cash flows and capital resources are insufficient to fund our debt service obligations or we are unable to refinance our indebtedness, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital, or restructure our indebtedness. These alternative measures may not be successful and may

not permit us to meet our debt service obligations. We have also entered into certain cash collateralized letter of credit agreements and facilities that require us to maintain specified amounts of cash in segregated accounts as collateral to support our letters of credit issued thereunder, which will affect the amount of cash we have available for other uses. If our available cash and capital resources are insufficient to meet our debt service obligations, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions or the proceeds from the dispositions may not be adequate to meet any debt service obligations then due.

Restrictive covenants in our debt instruments may restrict our ability to operate and if our financial performance worsens, we may not be able to undertake transactions within the restrictions of our debt instruments.

The indentures governing our outstanding debt securities impose certain restrictions on our operations and activities. The most significant restrictions relate to debt incurrence, creating liens, sales of assets, cash distributions, including paying dividends on common and preferred stock, capital stock and debt repurchases, and investments by us and certain of our subsidiaries. Because of these restrictions, we are currently prohibited from paying dividends on our preferred stock and anticipate that we will remain prohibited for the foreseeable future.

The restrictions in our debt instruments could prohibit or restrict our activities such as undertaking capital, raising or restructuring activities or entering into other transactions. In such a situation, we may be unable to amend the instrument or obtain a waiver. In addition, if we fail to make timely payments on this debt and other material indebtedness, our debt under these debt instruments could become due and payable prior to maturity. In such a situation, there can be no assurance that we would be able to obtain alternative financing. Either situation could have a material adverse effect on the solvency of the Company.

The terms of our debt instruments allow us to incur additional indebtedness.

Under the terms of our indebtedness under our indentures, we have the ability, subject to our debt covenants, to incur additional amounts of debt. The incurrence of additional indebtedness could magnify the risks described above. In addition, certain obligations such as standby letters of credit and performance bonds issued in the ordinary course of business, including those issued under our stand-alone letter of credit agreements and facilities, are not considered indebtedness under our indentures (and may be secured), and therefore, are not subject to limits in our debt covenants.

We could be adversely affected by a negative change in our credit rating.

Our ability to access capital on favorable terms is a key factor in our ability to service our indebtedness to cover our operating expenses, and to fund our other liquidity needs. On March 16, 2009, Fitch Ratings lowered the Company's issuer default rating to CCC from B-. On April 7, 2009, Moody's Investor Services affirmed our corporate family rating of Caa1, with a negative outlook. On April 1, 2009, Standard & Poor's ("S&P") lowered our B-corporate credit rating to CCC, with a negative outlook. On September 14, 2010, S&P affirmed our corporate credit rating of CCC+ but revised our outlook from developing to negative. Downgrades may make it more difficult and costly for us to access capital. Therefore, any further downgrade by any of the principal credit agencies may exacerbate these difficulties.

Our business is seasonal in nature and our quarterly operating results can fluctuate.

Our quarterly operating results generally fluctuate by season. Historically, a large percentage of our agreements of sale have been entered into in the winter and spring. The construction of a customer's home typically begins after signing the agreement of sale and can take 12 months or more to complete. Weather-related problems, typically in the fall, late winter and early spring, can delay starts or closings and increase costs and thus reduce profitability. In addition, delays in opening communities could have an adverse effect on our sales and revenues. Due to these factors, our quarterly operating results will likely continue to fluctuate.

Our success depends on the availability of suitable undeveloped land and improved lots at acceptable prices and our having sufficient liquidity to fund such investments.

Our success in developing land and in building and selling homes depends in part upon the continued availability of suitable undeveloped land and improved lots at acceptable prices. The availability of undeveloped land and improved lots for purchase at favorable prices depends on a number of factors outside of our control, including the risk of competitive over-bidding on land and lots and restrictive governmental regulation. Should suitable land opportunities become less available, the number of homes we may be able to build and sell would be reduced, which would reduce revenue and profits. In addition, our ability to make land purchases will depend upon us having sufficient liquidity to fund such purchases. We may be at a disadvantage in competing for land due to our significant debt obligations, which require substantial cash resources.

Raw material and labor shortages and price fluctuations could delay or increase the cost of home construction and adversely affect our operating results.

The homebuilding industry has from time to time experienced raw material and labor shortages. In particular, shortages and fluctuations in the price of lumber or in other important raw materials could result in delays in the start or completion of, or increase the cost of, developing one or more of our residential communities. In addition, we contract with subcontractors to construct our homes. Therefore, the timing and quality of our construction depends on the availability, skill, and cost of our subcontractors. Delays or cost increases caused by shortages and price fluctuations could harm our operating results, the impact of which may be further affected depending on our ability to raise sales prices to offset increased costs.

Changes in economic and market conditions could result in the sale of homes at a loss or holding land in inventory longer than planned, the cost of which can be significant.

Land inventory risk can be substantial for homebuilders. We must continuously seek and make acquisitions of land for expansion into new markets and for replacement and expansion of land inventory within our current markets. The market value of undeveloped land, buildable lots, and housing inventories can fluctuate significantly as a result of changing economic and market conditions. In the event of significant changes in economic or market conditions, we may have to sell homes at a loss or hold land in inventory longer than planned. In the case of land options, we could choose not to exercise them, in which case we would write off the value of these options. Inventory carrying costs can be significant and can result in losses in a poorly performing project or market. The assessment of communities for indication of impairment is performed quarterly. While we consider available information to determine what we believe to be our best estimates as of the reporting period, these estimates are subject to change in future reporting periods as facts and circumstances change. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Critical Accounting Policies” in our Annual Report on Form 10-K/A incorporated by reference herein. For example, during 2010, 2009, and 2008, we decided not to exercise many option contracts and walked away from land option deposits and predevelopment costs, which resulted in land option write-offs of \$13.2 million, \$45.4 million and \$114.1 million, respectively. Also, in 2010, 2009, and 2008, as a result of the difficult market conditions, we recorded inventory impairment losses on owned property of \$122.5 million, \$614.1 million, and \$596.0 million, respectively. If market conditions continue to worsen, additional inventory impairment losses and land option write-offs will likely be necessary.

Home prices and sales activities in the California, Maryland, New Jersey, Texas and Virginia markets have a large impact on our results of operations because we conduct a significant portion of our business in these markets.

We presently conduct a significant portion of our business in the California, Maryland, New Jersey, Texas and Virginia markets. Home prices and sales activities in these markets and in most of the other markets in which we operate have declined from time to time, particularly as a result of slow economic growth. In particular, market conditions in California, Maryland, New Jersey and Virginia have declined significantly since the end of 2006. Furthermore, precarious economic and budget situations at the state government level may adversely affect the market for our homes in those affected areas. If home prices and sales activity

decline in one or more of the markets in which we operate, our costs may not decline at all or at the same rate and may negatively impact our results of operations.

Because almost all of our customers require mortgage financing, increases in interest rates or the decreased availability of mortgage financing could impair the affordability of our homes, lower demand for our products, limit our marketing effectiveness, and limit our ability to fully realize our backlog.

Virtually all of our customers finance their acquisitions through lenders providing mortgage financing. Increases in interest rates or decreases in availability of mortgage financing could lower demand for new homes because of the increased monthly mortgage costs to potential home buyers. Even if potential customers do not need financing, changes in interest rates and mortgage availability could make it harder for them to sell their existing homes to potential buyers who need financing. This could prevent or limit our ability to attract new customers as well as our ability to fully realize our backlog because our sales contracts generally include a financing contingency. Financing contingencies permit the customer to cancel its obligation in the event mortgage financing at prevailing interest rates, including financing arranged or provided by us, is unobtainable within the period specified in the contract. This contingency period is typically four to eight weeks following the date of execution of the sales contract.

Starting in 2007, many lenders have been significantly tightening their underwriting standards, and many subprime and other alternative mortgage products are no longer being made available in the marketplace. If these trends continue and mortgage loans continue to be difficult to obtain, the ability and willingness of prospective buyers to finance home purchases or to sell their existing homes will be adversely affected, which will adversely affect our operating results. In addition, we believe that the availability of mortgage financing, including Federal National Mortgage Association, Federal Home Loan Mortgage Corp, and FHA/VA financing, is an important factor in marketing many of our homes. In addition, in fiscal 2010, HUD tightened FHA underwriting standards. Any limitations or restrictions on the availability of those types of financing could reduce our sales.

Increases in the costs of owning a home could prevent potential customers from buying our homes and adversely affect our business or financial results.

Significant expenses of owning a home, including mortgage interest expenses and real estate taxes, generally are deductible expenses for an individual's federal, and in some cases state, income taxes, subject to limitations under current tax law and policy. If the federal government or a state government were to change its income tax laws to eliminate or substantially limit these income tax deductions, as has been discussed from time to time, the after-tax cost of owning a new home would increase for many of our potential customers. The loss or reduction of these homeowner tax deductions, if such tax law changes were enacted without any offsetting legislation, would adversely impact demand for and sales prices of new homes, including ours. In addition, increases in property tax rates or fees on developers by local governmental authorities, as experienced in response to reduced federal and state funding or to fund local initiatives such as funding schools or road improvements, can adversely affect the ability of potential customers to obtain financing or their desire to purchase new homes, and can have an adverse impact on our business and financial results.

We conduct certain of our operations through unconsolidated joint ventures with independent third parties in which we do not have a controlling interest. These investments involve risks and are highly illiquid.

We currently operate through a number of unconsolidated homebuilding and land development joint ventures with independent third parties in which we do not have a controlling interest. At October 31, 2010, we had invested an aggregate of \$38.0 million in these joint ventures, including advances to these joint ventures of approximately \$13.5 million. In addition, as part of our strategy, we intend to continue to evaluate additional joint venture opportunities.

These investments involve risks and are highly illiquid. There are a limited number of sources willing to provide acquisition, development, and construction financing to land development and homebuilding joint

ventures, and as market conditions become more challenging, it may be difficult or impossible to obtain financing for our joint ventures on commercially reasonable terms. Recently, we have been unable to obtain financing for newly created joint ventures. In addition, we lack a controlling interest in these joint ventures and, therefore, are usually unable to require that our joint ventures sell assets or return invested capital, make additional capital contributions, or take any other action without the vote of at least one of our venture partners. Therefore, absent partner agreement, we will be unable to liquidate our joint venture investments to generate cash.

Homebuilders are subject to a number of federal, local, state, and foreign laws and regulations concerning the development of land, the homebuilding, sales, and customer financing processes and protection of the environment, which can cause us to incur delays and costs associated with compliance and which can prohibit or restrict our activity in some regions or areas.

We are subject to extensive and complex regulations that affect the development and home building, sales, and customer financing processes, including zoning, density, building standards, and mortgage financing. These regulations often provide broad discretion to the administering governmental authorities. This can delay or increase the cost of development or homebuilding. In light of recent developments in the home building industry and the financial markets, federal, state, or local governments may seek to adopt regulations that limit or prohibit homebuilders from providing mortgage financing to their customers. If adopted, any such regulations could adversely affect future revenues and earnings. In addition, some state and local governments in markets where we operate have approved, and others may approve, slow-growth or no-growth initiatives that could negatively impact the availability of land and building opportunities within those areas. Approval of these initiatives could adversely affect our ability to build and sell homes in the affected markets and/or could require the satisfaction of additional administrative and regulatory requirements, which could result in slowing the progress or increasing the costs of our homebuilding operations in these markets. Any such delays or costs could have a negative effect on our future revenues and earnings.

We also are subject to a variety of local, state, federal, and foreign laws and regulations concerning protection of health and the environment. The particular environmental laws that apply to any given community vary greatly according to the community site, the site's environmental conditions, and the present and former uses of the site. These environmental laws may result in delays, may cause us to incur substantial compliance, remediation, and/or other costs and can prohibit or severely restrict development and homebuilding activity.

For example, the Company was engaged in discussions with the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Justice (DOJ) regarding alleged violations of storm water discharge requirements. In resolution of this matter, in April 2010 we agreed to the terms of a consent decree with the EPA, DOJ and the states of Virginia, Maryland, West Virginia and the District of Columbia (collectively the States). The consent decree was approved by the federal district court in August 2010. Under the terms of the consent decree, we have paid a fine of \$1.0 million collectively to the United States and the States named above and have agreed to perform under the terms of the consent decree for a minimum of three years, which includes implementing certain operational and training measures nationwide to facilitate ongoing compliance with storm water regulations. More recently, the New York State Department of Environmental Conservation is seeking a civil penalty from us in connection with notices of violation for allegedly failing to comply with a storm water permit at an incomplete project in the state of New York; and the New Jersey Department of Environmental Protection has contacted us regarding violations it asserts occurred when one of our contractors demolished a structure in New Jersey prior to obtaining a storm water permit. Although we do not know the final outcomes, we believe any penalties and any other impacts of these two matters will not have a material adverse effect on us.

We anticipate that increasingly stringent requirements will be imposed on developers and homebuilders in the future. Although we cannot predict the effect of these requirements, they could result in time-consuming and expensive compliance programs and in substantial expenditures, which could cause delays and increase our cost of operations. In addition, the continued effectiveness of permits already granted or approvals already

obtained is dependent upon many factors, some of which are beyond our control, such as changes in policies, rules, and regulations and their interpretation and application.

Product liability litigation and warranty claims that arise in the ordinary course of business may be costly.

As a homebuilder, we are subject to construction defect and home warranty claims arising in the ordinary course of business. Such claims are common in the homebuilding industry and can be costly. In addition, the amount and scope of coverage offered by insurance companies is currently limited, and this coverage may be further restricted and become more costly. If we are not able to obtain adequate insurance against such claims, we may experience losses that could hurt our financial results. Our financial results could also be adversely affected if we were to experience an unusually high number of claims or unusually severe claims. Recently, other homebuilders in Alabama, Florida, Louisiana, Mississippi and Texas have had construction defect claims associated with allegedly defective drywall manufactured in China (Chinese Drywall) that may be responsible for noxious smells and accelerated corrosion of certain metals in the home. We have currently identified 10 homes with Chinese Drywall that must be remediated, and we have been notified of 19 more homes that potentially have Chinese Drywall that may need remediation. These homes are located in our Florida and Houston markets. The estimated costs of the remediations of these homes are reserved. If additional homes are identified to have this issue, or our actual costs to remediate differ from our current estimated costs, it may require us to revise our warranty reserves.

We compete on several levels with homebuilders that may have greater sales and financial resources, which could hurt future earnings.

We compete not only for home buyers but also for desirable properties, financing, raw materials, and skilled labor often within larger subdivisions designed, planned, and developed by other homebuilders. Our competitors include other local, regional, and national homebuilders, some of which have greater sales and financial resources.

The competitive conditions in the homebuilding industry together with current market conditions have, and could continue to, result in:

- difficulty in acquiring suitable land at acceptable prices;
- increased selling incentives;
- lower sales; or
- delays in construction.

Any of these problems could increase costs and/or lower profit margins.

We may have difficulty in obtaining the additional financing required to operate and develop our business.

Our operations require significant amounts of cash, and we may be required to seek additional capital, whether from sales of equity or borrowing additional money, for the future growth and development of our business. The terms or availability of additional capital is uncertain. Moreover, the indentures for our outstanding debt securities contain provisions that restrict the debt we may incur in the future and our ability to pay dividends on equity. If we are not successful in obtaining sufficient capital, it could reduce our sales and may hinder our future growth and results of operations. In addition, pledging substantially all of our assets to support our first, second and third lien senior secured notes may make it more difficult to raise additional financing in the future.

Our future growth may include additional acquisitions of companies that may not be successfully integrated and may not achieve expected benefits.

Acquisitions of companies have contributed to our historical growth and may again be a component of our growth strategy in the future. In the future, we may acquire businesses, some of which may be significant. As a result of acquisitions of companies, we may need to seek additional financing and integrate product lines, dispersed operations, and distinct corporate cultures. These integration efforts may not succeed or may distract our management from operating our existing business. Additionally, we may not be able to enhance our earnings as a result of acquisitions. Our failure to successfully identify and manage future acquisitions could harm our operating results.

Our controlling stockholders are able to exercise significant influence over us.

Members of the Hovnanian family, including Ara K. Hovnanian, our chairman of the board, president and chief executive officer, have voting control, through personal holdings, the limited partnership established for members of Mr. Hovnanian's family and family trusts, of Class A and Class B common stock that enables them to cast approximately 70% of the votes that may be cast by the holders of our outstanding Class A and Class B common stock combined. Their combined stock ownership enables them to exert significant control over us, including power to control the election of the Board and to approve matters presented to our stockholders. This concentration of ownership may also make some transactions, including mergers or other changes in control, more difficult or impossible without their support. Also, because of their combined voting power, circumstances may occur in which their interests could be in conflict with the interests of other stakeholders.

Our net operating loss carryforwards could be substantially limited if we experience an ownership change as defined in the Internal Revenue Code.

Based on recent impairments and our current financial performance, we generated a federal net operating loss carryforward of \$904.9 million through the year ended October 31, 2010, and we may generate net operating loss carryforwards in future years.

Section 382 of the Internal Revenue Code (the "Code") contains rules that limit the ability of a company that undergoes an ownership change, which is generally any change in ownership of more than 50% of its stock over a three-year period, to utilize its net operating loss carryforwards and certain built-in losses recognized in years after the ownership change. These rules generally operate by focusing on ownership shifts among stockholders owning directly or indirectly 5% or more of the stock of a company and any change in ownership arising from a new issuance of stock by the company.

If we undergo an ownership change for purposes of Section 382 as a result of the concurrent offerings or future transactions involving our stock, including purchases or sales of stock between 5% shareholders, our ability to use our net operating loss carryforwards and to recognize certain built-in losses would be subject to the limitations of Section 382. Depending on the resulting limitation, a significant portion of our net operating loss carryforwards could expire before we would be able to use them. A limitation imposed under Section 382 on our ability to utilize our net operating loss carryforwards could have a negative impact on our financial position and results of operations.

In August 2008, we announced that the Board adopted a shareholder rights plan (the "Rights Plan") designed to preserve shareholder value and the value of certain tax assets primarily associated with net loss carryforwards and built-in losses under Section 382 of the Code, and on December 5, 2008, our stockholders approved the Board's decision to adopt the Rights Plan. The Rights Plan is intended to act as a deterrent to any person or group acquiring 4.9% or more of our outstanding Class A common stock (any such person an "Acquiring Person"), without the approval of the Company's board of directors. Subject to the terms, provisions and conditions of the Rights Plan, if and when they become exercisable, each right would entitle its holder to purchase from the Company one ten-thousandth of a share of the Company's Series B Junior Preferred Stock for a purchase price of \$35.00. The rights will not be exercisable until the earlier of (i) 10 business days after a public announcement by us that a person or group has become an Acquiring

Person and (ii) 10 business days after the commencement of a tender or exchange offer by a person or group for 4.9% of the Class A common stock. If issued, each fractional share of Series B Junior Preferred Stock would give the stockholder approximately the same dividend, voting and liquidation rights as does one share of the Company's Class A common stock. However, prior to exercise, a right does not give its holder any rights as a stockholder of the Company, including without limitation any dividend, voting or liquidation rights. See "Description of Capital Stock — Rights Plan" in the accompanying prospectus for more information.

In addition, on December 5, 2008, our stockholders approved an amendment to our Certificate of Incorporation to restrict certain transfers of our stock in order to preserve the tax treatment of our net operating loss carryforwards and built-in losses under Section 382 of the Code. Subject to certain exceptions pertaining to pre-existing 5% stockholders and Class B stockholders, the transfer restrictions in the amended Certificate of Incorporation generally restrict any direct or indirect transfer (such as transfers of the Company's stock that result from the transfer of interests in other entities that own the Company's stock) if the effect would be to: (i) increase the direct or indirect ownership of the Company's stock by any person (or public group) from less than 5% to 5% or more of the Company's stock; (ii) increase the percentage of the Company's stock owned directly or indirectly by a person (or public group) owning or deemed to own 5% or more of the Company's stock; or (iii) create a new "public group" (as defined in the applicable Treasury regulations). See "Description of Capital Stock — Transfer Restrictions in the Certificate of Incorporation" in the accompanying prospectus for more information.

Utility shortages and outages or rate fluctuations could have an adverse effect on our operations.

In prior years, the areas in which we operate in California have experienced power shortages, including periods without electrical power, as well as significant fluctuations in utility costs. We may incur additional costs and may not be able to complete construction on a timely basis if such power shortages/outages and utility rate fluctuations continue. Furthermore, power shortages and outages, such as the blackout that occurred in 2003 in the Northeast, and rate fluctuations may adversely affect the regional economies in which we operate, which may reduce demand for our homes. Our operations may be adversely affected if further rate fluctuations and/or power shortages and outages occur in California, the Northeast, or in our other markets.

Geopolitical risks and market disruption could adversely affect our operating results and financial condition.

Geopolitical events, such as the aftermath of the war with Iraq and the continuing involvement in Iraq and Afghanistan, may have a substantial impact on the economy and the housing market. The terrorist attacks on the World Trade Center and the Pentagon on September 11, 2001 had an impact on our business and the occurrence of similar events in the future cannot be ruled out. The war and the continuing involvement in Iraq and Afghanistan, terrorism, and related geopolitical risks have created many economic and political uncertainties, some of which may have additional material adverse effects on the U.S. economy, and our customers and, in turn, our results of operations and financial condition.

Risks Related to the Notes

After completion of the Concurrent Offerings and this offering, we will have a significant amount of indebtedness and we may incur additional indebtedness.

At October 31, 2010, on a pro forma basis, after giving effect to the completion of this offering and the Concurrent Offerings and the application of the net proceeds therefrom, the Issuer and the Guarantors would have had:

- approximately \$797.2 million of secured indebtedness outstanding (\$784.6 million, net of discount); and
- approximately \$827.7 million of senior unsecured notes (\$826.1 million, net of discount (assuming no discount on the Notes offered hereby)).

In addition, the Units issued in the Units Offering will be comprised of a prepaid stock purchase contract issued by Hovnanian and a senior subordinated amortizing note issued by K. Hovnanian and guaranteed by the Guarantors. After giving effect to the use of proceeds from this offering and the Concurrent Offerings, we will not have any other senior subordinated notes or subordinated notes.

We and our subsidiaries may incur additional indebtedness in the future. While the terms of the indenture under which the Notes will be issued and our other existing debt instruments restrict us or our subsidiaries from incurring additional indebtedness, these restrictions include exceptions that will allow us and our subsidiaries to incur additional debt. If indebtedness is added to our current debt levels, the risks related to the Notes and our indebtedness generally that we and our subsidiaries now face could intensify. See “—Risks Related to our Business — Leverage places burdens on our ability to comply with the terms of our indebtedness, may restrict our ability to operate, may prevent us from fulfilling our obligations, and may adversely affect our financial condition.”

The Notes are unsecured obligations and will be effectively junior to all of our secured indebtedness to the extent of the collateral securing such indebtedness.

The Notes will not be secured by any of our assets and are and will be effectively junior to any of our existing and future secured indebtedness. Accordingly, in the event of our bankruptcy, liquidation or any similar proceeding, our assets which serve as collateral under our secured indebtedness (which constitute substantially all of the assets of the Issuer and the Guarantors) would be made available to satisfy our obligations under any secured indebtedness we may have before any payments are made on the Notes. At October 31, 2010, we had approximately \$797.2 million of secured indebtedness outstanding. The aggregate book value of the real property collateral securing this indebtedness was approximately \$759.5 million, as of October 31, 2010, which does not include the impact of inventory investments, home deliveries, or impairments thereafter and which may differ from the appraised value. In addition, cash collateralizing our secured indebtedness was \$300.0 million as of October 31, 2010, which includes \$92.3 million of restricted cash collateralizing certain letters of credit. Subsequent to such date, cash uses include general business operations and real estate and other investments. Subject to the limits in the indenture under which the Notes will be issued and our other existing debt instruments, we will be able to incur additional secured obligations.

The Notes and the guarantees thereof will be structurally subordinated to liabilities of our non-Guarantor subsidiaries.

The Notes and the guarantees thereof will be structurally subordinated to the indebtedness (including trade payables) of any non-Guarantor subsidiary to the extent of the value of their assets, and holders of the Notes will not have any claim as a creditor against any non-Guarantor subsidiary. In addition, the indenture under which the Notes will be issued permits, subject to certain limitations, non-Guarantor subsidiaries to incur additional indebtedness and will not contain any limitation on the amount of liabilities (such as trade payables) not counting indebtedness that may be incurred by them. At October 31, 2010, our non-Guarantor subsidiaries had \$90.0 million of outstanding liabilities, including trade payables, but excluding intercompany obligations.

Our non-Guarantor subsidiaries and joint ventures will not be subject to the restrictive covenants in the indenture under which the Notes will be issued.

Certain of our subsidiaries and all of our joint venture operations will not be subject to the restrictive covenants in the indenture under which the Notes will be issued. This means that these entities will be able to engage in many of the activities that we and our restricted subsidiaries are prohibited or limited from doing under the terms of such indenture, such as incurring additional debt, securing assets, paying dividends, making certain investments, selling assets and entering into mergers or other business combinations. If non-Guarantors and joint ventures engage in any of these activities, their actions could reduce the amount of cash the we will have available to us to fund payments of principal and interest on the Notes when due and to comply with our other obligations under the Notes, and could reduce the amount of our assets that would be available to satisfy your claims should we default on the Notes.

We may not have the ability to raise funds necessary to finance any change of control offer required by the indenture.

If a change of control occurs as described in the section “Description of Notes—Certain Covenants—Repurchase of Notes upon Change of Control,” the Issuer would be required to offer to purchase your Notes at 101% of their principal amount together with all accrued and unpaid interest, if any, to the date of purchase. If a purchase offer obligation were to arise under the indenture governing your Notes, a change of control would have also occurred under other indentures governing our debt. Any of our future debt agreements may contain similar restrictions and provisions. If a purchase offer were required, we may not have sufficient funds to pay the purchase price for all indebtedness required to be repurchased. After giving effect to the offering, we would not have sufficient funds available to purchase all of such outstanding debt.

In addition, certain important corporate events, such as leveraged recapitalizations, may not, under the indenture governing the Notes, constitute a “change of control” that would require us to repurchase the Notes, notwithstanding the fact that such corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings or the value of the Notes.

Furthermore, in a recent decision, the Chancery Court of Delaware raised the possibility that a change of control put right occurring as a result of a failure to have “continuing directors” comprising a majority of a board of directors might be unenforceable on public policy grounds. Additionally, recent case law suggests that a “continuing directors” change of control put right might not be triggered if in the event that incumbent directors were replaced as a result of a contested election, the outgoing directors were to approve the new directors.

An active trading market may not develop for the Notes.

The Notes are new issues of securities. There is no active public trading market for the Notes. We do not intend to apply for listing of the Notes on a security exchange. We cannot assure you that an active trading market will develop for the Notes. In addition, the liquidity of the trading market in the Notes and the market prices quoted for the Notes may be adversely affected by changes in the overall market for this type of security and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a consequence, an active trading market may not develop for your Notes, you may not be able to sell your Notes, or, even if you can sell your Notes, you may not be able to sell them at an acceptable price.

The Notes may be issued with original issue discount for United States federal income tax purposes.

The Notes may be issued with OID for United States federal income tax purposes. If the notes are issued with OID, U.S. holders (as defined below in “Certain United States Federal Income and Estate Tax Consequences — U.S. Holders — Original Issue Discount”) will be required to include OID in gross income on a constant yield to maturity basis in advance of the receipt of cash payment thereof and regardless of such U.S. holders’ method of accounting for United States federal income tax purposes. See “Certain United States Federal Income and Estate Tax Consequences — U.S. Holders — Original Issue Discount.”

If a bankruptcy petition were filed by or against us under the U.S. Bankruptcy Code after the issuance of the Notes, the claim by any holder of the Notes for the principal amount of the Notes may be limited to an amount equal to the sum of:

- the original issue price for the Notes; and
- that unpaid portion of the OID that does not constitute “unmatured interest” for purposes of the U.S. Bankruptcy Code.

Any OID that was not amortized as of the date of the bankruptcy filing would constitute unmatured interest. Accordingly, holders of the Notes under these circumstances may receive a lesser amount than they would be entitled to receive under the terms of the indenture governing the Notes, even if sufficient funds are available.

Federal and state laws allow courts, under specific circumstances, to void guarantees to require you to return payments received from Guarantors.

Under U.S. federal bankruptcy law or comparable provisions of state fraudulent transfer laws, future creditors of any Guarantor could void the issuance of the related guarantees by the Guarantors or subordinate such obligations to all other debts and liabilities of such Guarantor, if such creditors were successful in establishing that:

- the guarantee was incurred with fraudulent intent; or
- the Guarantor did not receive fair consideration or reasonably equivalent value for issuing its guarantee and
 - was insolvent at the time of the guarantee;
 - was rendered insolvent by reason of the guarantee;
 - was engaged in a business or transaction for which its assets constituted unreasonably small capital to carry on its business; or
 - intended to incur, or believed that it would incur, debt beyond its ability to pay such debt as it matured.

The measures of insolvency for purposes of determining whether a fraudulent conveyance occurred vary depending upon the laws of the relevant jurisdiction and upon the valuation assumptions and methodology applied by the courts. Generally, however, a company would be considered insolvent for purposes of the foregoing if:

- the sum of the company's debts, including contingent, unliquidated and unmatured liabilities, is greater than all of such company's property at a fair valuation; or
- if the present fair saleable value of the company's assets is less than the amount that will be required to pay the probable liability on its existing debts as they become absolute and matured.

We cannot assure you as to what standard a court would apply in order to determine whether a Guarantor was "insolvent" as of the date its guarantee was issued, and we cannot assure you that, regardless of the method of valuation, a court would not determine that such Guarantors were insolvent on such date. Guarantees issued by Hovnanian's subsidiaries could be subject to the claim that, since the guarantees were incurred for the benefit of the Issuer and Hovnanian, and only indirectly for the benefit of the other Guarantors, the obligations of the Guarantors thereunder were incurred for less than reasonably equivalent value or fair consideration.

If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the Notes.

Any default under the agreements governing our other indebtedness and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the Notes and substantially decrease the market value of the Notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our other indebtedness, or if we otherwise fail to comply with the various covenants in our debt instruments, we could be in default under the terms of the agreements governing our other indebtedness. In the event of such default,

- the holders of such indebtedness may be able to cause all of our available cash flow to be used to pay such indebtedness and, in any event, could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest; and/or
- we could be forced into bankruptcy or liquidation.

If our operating performance declines, we may in the future need to amend or modify the agreements governing our indebtedness or seek concessions from the holders of such indebtedness.

Corporate benefit laws and other limitations on guarantees may adversely affect the validity and enforceability of the guarantees of the Notes.

The guarantees of the Notes by the Guarantors provide the holders of the Notes with a direct claim against the assets of the Guarantors. The guarantees, however, will be limited to the maximum amount that can be guaranteed by a particular Guarantor without rendering the guarantee, as it relates to that Guarantor, voidable or otherwise ineffective under applicable law. This limit may not be effective to protect the guarantees from being voided under fraudulent transfer laws or may eliminate any Guarantor's obligations or reduce such Guarantor's obligations to an amount that effectively makes the guarantee worthless. In a recent Florida bankruptcy case, a similar limit was found to be ineffective to protect the guarantees. In addition, enforcement of any of these guarantees against any Guarantor will be subject to certain defenses available to Guarantors generally. These laws and defenses include those that relate to fraudulent conveyance or transfer, voidable preference, corporate purpose or benefit, preservation of share capital, thin capitalization and regulations or defenses affecting the rights of creditors generally. If one or more of these laws and defenses are applicable, a Guarantor may have no liability or decreased liability under its guarantee.

USE OF PROCEEDS

We expect to receive net proceeds from this offering of approximately \$147.0 million, after deducting underwriting discounts and estimated transaction expenses payable by us. In addition, we expect that the net proceeds from the Common Stock Offering will be approximately \$47.2 million (or approximately \$54.3 million if the underwriters exercise their over-allotment option in full for the Common Stock Offering) and the net proceeds from the concurrent Units Offering will be approximately \$72.5 million (or approximately \$83.4 million if the underwriters exercise their over-allotment option in full for the Units Offering), after deducting underwriting discounts and estimated transaction expenses payable by us. There can be no assurance that the Common Stock Offering or the Units Offering will be completed.

We intend to use the net proceeds of this offering, together with the net proceeds from the Concurrent Offerings, to fund the Tender Offers and/or the Redemptions, and for general corporate purposes. The interest rate of each series of Tender Offer Notes is set forth in “Summary — Related Transactions — Tender Offers and Redemptions.”

DESCRIPTION OF NOTES

In this section, references to the “Company” mean Hovnanian Enterprises, Inc., a Delaware corporation, and do not include K. Hovnanian Enterprises, Inc. or any of its subsidiaries, and references to the “Issuer,” “us,” “we” or “our” mean K. Hovnanian Enterprises, Inc., a California corporation. References to “Notes” in this section are references to the % Notes due 2015 offered hereby.

The Notes will be issued under an indenture, to be dated as of _____, 2011, among the Issuer, the Guarantors and Wilmington Trust Company, a Delaware banking corporation, as trustee (the “Trustee”), as supplemented by a supplemental indenture to be dated as of _____, 2011 (as supplemented, the “Indenture”). The following is a summary of the material terms and provisions of the Notes. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), as in effect on the date of the Indenture. The Notes are subject to all such terms, and prospective purchasers of the Notes are referred to the Indenture and the Trust Indenture Act for a statement of such terms.

This description of the Notes contains definitions of terms, including those defined under the caption “— Certain Definitions.” Capitalized terms that are used but not otherwise defined herein have the meanings assigned to them in the Indenture.

General

The Notes will bear interest from the Issue Date at the rate per annum shown on the cover page of this prospectus supplement, payable semi-annually on April 15 and October 15 of each year, commencing April 15, 2011, to Holders of record at the close of business on April 1 or October 1, as the case may be, immediately preceding each such interest payment date. The Notes will mature on October 15, 2015, and will be issued in denominations of \$2,000 and higher integral multiples of \$1,000. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The Indenture does not limit the maximum aggregate principal amount of securities that the Issuer may issue thereunder. The Issuer will initially issue an aggregate principal amount of \$150.0 million of Notes in the offering. The Issuer may issue additional notes of the same series as the Notes offered hereby (the “Additional Notes”) from time to time after the offering. The Notes and any Additional Notes subsequently issued under the Indenture would be treated as a single series for all purposes under the Indenture including, without limitation, waivers, amendments, redemption and offers to purchase. Any offering of Additional Notes under the Indenture is subject to the covenant described below under the caption “— Certain covenants — Limitations on Indebtedness.”

The Notes will be guaranteed by the Company and each of the Guarantors (together, the “Guarantors”) pursuant to the Guarantees (the “Guarantees”) described below.

Ranking

The Notes will be general unsecured obligations of the Issuer and will rank senior in right of payment to all existing and future Indebtedness of the Issuer that is, by its terms, expressly subordinated in right of payment to the Notes and will rank *pari passu* in right of payment with all existing and future Indebtedness of the Issuer that is not so subordinated but will be effectively junior to all secured Indebtedness of the Issuer to the extent of the value of the assets securing such Indebtedness. Under specified circumstances, K. Hovnanian may be released from its obligations under the Notes and the Indenture. See “— Condition for release of the Issuer.” The Guarantees will be general unsecured obligations of the Guarantors and will rank senior in right of payment to all existing and future Indebtedness of the Guarantors that is, by its terms, expressly subordinated in right of payment to the Guarantees and will rank *pari passu* in right of payment with all existing and future Indebtedness of the Guarantors that is not so subordinated but will be effectively junior to all secured Indebtedness of the Guarantors to the extent of the value of the assets securing such Indebtedness.

At October 31, 2010, assuming we had completed the Concurrent Offerings and this offering of \$150.0 million in aggregate principal amount of Notes and on a pro forma basis to give effect to the

application of the estimated net proceeds from this offering and the Concurrent Offerings, the Issuer and the Guarantors would have had approximately \$797.2 million of secured Indebtedness outstanding (\$784.6 million, net of discount) and approximately \$827.7 million of senior unsecured notes (\$826.1 million, net of discount (assuming no discount on the Notes)). In addition, the Units issued in the Units Offering will be comprised of a prepaid stock purchase contract issued by the Company and a senior subordinated amortizing note issued by the Issuer and guaranteed by the Guarantors. After giving effect to the use of proceeds from this offering and the Concurrent Offerings, we will not have any other senior subordinated indebtedness or subordinated indebtedness.

The Guarantees

The Company and each of the Guarantors will (so long, in the case of a Restricted Subsidiary, as it remains a Restricted Subsidiary) unconditionally guarantee on a joint and several basis all of our obligations under the Notes and the Indenture, including our obligations to pay principal, premium, if any, and interest with respect to the Notes. The obligations of each Guarantor other than the Company are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Guarantor other than the Company that makes a payment or distribution under a Guarantee shall be entitled to a contribution from each other Guarantor in an amount pro rata, based on the net assets of each Guarantor, determined in accordance with GAAP. Except as provided in “— Certain Covenants” below, the Company is not restricted from selling or otherwise disposing of any of the Guarantors.

The Indenture requires that each existing and future Restricted Subsidiary of the Company (other than the Issuer (for so long as it remains the Issuer) and K. Hovnanian Poland, sp.z.o.o.) be a Guarantor. The Company is permitted to cause any Unrestricted Subsidiary to be a Guarantor.

The Indenture will provide that if all or substantially all of the assets of any Guarantor other than the Company or all of the Capital Stock of any Guarantor other than the Company is sold (including by consolidation, merger, issuance or otherwise) or disposed of (including by liquidation, dissolution or otherwise) by the Company or any of its Subsidiaries, or, unless the Company elects otherwise, if any Guarantor other than the Company is designated an Unrestricted Subsidiary in accordance with the terms of the Indenture, then such Guarantor (in the event of a sale or other disposition of all of the Capital Stock of such Guarantor or a designation as an Unrestricted Subsidiary) or the Person acquiring such assets (in the event of a sale or other disposition of all or substantially all of the assets of such Guarantor) shall be deemed automatically and unconditionally released and discharged from any of its obligations under the Indenture without any further action on the part of the Trustee or any Holder of the Notes.

Upon the release of a guarantee by a Guarantor other than the Company under all then outstanding Applicable Debt, at any time after the suspension of certain covenants as provided below under the caption “— Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade,” (1) the Guarantee of such Guarantor under the Indenture will be released and discharged at such time; *provided* that the foregoing shall not apply to any release of any Guarantor done in contemplation of, or in connection with, any cessation of the Notes being rated Investment Grade, and (2) no Restricted Subsidiary thereafter acquired or created will be required to be a Guarantor. In the event that (1) any such released Guarantor thereafter guarantees any Applicable Debt (or if any released guarantee under any Applicable Debt is reinstated or renewed) then any such released Guarantor will Guarantee the Notes on the terms and subject to the conditions set forth in the Indenture or (2) the Suspended Covenants cease to be suspended as described under “— Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade” then all Restricted Subsidiaries of the Company then existing (other than the Restricted Subsidiaries named in the second preceding paragraph) will Guarantee the Notes on the terms and conditions set forth in the Indenture.

“*Applicable Debt*” means all Indebtedness of the Company or any of its Restricted Subsidiaries (i) under Credit Facilities or (ii) that is publicly traded (including in the Rule 144A market), including, without limitation, the Issuer’s senior notes and senior subordinated notes outstanding on the Issue Date. For purposes of the above provision, Applicable Debt secured by a Lien on such Restricted Subsidiary’s Property or issued by such Restricted Subsidiary shall be deemed guaranteed by such Restricted Subsidiary.

An Unrestricted Subsidiary that is a Guarantor shall be deemed automatically and unconditionally released and discharged from all obligations under its Guarantee upon notice from the Company to the Trustee to such effect, without any further action required on the part of the Trustee or any Holder.

A sale of assets or Capital Stock of a Guarantor may constitute an Asset Disposition subject to the “Limitations on Dispositions of Assets” covenant.

Redemption

The Notes will be redeemable, in whole, at any time, or in part, from time to time, at the option of the Issuer upon not less than 30 nor more than 60 days’ notice at a redemption price equal to the sum of:

- (1) 100% of the principal amount thereof, plus accrued and unpaid interest thereon to the redemption date, if any; *plus*
- (2) the Make-Whole Amount.

The term “Make-Whole Amount” shall mean, in connection with any optional redemption of any Note, the excess, if any, of:

- (1) the aggregate present value as of the date of such redemption of each dollar of principal being redeemed and the amount of interest (exclusive of interest accrued to the redemption date) that would have been payable in respect of such dollar if such prepayment had not been made, determined by discounting, on a semiannual basis, such principal and interest at the Treasury Rate (determined on the business day preceding the date of such redemption) plus 0.50%, from the respective dates on which such principal and interest would have been payable if such payment had not been made; *over*
- (2) the principal amount of the Note being redeemed.

“*Treasury Rate*” means, in connection with the calculation of any Make-Whole Amount with respect to any Note, the yield to maturity at the time of computation of United States Treasury securities with a constant maturity, as compiled by and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source or similar market data), equal to the then remaining maturity of the Note being prepaid. If no maturity exactly corresponds to such maturity, yields for the published maturities occurring prior to and after such maturity most closely corresponding to such maturity shall be calculated pursuant to the immediately preceding sentence and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight-line basis, rounding in each of such relevant periods to the nearest month.

At any time and from time to time prior to April 15, 2014, the Issuer may redeem Notes with the net cash proceeds received by the Issuer from any Equity Offering of the Company at a redemption price equal to % of the principal amount plus accrued and unpaid interest to the redemption date, in an aggregate principal amount for all such redemptions not to exceed 35% of the original aggregate principal amount of the Notes (including Additional Notes) *provided* that:

- (1) in each case the redemption takes place not later than 60 days after the closing of the related Equity Offering, and
- (2) not less than 65% of the original aggregate principal amount of the Notes (including Additional Notes) remains outstanding immediately thereafter.

There is no sinking fund for, or mandatory redemption of, the Notes.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, the Trustee will select Notes for redemption on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion shall deem appropriate and fair.

No Notes of \$2,000 in original principal amount or less shall be redeemed in part. Notices of any redemption may be given prior to the completion thereof, and may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of a related Equity Offering.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Certain Covenants

The following is a summary of certain covenants that are contained in the Indenture. Such covenants are applicable (unless waived or amended as permitted by the Indenture or their application is suspended as set forth under the caption “— Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade”) so long as any of the Notes are outstanding or until discharge of the Indenture or the Notes are defeased pursuant to provisions described under “Discharge and Defeasance of Indenture.”

Repurchase of Notes upon Change of Control

In the event that there shall occur a Change of Control, each Holder of Notes shall have the right, at such Holder's option, to require the Issuer to purchase all or any part of such Holder's Notes on a date (the “Repurchase Date”) that is no later than 90 days after notice of the Change of Control, at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the Repurchase Date.

On or before the thirtieth day after any Change of Control, the Issuer is obligated to mail or cause to be mailed, to all Holders of record of Notes and the Trustee, a notice regarding the Change of Control and the repurchase right. The notice shall state the Repurchase Date, the date by which the repurchase right must be exercised, the price for the Notes and the procedure which the Holder must follow to exercise such right. Substantially simultaneously with mailing of the notice, the Issuer shall cause a copy of such notice to be published in a newspaper of general circulation in the Borough of Manhattan, The City of New York. To exercise such right, the Holder of such Note must deliver, at least ten days prior to the Repurchase Date, written notice to the Issuer (or an agent designated by the Issuer for such purpose) of the Holder's exercise of such right, together with the Note with respect to which the right is being exercised, duly endorsed for transfer; *provided, however*, that if mandated by applicable law, a Holder may be permitted to deliver such written notice nearer to the Repurchase Date than may be specified by the Issuer.

The Issuer will comply with applicable law, including Section 14(e) of the Securities Exchange Act of 1934 (the “Exchange Act”) and Rule 14e-1 thereunder, if applicable, if the Issuer is required to give a notice of a right of repurchase as a result of a Change of Control.

With respect to any disposition of assets, the phrase “all or substantially all” as used in the Indenture (including as set forth under “— Certain covenants — Limitations on mergers, consolidations and sales of assets” below) varies according to the facts and circumstances of the subject transaction, has no clearly established meaning under New York law (which governs the Indenture) and is subject to judicial interpretation. Accordingly, in certain circumstances there may be a degree of uncertainty in ascertaining whether a particular transaction would involve a disposition of “all or substantially all” of the assets of the Company, and therefore it may be unclear as to whether a Change of Control has occurred and whether the Holders have the right to require the Issuer to repurchase Notes.

A Change of Control would be triggered at such time as a majority of the members of the Board of Directors of the Company are not Continuing Directors (defined as directors serving on the Issue Date or who become directors after the Issue Date whose election or nomination for election was approved by a majority of the Continuing Directors at the time of such approval). You should note, however, that recent case law suggests that, in the event that incumbent directors are replaced as a result of a contested election, the Company may nevertheless avoid triggering a Change of Control under a clause similar to the provision described in the prior sentence if the outgoing directors were to approve the new directors for the purpose of such Change of Control clause.

None of the provisions relating to a repurchase upon a Change of Control is waivable by the Board of Directors of the Issuer or the Company. The Company could, in the future, enter into certain transactions, including certain recapitalizations of the Company, that would not result in a Change of Control, but would increase the amount of Indebtedness outstanding at such time.

The Indenture will require the payment of money for Notes or portions thereof validly tendered to, and accepted for payment by, the Issuer pursuant to a Change of Control offer. In the event that a Change of Control has occurred under the Indenture, a change of control will also have occurred under the indentures governing the Issuer's other outstanding notes. If a Change of Control were to occur, there can be no assurance that the Issuer would have sufficient funds to pay the purchase price for all Notes and amounts due under other Indebtedness that the Company may be required to repurchase or repay or that the Company or the other Guarantors would be able to make such payments. In the event that the Issuer were required to purchase outstanding Notes pursuant to a Change of Control offer, the Company expects that it would need to seek third-party financing to the extent it does not have available funds to enable the Issuer to meet its purchase obligations. However, there can be no assurance that the Company would be able to obtain such financing.

Failure by the Issuer to purchase the Notes when required upon a Change of Control will result in an Event of Default with respect to the Notes.

These provisions could have the effect of deterring hostile or friendly acquisitions of the Company where the Person attempting the acquisition views itself as unable to finance the purchase of the principal amount of Notes which may be tendered to the Issuer upon the occurrence of a Change of Control.

Limitations on Indebtedness

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary, directly or indirectly, to create, incur, assume, become liable for or guarantee the payment of (collectively, an "incurrence") any Indebtedness (including Acquired Indebtedness) unless, after giving effect thereto and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio on the date thereof would be at least 2.0 to 1.0.

Notwithstanding the foregoing, the provisions of the Indenture will not prevent the incurrence of:

- (1) Permitted Indebtedness,
- (2) Refinancing Indebtedness,
- (3) Non-Recourse Indebtedness,
- (4) any Guarantee of Indebtedness represented by the Notes,
- (5) any guarantee of Indebtedness incurred under Credit Facilities in compliance with the Indenture, and

(6) any guarantee by the Issuer, the Company or any Guarantor of Indebtedness that is permitted to be incurred in compliance with the Indenture; *provided* that in the event such Indebtedness that is being guaranteed is subordinated to the Notes or a Guarantee, as the case may be, then the related guarantee shall be subordinated in right of payment to the Notes or such Guarantee, as the case may be.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness may be incurred through the first paragraph of this covenant or by meeting the criteria of one or more of the types of Indebtedness described in the second paragraph of this covenant (or the definitions of the terms used therein), the Company, in its sole discretion,

(1) may classify such item of Indebtedness under and comply with either of such paragraphs (or any of such definitions), as applicable,

(2) may classify and divide such item of Indebtedness into more than one of such paragraphs (or definitions), as applicable, and

(3) may elect to comply with such paragraphs (or definitions), as applicable, in any order.

The Company and the Issuer will not, and will not cause or permit any Guarantor to, directly or indirectly, in any event incur any Indebtedness that purports to be by its terms (or by the terms of any agreement governing such Indebtedness) subordinated to any other Indebtedness of the Company or of such Guarantor, as the case may be, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinated to the Notes or the Guarantee of such Guarantor, as the case may be, to the same extent and in the same manner as such Indebtedness is subordinated to such other Indebtedness of the Company or such Guarantor, as the case may be.

Limitations on Restricted Payments

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment unless:

(1) no Default or Event of Default shall have occurred and be continuing at the time of or immediately after giving effect to such Restricted Payment;

(2) immediately after giving effect to such Restricted Payment, the Company could incur at least \$1.00 of Indebtedness pursuant to the first paragraph of the "Limitations on Indebtedness" covenant; and

(3) immediately after giving effect to such Restricted Payment, the aggregate amount of all Restricted Payments (including the Fair Market Value of any non-cash Restricted Payment) declared or made on or after the Issue Date does not exceed the sum of:

(a) 50% of the Consolidated Net Income of the Company on a cumulative basis during the period (taken as one accounting period) from and including February 1, 2011 and ending on the last day of the Company's fiscal quarter immediately preceding the date of such Restricted Payment (or in the event such Consolidated Net Income shall be a deficit, *minus* 100% of such deficit), *plus*

(b) 100% of the aggregate net cash proceeds of, and the Fair Market Value of Property received by, the Company from (1) any capital contribution to the Company after the Issue Date or any issue or sale after the Issue Date of Qualified Stock (other than (i) to any Subsidiary of the Company, (ii) any Excluded Contribution and (iii) from the Concurrent Offerings) and (2) the issue or sale after the Issue Date of any Indebtedness or other securities of the Company convertible into or exercisable for Qualified Stock of the Company that have been so converted or exercised, as the case may be, *plus*

(c) in the case of the disposition or repayment of any Investment constituting a Restricted Payment (or if the Investment was made prior to the Issue Date, that would have constituted a Restricted Payment if made after the Issue Date, if such disposition or repayment results in cash received by the Company, the Issuer or any Restricted Subsidiary), an amount (to the extent not included in the calculation of Consolidated Net Income referred to in (a)) equal to the lesser of (x) the return of capital with respect to such Investment (including by dividend, distribution or sale of Capital Stock) and (y) the amount of such Investment that was treated (or would have been treated when made) as a Restricted Payment, in either case, less the cost of the disposition or

repayment of such Investment (to the extent not included in the calculation of Consolidated Net Income referred to in (a)), *plus*

(d) with respect to any Unrestricted Subsidiary that is redesignated as a Restricted Subsidiary after the Issue Date, in accordance with the definition of Unrestricted Subsidiary (so long as the designation of such Subsidiary as an Unrestricted Subsidiary was treated as a Restricted Payment made after the Issue Date, and only to the extent not included in the calculation of Consolidated Net Income referred to in (a)), an amount equal to the lesser of (x) the proportionate interest of the Company or a Restricted Subsidiary in an amount equal to the excess of (I) the total assets of such Subsidiary, valued on an aggregate basis at the lesser of book value and Fair Market Value thereof, over (II) the total liabilities of such Subsidiary, determined in accordance with GAAP, and (y) the Designation Amount at the time of such Subsidiary's designation as an Unrestricted Subsidiary, *plus*

(e) \$10.0 million.

The foregoing clauses (2) and (3) will not prohibit:

(A) the payment of any dividend within 60 days of its declaration if such dividend could have been made on the date of its declaration without violation of the provisions of the Indenture;

(B) the purchase, redemption or other acquisition, cancellation or retirement for value of any shares of Capital Stock of the Company in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company or constituting an Excluded Contribution) of, shares of Qualified Stock;

(C) the making of Restricted Investments in joint ventures in an aggregate amount made under this clause (C) not to exceed Excluded Contributions (after giving effect to all subsequent reductions in the amount of any Restricted Investment in a joint venture made pursuant to this clause (C) as a result of the repayment or disposition thereof for cash, not to exceed the amount of such Restricted Investment previously made pursuant to this clause (C));

(D) the payment of dividends on Preferred Stock and Disqualified Stock up to an aggregate amount of \$10.0 million in any fiscal year; *provided* that immediately after giving effect to any declaration of such dividend, the Company could incur at least \$1.00 of Indebtedness pursuant to the first paragraph under the "Limitations on Indebtedness" covenant; and

(E) the purchase, redemption or other acquisition, cancellation or retirement for value of Capital Stock, or options, warrants, equity appreciation rights or other rights to purchase or acquire Capital Stock, of the Company or any Subsidiary held by officers or employees or former officers or employees of the Company or any Subsidiary (or their estates or beneficiaries under their estates) not to exceed \$10.0 million in the aggregate since the Issue Date;

provided, however, that each Restricted Payment described in clauses (A) and (B) of this sentence shall be taken into account for purposes of computing the aggregate amount of all Restricted Payments pursuant to clause (3) of the immediately preceding paragraph.

For purposes of determining the aggregate and permitted amounts of Restricted Payments made, the amount of any guarantee of any Investment in any Person that was initially treated as a Restricted Payment and which was subsequently terminated or expired, net of any amounts paid by the Company or any Restricted Subsidiary in respect of such guarantee, shall be deducted.

In determining the "Fair Market Value of Property" for purposes of clause (3) of the first paragraph of this covenant, Property other than cash, Cash Equivalents and Marketable Securities shall be deemed to be equal in value to the "equity value" of the Capital Stock or other securities issued in exchange therefor. The equity value of such Capital Stock or other securities shall be equal to (i) the number of shares of Common Equity issued in the transaction (or issuable upon conversion or exercise of the Capital Stock or other securities issued in the transaction) multiplied by the closing sale price of the Common Equity on its principal market on the date of the transaction (less, in the case of Capital Stock or other securities which require the

payment of consideration at the time of conversion or exercise, the aggregate consideration payable thereupon) or (ii) if the Common Equity is not then traded on the New York Stock Exchange, NYSE Amex or Nasdaq Stock Market, or if the Capital Stock or other securities issued in the transaction do not consist of Common Equity (or Capital Stock or other securities convertible into or exercisable for Common Equity), the value (if more than \$10.0 million) of such Capital Stock or other securities as determined by a nationally recognized investment banking firm retained by the Board of Directors of the Company.

Limitations on Transactions with Affiliates

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, make any loan, advance, guarantee or capital contribution to, or for the benefit of, or sell, lease, transfer or otherwise dispose of any property or assets to or for the benefit of, or purchase or lease any property or assets from, or enter into or amend any contract, agreement or understanding with, or for the benefit of, any Affiliate of the Company or any Affiliate of any of the Company's Subsidiaries or any holder of 10% or more of the Common Equity of the Company (including any Affiliates of such holders), in a single transaction or series of related transactions (each, an "Affiliate Transaction"), except for any Affiliate Transaction the terms of which are at least as favorable as the terms which could be obtained by the Company, the Issuer or such Restricted Subsidiary, as the case may be, in a comparable transaction made on an arm's-length basis with Persons who are not such a holder, an Affiliate of such a holder or an Affiliate of the Company or any of the Company's Subsidiaries.

In addition, the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, enter into an Affiliate Transaction unless:

(1) with respect to any such Affiliate Transaction involving or having a value of more than \$1 million, the Company shall have (x) obtained the approval of a majority of the Board of Directors of the Company and (y) either obtained the approval of a majority of the Company's disinterested directors or obtained an opinion of a qualified independent financial advisor to the effect that such Affiliate Transaction is fair to the Company, the Issuer or such Restricted Subsidiary, as the case may be, from a financial point of view, and

(2) with respect to any such Affiliate Transaction involving or having a value of more than \$10.0 million, the Company shall have (x) obtained the approval of a majority of the Board of Directors of the Company and (y) delivered to the Trustee an opinion of a qualified independent financial advisor to the effect that such Affiliate Transaction is fair to the Company, the Issuer or such Restricted Subsidiary, as the case may be, from a financial point of view.

The Indenture will also provide that notwithstanding the foregoing, an Affiliate Transaction will not include:

(1) any contract, agreement or understanding with, or for the benefit of, or plan for the benefit of, employees of the Company or its Subsidiaries generally (in their capacities as such) that has been approved by the Board of Directors of the Company,

(2) Capital Stock issuances to directors, officers and employees of the Company or its Subsidiaries pursuant to plans approved by the stockholders of the Company,

(3) any Restricted Payment otherwise permitted under the "Limitations on Restricted Payments" covenant or any Permitted Investment (other than a Permitted Investment referred to in clause (2) of the definition thereof, except as permitted by clause (4) below),

(4) any transaction between or among the Company and one or more Restricted Subsidiaries or between or among Restricted Subsidiaries (*provided, however*, no such transaction shall involve any other Affiliate of the Company (other than an Unrestricted Subsidiary to the extent the applicable amount constitutes a Restricted Payment permitted by the Indenture)),

(5) any transaction between one or more Restricted Subsidiaries and one or more Unrestricted Subsidiaries where all of the payments to, or other benefits conferred upon, such Unrestricted Subsidiaries

are substantially contemporaneously dividended, or otherwise distributed or transferred without charge, to the Company or a Restricted Subsidiary,

(6) issuances, sales or other transfers or dispositions of mortgages and collateralized mortgage obligations in the ordinary course of business between Restricted Subsidiaries and Unrestricted Subsidiaries of the Company, and

(7) the payment of reasonable and customary fees to, and indemnity provided on behalf of, officers, directors, employees or consultants of the Company, the Issuer or any Restricted Subsidiary.

Limitations on Dispositions of Assets

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, make any Asset Disposition unless:

(a) the Company (or such Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Disposition at least equal to the Fair Market Value thereof, and

(b) not less than 70% of the consideration received by the Company (or such Restricted Subsidiary, as the case may be) is in the form of cash, Cash Equivalents and Marketable Securities.

The amount of (i) any Indebtedness (other than Subordinated Indebtedness) of the Company or any Restricted Subsidiary that is actually assumed by the transferee in such Asset Disposition and (ii) the fair market value (as determined in good faith by the Board of Directors of the Company) of any property or assets (including Capital Stock of any Person that will be a Restricted Subsidiary following receipt thereof) received that are used or useful in a Real Estate Business, shall be deemed to be consideration required by clause (b) above for purposes of determining the percentage of such consideration received by the Company or the Restricted Subsidiaries.

The Net Cash Proceeds of an Asset Disposition shall, within one year, at the Company's election, (a) be used by the Company or a Restricted Subsidiary to (i) invest in assets (including Capital Stock of any Person that is or will be a Restricted Subsidiary following investment therein) used or useful in the business of the construction and sale of homes conducted by the Company and the Restricted Subsidiaries or (ii) permanently prepay or repay secured Indebtedness of the Company or any Guarantor (and, if the Indebtedness is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto) or (b) to the extent not so used, be applied to make an Offer to Purchase Notes and, if the Company or a Restricted Subsidiary elects or is required to do so, to repay, purchase or redeem any other unsubordinated Indebtedness (on a *pro rata* basis if the amount available for such repayment, purchase or redemption is less than the aggregate amount of (i) the principal amount of the Notes tendered in such Offer to Purchase and (ii) the lesser of the principal amount, or accreted value, of such other unsubordinated Indebtedness tendered or to be repaid, repurchased, or redeemed, plus, in each case, accrued interest to the date of repayment, purchase or redemption) at 100% of the principal amount or accreted value thereof, as the case may be, plus accrued and unpaid interest, if any, to the date of repurchase, repayment or redemption. Pending any such application under this paragraph, Net Cash Proceeds may be used to temporarily reduce Indebtedness or otherwise be invested in any manner not prohibited by the Indenture.

Notwithstanding the foregoing, (A) the Company will not be required to apply such Net Cash Proceeds in accordance with clause (b) of the preceding paragraph except to the extent that such Net Cash Proceeds, together with the aggregate Net Cash Proceeds of prior Asset Dispositions (other than those so used) which have not been applied in accordance with this provision and as to which no prior prepayments or repayments shall have been made and no Offer to Purchase shall have been made, exceed \$25 million and (B) in connection with an Asset Disposition, the Company and the Restricted Subsidiaries will not be required to comply with the requirements of clause (b) of the first paragraph of this covenant to the extent that the non-cash consideration received in connection with such Asset Disposition, together with the sum of all non-cash consideration received in connection with all prior Asset Dispositions that has not yet been converted into cash, Cash Equivalents or Marketable Securities, does not exceed \$25 million; *provided, however*, that when

any non-cash consideration is converted into cash, Cash Equivalents or Marketable Securities, such cash shall constitute Net Cash Proceeds and be subject to the preceding paragraph.

Limitations on Liens

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, create, incur, assume or suffer to exist any Liens securing any obligation or liability, other than Permitted Liens, on any of its Property, or on any shares of Capital Stock or Indebtedness of any Restricted Subsidiary, unless contemporaneously therewith or prior thereto all payments due under the Indenture and the Notes are secured on an equal and ratable basis with the obligation or liability so secured until such time as such obligation or liability is no longer secured by a Lien.

Limitations on Restrictions Affecting Restricted Subsidiaries

The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, create, assume or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction (other than encumbrances or restrictions imposed by law or by judicial or regulatory action or by provisions of agreements that restrict the assignability thereof) on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Capital Stock or any other interest or participation in, or measured by, its profits, owned by the Company or any other Restricted Subsidiary, or pay interest on or principal of any Indebtedness owed to the Company or any other Restricted Subsidiary,

(2) make loans or advances to the Company or any other Restricted Subsidiary, or

(3) transfer any of its property or assets to the Company or any other Restricted Subsidiary,

except for:

(a) encumbrances or restrictions existing under or by reason of applicable law,

(b) contractual encumbrances or restrictions in effect at or entered into on the Issue Date and any amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings thereof, *provided* that such amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such contractual encumbrances or restrictions, as in effect at or entered into on the Issue Date,

(c) any restrictions or encumbrances arising under Acquired Indebtedness; *provided*, that such encumbrance or restriction applies only to either the assets that were subject to the restriction or encumbrance at the time of the acquisition or the obligor on such Indebtedness and its Subsidiaries prior to such acquisition,

(d) any restrictions or encumbrances arising in connection with Refinancing Indebtedness; *provided, however*, that any restrictions and encumbrances of the type described in this clause (d) that arise under such Refinancing Indebtedness shall not be materially more restrictive or apply to additional assets than those under the agreement creating or evidencing the Indebtedness being refunded, refinanced, replaced or extended,

(e) any Permitted Lien, or any other agreement restricting the sale or other disposition of property, securing Indebtedness permitted by the Indenture if such Permitted Lien or agreement does not expressly restrict the ability of a Subsidiary of the Company to pay dividends or make or repay loans or advances prior to default thereunder,

(f) reasonable and customary borrowing base covenants set forth in agreements evidencing Indebtedness otherwise permitted by the Indenture,

(g) customary non-assignment provisions in leases, licenses, encumbrances, contracts or similar assets entered into or acquired in the ordinary course of business,

(h) any restriction with respect to a Restricted Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Restricted Subsidiary pending the closing of such sale or disposition,

(i) encumbrances or restrictions existing under or by reason of the Indenture, the Notes, or the Guarantees,

(j) purchase money obligations that impose restrictions on the property so acquired of the nature described in clause (3) of this covenant,

(k) Liens permitted under the Indenture securing Indebtedness that limit the right of the debtor to dispose of the assets subject to such Lien,

(l) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, assets sale agreements, stock sale agreements and other similar agreements,

(m) customary provisions of any franchise, distribution or similar agreements,

(n) restrictions on cash or other deposits or net worth imposed by contracts entered into in the ordinary course of business, and

(o) any encumbrance or restrictions of the type referred to in clauses (1), (2) or (3) of this covenant imposed by any amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (n) of this covenant, *provided*, that such amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Company's Board of Directors, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, supplement, refunding, replacement or refinancing.

Limitations on Mergers, Consolidations and Sales of Assets

The Indenture will provide that neither the Issuer nor any Guarantor will consolidate or merge with or into, or sell, lease, convey or otherwise dispose of all or substantially all of its assets (including, without limitation, by way of liquidation or dissolution), or assign any of its obligations under the Notes, the Guarantees or the Indenture (as an entirety or substantially as an entirety in one transaction or in a series of related transactions), to any Person (in each case other than in a transaction in which the Company, the Issuer or a Restricted Subsidiary is the survivor of a consolidation or merger, or the transferee in a sale, lease, conveyance or other disposition) unless:

(1) the Person formed by or surviving such consolidation or merger (if other than the Company, the Issuer or the Guarantor, as the case may be), or to which such sale, lease, conveyance or other disposition or assignment will be made (collectively, the "Successor"), is a corporation or other legal entity organized and existing under the laws of the United States or any state thereof or the District of Columbia, and the Successor assumes by supplemental indenture in a form reasonably satisfactory to the Trustee all of the obligations of the Company, the Issuer or the Guarantor, as the case may be, under the Notes or a Guarantee, as the case may be, and the Indenture,

(2) immediately after giving effect to such transaction, no Default or Event of Default has occurred and is continuing, and

(3) immediately after giving effect to such transaction, the Company (or its Successor) could incur at least \$1.00 of Indebtedness pursuant to the first paragraph of the "Limitations on Indebtedness" covenant.

The foregoing provisions shall not apply to:

- (a) a transaction involving the sale or disposition of Capital Stock of a Guarantor, or the consolidation or merger of a Guarantor, or the sale, lease, conveyance or other disposition of all or substantially all of the assets of a Guarantor, that in any such case results in such Guarantor being released from its Guarantee as provided under “The Guarantees” above, or
- (b) a transaction the purpose of which is to change the state of incorporation of the Company, the Issuer or any Guarantor.

Reports to Holders of Notes

The Company shall file with the Commission the annual reports and the information, documents and other reports required to be filed pursuant to Section 13 or 15(d) of the Exchange Act. The Company shall file with the Trustee and mail to each Holder of record of Notes such reports, information and documents within 15 days after it files them with the Commission. In the event that the Company is no longer subject to these periodic reporting requirements of the Exchange Act, it will nonetheless continue to file reports with the Commission and the Trustee and mail such reports to each Holder of Notes as if it were subject to such reporting requirements. Regardless of whether the Company is required to furnish such reports to its stockholders pursuant to the Exchange Act, the Company will cause its consolidated financial statements and a “Management’s Discussion and Analysis of Results of Operations and Financial Condition” written report, similar to those that would have been required to appear in annual or quarterly reports, to be delivered to Holders of Notes.

The posting of the reports, information and documents referred to above on the Company’s website or one maintained on its behalf for such purpose shall be deemed to satisfy the Company’s delivery obligations to the Trustee and the Holders. In addition, availability of the foregoing materials on the SEC’s EDGAR service shall be deemed to satisfy the Company’s delivery obligations to the Trustee and the Holders.

Delivery of such reports, information and documents to the Trustee is for informational purposes only and the Trustee’s receipt of them will not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuer’s and/or the Company’s compliance with any of its covenants in the Indenture (as to which the Trustee is entitled to rely exclusively on Officers’ Certificates).

Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade

Notwithstanding the foregoing, the Issuer’s, the Company’s and its Restricted Subsidiaries’ obligations to comply with the provisions of the Indenture described above under the caption “Certain Covenants” (except for the covenants described under “— Repurchase of Notes upon Change of Control,” “— Limitations on Liens,” “— Limitations on Mergers, Consolidations and Sales of Assets” (other than clause (3) of the first paragraph thereof) and “Reports to Holders of Notes”) will be suspended (such suspended covenants, the “Suspended Covenants”) and cease to have any further effect from and after the first date when the Notes issued under the Indenture are rated Investment Grade (the “Suspension Date”); *provided*, that if the Notes subsequently cease to be rated Investment Grade, then, from and after the time the Notes cease to be rated Investment Grade, the Issuer’s, the Company’s and its Restricted Subsidiaries’ obligation to comply with the Suspended Covenants shall be reinstated.

In addition, following the achievement of such Investment Grade ratings, (1) the Guarantees of the Guarantors will be released at the time of the release of the guarantees under all outstanding Applicable Debt subject to the reinstatement of Guarantees if released Guarantors thereafter guarantee any Applicable Debt or the Notes cease to be rated Investment Grade and (2) no Restricted Subsidiary thereafter acquired or created will be required to be a Guarantor unless released Guarantors thereafter guarantee any Applicable Debt or the Notes cease to be rated Investment Grade, in each case as more fully described under the caption “— The Guarantees.”

With respect to Restricted Payments made after any such reinstatement, the amount of Restricted Payments made after the Issue Date will be calculated as though the “Limitations on Restricted Payments” covenant had been in effect during the entire period after such date. Accordingly, Restricted Payments made after the Suspension Date will reduce the amount available to be made as Restricted Payments under the first paragraph of “— Limitations on Restricted Payments.”

Notwithstanding the foregoing, in the event of any such reinstatement, no action taken or omitted to be taken by the Company or any of its Subsidiaries prior to such reinstatement, or action taken by the Company or any of its Subsidiaries at any time pursuant to a contractual obligation arising prior to such reinstatement (not entered into in contemplation of such reinstatement) shall give rise to a Default or Event of Default under the Indenture upon reinstatement.

The Issuer shall promptly notify the Trustee of any suspension or reinstatement of the above-mentioned covenants.

Condition for Release of the Issuer

The Indenture will provide that the Issuer may be released from its obligations under the Indenture and the Notes, without the consent of the Holders of the Notes, if (1) the Company or any successor to the Company has assumed the obligations of the Issuer under the Indenture and the Notes, (2) the Company delivers an opinion of counsel to the Trustee to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the release and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise and (3) the Issuer becomes a Guarantor of the Notes at such time, until such time, if any, as such Guarantee may be released as described above under the captions “— Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade” and “— The Guarantees.”

Events of Default

The following are Events of Default under the Indenture:

(1) the failure by the Company, the Issuer and the Guarantors to pay interest on any Note when the same becomes due and payable and the continuance of any such failure for a period of 30 days;

(2) the failure by the Company, the Issuer and the Guarantors to pay the principal or premium of any Note when the same becomes due and payable at maturity, upon acceleration or otherwise;

(3) the failure by the Company, the Issuer or any Restricted Subsidiary to comply with any of its agreements or covenants in, or provisions of, the Notes, the Guarantees or the Indenture and such failure continues for the period and after the notice specified below (except in the case of a default under covenants described under “Certain Covenants — Repurchase of Notes upon Change of Control” and “Certain Covenants— Limitations on Mergers, Consolidations and Sales of Assets,” which will constitute Events of Default with notice but without passage of time);

(4) the acceleration of any Indebtedness (other than Non-Recourse Indebtedness) of the Company, the Issuer or any Restricted Subsidiary that has an outstanding principal amount of \$10.0 million or more, individually or in the aggregate, and such acceleration does not cease to exist, or such Indebtedness is not satisfied, in either case within 30 days after such acceleration;

(5) the failure by the Company, the Issuer or any Restricted Subsidiary to make any principal or interest payment in an amount of \$10.0 million or more, individually or in the aggregate, in respect of Indebtedness (other than Non-Recourse Indebtedness) of the Company or any Restricted Subsidiary within 30 days of such principal or interest becoming due and payable (after giving effect to any applicable grace period set forth in the documents governing such Indebtedness);

(6) a final judgment or judgments that exceed \$10.0 million or more, individually or in the aggregate, for the payment of money having been entered by a court or courts of competent jurisdiction

against the Company, the Issuer or any of its Restricted Subsidiaries and such judgment or judgments is not satisfied, stayed, annulled or rescinded within 60 days of being entered;

(7) the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:

- (a) commences a voluntary case,
- (b) consents to the entry of an order for relief against it in an involuntary case,
- (c) consents to the appointment of a Custodian of it or for all or substantially all of its property, or
- (d) makes a general assignment for the benefit of its creditors;

(8) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(a) is for relief against the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary as debtor in an involuntary case,

(b) appoints a Custodian of the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary or a Custodian for all or substantially all of the property of the Company or any Restricted Subsidiary that is a Significant Subsidiary, or

(c) orders the liquidation of the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary, and the order or decree remains unstayed and in effect for 60 days; or

(9) any Guarantee of a Guarantor which is a Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of such Guarantee and the Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of release of a Guarantor from its Guarantee in accordance with the terms of the Indenture and the Guarantee).

A Default as described in subclause (3) above will not be deemed an Event of Default until the Trustee notifies the Company, or the Holders of at least 25 percent in principal amount of the then outstanding Notes notify the Company and the Trustee, of the Default and (except in the case of a default with respect to covenants described under “Certain covenants — Repurchase of Notes upon Change of Control” and “Certain covenants— Limitations on mergers, consolidations and sales of assets”) the Company does not cure the Default within 60 days after receipt of the notice. The notice must specify the Default, demand that it be remedied and state that the notice is a “Notice of Default.” If such a Default is cured within such time period, it ceases.

If an Event of Default (other than an Event of Default with respect to the Company or the Issuer resulting from subclauses (7) or (8) above), shall have occurred and be continuing under the Indenture, the Trustee by notice to the Company, or the Holders of at least 25 percent in principal amount of the Notes then outstanding by notice to the Company and the Trustee, may declare all Notes to be due and payable immediately. Upon such declaration of acceleration, the amounts due and payable on the Notes will be due and payable immediately. If an Event of Default with respect to the Company or the Issuer specified in subclauses (7) or (8) above occurs, such an amount will *ipso facto* become and be immediately due and payable without any declaration, notice or other act on the part of the Trustee and the Company or any Holder.

The Holders of a majority in principal amount of the Notes then outstanding by written notice to the Trustee and the Company may waive any Default or Event of Default (other than any Default or Event of Default in payment of principal or interest) on the Notes under the Indenture. Holders of a majority in principal amount of the then outstanding Notes may rescind an acceleration and its consequence (except an acceleration due to nonpayment of principal or interest on the Notes) if the rescission would not conflict with any judgment or decree, if the Issuer has paid or deposited with the Trustee a sum sufficient to pay the

reasonable compensation, disbursements, expenses and advancements of the Trustee and if all existing Events of Default (other than the non-payment of accelerated principal) have been cured or waived.

The Holders may not enforce the provisions of the Indenture, the Notes or the Guarantees except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the Notes then outstanding may direct the Trustee in its exercise of any trust or power, *provided, however*, that such direction does not conflict with the terms of the Indenture. The Trustee may withhold from the Holders notice of any continuing Default or Event of Default (except any Default or Event of Default in payment of principal or interest on the Notes or that resulted from the failure to comply with the covenant entitled “Repurchase of Notes upon Change of Control”) if the Trustee determines that withholding such notice is in the Holders’ interest.

The Company is required to deliver to the Trustee an annual statement regarding compliance with the Indenture and include in such statement if any officer of the Company is aware of any Default or Event of Default, a statement specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto. In addition, the Company is required to deliver to the Trustee prompt written notice of the occurrence of any Default or Event of Default.

Discharge and Defeasance of Indenture

The Company, the Issuer and the Guarantors may discharge their obligations under the Notes, the Guarantees and the Indenture by irrevocably depositing in trust with the Trustee money or U.S. Government Obligations sufficient to pay principal of, premium and interest on the Notes to maturity or redemption and the Notes mature or are to be called for redemption within one year, subject to meeting certain other conditions.

The Indenture will permit the Company, the Issuer and the Guarantors to terminate all of their respective obligations under the Indenture with respect to the Notes and the Guarantees, other than the obligation to pay interest on and the principal of the Notes and certain other obligations (“legal defeasance”), at any time by

- (1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of and premium and interest on the Notes to their maturity or redemption, as the case may be, and
- (2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service, to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company’s exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise, which opinion of counsel is based upon a change in the applicable federal tax law since the Issue Date.

In addition, the Indenture will permit the Company, the Issuer and the Guarantors to terminate all of their obligations under the Indenture with respect to certain covenants and Events of Default specified in the Indenture, and the Guarantors will be released (“covenant defeasance”), at any time by

- (1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of, premium and interest on the Notes to their maturity or redemption, as the case may be, and
- (2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service, to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise.

Notwithstanding the foregoing, no discharge, legal defeasance or covenant defeasance described above will affect the following obligations to, or rights of, the Holders of the Notes:

- rights of registration of transfer and exchange of Notes;
- rights of substitution of mutilated, defaced, destroyed, lost or stolen Notes;
- rights of Holders of the Notes to receive payments of principal thereof, premium, if any, and interest thereon, upon the original due dates therefor, but not upon acceleration;
- rights, obligations, duties and immunities of the Trustee;
- rights of Holders of Notes that are beneficiaries with respect to property so deposited with the Trustee payable to all or any of them; and
- obligations of the Company, the Issuer or the Guarantors to maintain an office or agency in respect of the Notes.

The Company, the Issuer or the Guarantors may exercise the legal defeasance option with respect to the Notes notwithstanding the prior exercise of the covenant defeasance option with respect to the Notes. If the Company, the Issuer or the Guarantors exercise the legal defeasance option with respect to the Notes, payment of the Notes may not be accelerated due to an Event of Default with respect to the Notes. If the Company, the Issuer or the Guarantors exercise the covenant defeasance option with respect to the Notes, payment of the Notes may not be accelerated due to an Event of Default with respect to the covenants to which such covenant defeasance is applicable. However, if acceleration were to occur by reason of another Event of Default, the realizable value at the acceleration date of the cash and U.S. Government Obligations in the defeasance trust could be less than the principal of, premium, if any, and interest then due on the Notes, in that the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors.

Transfer and Exchange

A Holder may transfer or exchange Notes only in accordance with the provisions of the Indenture. The Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture.

Amendment, Supplement and Waiver

Subject to certain exceptions, the Indenture, the Notes or the Guarantees may be amended or supplemented with the consent (which may include written consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of at least a majority in principal amount of the Notes then outstanding, and future compliance with any provision of the Indenture, the Notes or the Guarantees may be waived (other than any continuing Default or Event of Default in the payment of interest on or the principal of the Notes) with the consent (which may include waivers obtained in connection with a tender offer or exchange offer for Notes) of the Holders of a majority in principal amount of the Notes then outstanding.

Without the consent of, or notice to, any Holder, the Company, the Issuer, the Guarantors and the Trustee may amend or supplement the Indenture, the Notes or the Guarantees:

- (a) to cure any ambiguity, defect or inconsistency;
- (b) to comply with the “Limitations on Mergers, Consolidations and Sales of Assets” covenant set forth in the Indenture;
- (c) to comply with any requirements of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act;
- (d) to evidence and provide for the acceptance of appointment under the Indenture by a successor or replacement Trustee;

(e) to provide for uncertificated Notes in addition to or in place of certificated Notes;

(f) to provide for any Guarantee of the Notes;

(g) to secure the Notes or to confirm and evidence the release, termination or discharge of any Guarantee of or Lien securing the Notes when such release, termination or discharge is permitted by the Indenture;

(h) to make any change that does not adversely affect the legal rights of any Holder;

(i) to evidence the assumption by the Company (or its successor entity) or a successor entity of the Issuer of the obligations of the Issuer under the Indenture and the Notes;

(j) to add covenants or new events of default for the protection of the Holders of the Notes;

(k) to modify the existing covenants and events of default solely in respect of, or add new covenants and events of default that apply solely to, debt securities not yet issued and outstanding as of the Issue Date; or

(l) to conform any provision of the Indenture, the Notes or the Guarantees to this “Description of Notes” to the extent that this “Description of Notes” was intended to be a verbatim recitation of a provision in the Indenture, the Notes or the Guarantees.

Without the consent of, or notice to, each Holder affected, the Company, the Issuer, the Guarantors and the Trustee may not:

(1) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver;

(2) reduce the rate of or extend the time for payment of interest, including default interest, on any Note;

(3) reduce the principal of or change the fixed maturity of any Note or alter the provisions (including related definitions) with respect to redemptions described under “— Redemption” or with respect to mandatory offers to repurchase Notes described under “— Certain Covenants — Limitations on Dispositions of Assets” or “— Certain Covenants — Repurchase of Notes upon Change of Control;”

(4) make any Note payable in money other than that stated in the Note;

(5) make any change in the “Waiver of Defaults by Majority of Securityholders” or the “Direction of Proceedings” sections set forth in the Indenture;

(6) modify the ranking or priority of the Notes or any Guarantee;

(7) release any Guarantor from any of its obligations under its Guarantee or the Indenture otherwise than in accordance with the Indenture; or

(8) waive a continuing Default or Event of Default in the payment of principal of or interest on the Notes.

The right of any Holder to participate in any consent required or sought pursuant to any provision of the Indenture (and our obligation to obtain any such consent otherwise required from such Holder) may be subject to the requirement that such Holder shall have been the Holder of record of any Notes with respect to which such consent is required or sought as of a date identified by the Trustee in a notice furnished to Holders in accordance with the terms of the Indenture.

Governing Law

The Indenture, the Notes and the Guarantees will be governed by the laws of the State of New York.

(2) a “person” or “group” (within the meaning of Section 13(d) of the Exchange Act (other than (x) the Company or (y) the Permitted Hovnanian Holders)) becomes the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act) of Common Equity of the Company representing more than 50% of the voting power of the Common Equity of the Company;

(3) Continuing Directors cease to constitute at least a majority of the Board of Directors of the Company;

(4) the stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company; *provided, however*, that a liquidation or dissolution of the Company which is part of a transaction that does not constitute a Change of Control under the proviso contained in clause (1) above shall not constitute a Change of Control; or

(5) a change of control shall occur as defined in the instrument governing any publicly traded debt securities of the Company or the Issuer which requires the Company or the Issuer to repay or repurchase such debt securities.

“*Common Equity*” of any Person means Capital Stock of such Person that is generally entitled to (1) vote in the election of directors of such Person or (2) if such Person is not a corporation, vote or otherwise participate in the selection of the governing body, partners, managers or others that will control the management or policies of such Person.

“*Consolidated Cash Flow Available for Fixed Charges*” means, for any period, Consolidated Net Income for such period plus (each to the extent deducted in calculating such Consolidated Net Income and determined in accordance with GAAP) the sum for such period, without duplication, of:

- (1) income taxes,
- (2) Consolidated Interest Expense,
- (3) depreciation and amortization expenses and other non-cash charges to earnings, and
- (4) interest and financing fees and expenses which were previously capitalized and which are amortized to cost of sales, *minus*

all other non-cash items (other than the receipt of notes receivable) increasing such Consolidated Net Income.

“*Consolidated Fixed Charge Coverage Ratio*” means, with respect to any determination date, the ratio of (x) Consolidated Cash Flow Available for Fixed Charges for the prior four full fiscal quarters (the “Four Quarter Period”) for which financial results have been reported immediately preceding the determination date (the “Transaction Date”), to (y) the aggregate Consolidated Interest Incurred for the Four Quarter Period. For purposes of this definition, “Consolidated Cash Flow Available for Fixed Charges” and “Consolidated Interest Incurred” shall be calculated after giving effect on a pro forma basis for the period of such calculation to:

(1) the incurrence or the repayment, repurchase, defeasance or other discharge or the assumption by another Person that is not an Affiliate (collectively, “repayment”) of any Indebtedness of the Company, the Issuer or any Restricted Subsidiary (and the application of the proceeds thereof) giving rise to the need to make such calculation, and any incurrence or repayment of other Indebtedness (and the application of the proceeds thereof), at any time on or after the first day of the Four Quarter Period and on or prior to the Transaction Date, as if such incurrence or repayment, as the case may be (and the application of the proceeds thereof), occurred on the first day of the Four Quarter Period, except that Indebtedness under revolving credit facilities shall be deemed to be the average daily balance of such Indebtedness during the Four Quarter Period (as reduced on such pro forma basis by the application of any proceeds of the incurrence of Indebtedness giving rise to the need to make such calculation);

(2) any Asset Disposition or Asset Acquisition (including, without limitation, any Asset Acquisition giving rise to the need to make such calculation as a result of the Company, the Issuer or any Restricted Subsidiary (including any Person that becomes a Restricted Subsidiary as a result of any such Asset Acquisition) incurring Acquired Indebtedness at any time on or after the first day of the Four Quarter Period and on or prior to the Transaction Date), as if such Asset Disposition or Asset Acquisition (including the incurrence or repayment of any such Indebtedness) and the inclusion, notwithstanding clause (2) of the definition of “Consolidated Net Income,” of any Consolidated Cash Flow Available for Fixed Charges associated with such Asset Acquisition as if it occurred on the first day of the Four Quarter Period; *provided, however*, that the Consolidated Cash Flow Available for Fixed Charges

associated with any Asset Acquisition shall not be included to the extent the net income so associated would be excluded pursuant to the definition of “Consolidated Net Income,” other than clause (2) thereof, as if it applied to the Person or assets involved before they were acquired; and

(3) the Consolidated Cash Flow Available for Fixed Charges and the Consolidated Interest Incurred attributable to discontinued operations, as determined in accordance with GAAP, shall be excluded.

Furthermore, in calculating “Consolidated Cash Flow Available for Fixed Charges” for purposes of determining the denominator (but not the numerator) of this “Consolidated Fixed Charge Coverage Ratio,”

"*Refinancing Indebtedness*" means Indebtedness (to the extent not Permitted Indebtedness) that refunds, refinances or extends any Indebtedness of the Company, the Issuer or any Restricted Subsidiary (to the extent not Permitted Indebtedness described under clauses (1) and (4) through (11) of the definition thereof) outstanding on the Issue Date or other Indebtedness (to the extent not Permitted Indebtedness) permitted to be incurred by the Company, the Issuer or any Restricted Subsidiary pursuant to the terms of the Indenture after the Issue Date, but only to the extent that:

(1) the Refinancing Indebtedness is subordinated, if at all, to the Notes or the Guarantees, as the case may be, to the same extent as the Indebtedness being refunded, refinanced or extended,

(2) the Refinancing Indebtedness is scheduled to mature either (a) no earlier than the Indebtedness being refunded, refinanced or extended or (b) after the maturity date of the Notes,

(3) the portion, if any, of the Refinancing Indebtedness that is scheduled to mature on or prior to the maturity date of the Notes has a Weighted Average Life to Maturity at the time such Refinancing Indebtedness is incurred that is equal to or greater than the Weighted Average Life to Maturity of the

portion of the Indebtedness being refunded, refinanced or extended that is scheduled to mature on or prior to the maturity date of the Notes, and

(4) such Refinancing Indebtedness is in an aggregate principal amount that is equal to or less than the aggregate principal amount then outstanding under the Indebtedness being refunded, refinanced or extended (plus (a) fees and expenses and (b) accrued interest and the amount of any premiums (including tender premiums), in each case incurred in connection with the refinancing thereof);

provided, that for purposes of determining the principal amount outstanding under clause (1) of "Permitted Indebtedness" and clause (9) of "Permitted Liens", the principal amount of any Refinancing Indebtedness referred to in such clauses shall be calculated excluding any principal amount that was incurred in respect of amounts set forth in the parenthetical in clause (4) above and such principal amount shall nonetheless be permitted under such clauses.

"*Restricted Investment*" means any Investment other than a Permitted Investment.

"*Restricted Payment*" means any of the following:

(1) the declaration or payment of any dividend or any other distribution on Capital Stock of the Company, the Issuer or any Restricted Subsidiary or any payment made to the direct or indirect holders (in their capacities as such) of Capital Stock of the Company, the Issuer or any Restricted Subsidiary (other than (a) dividends or distributions payable solely in Qualified Stock and (b) in the case of the Issuer or Restricted Subsidiaries, dividends or distributions payable to the Company, the Issuer or a Restricted Subsidiary);

(2) the purchase, redemption or other acquisition or retirement for value of any Capital Stock of the Company, the Issuer or any Restricted Subsidiary (other than a payment made to the Company, the Issuer or any Restricted Subsidiary); and

(3) any Investment (other than any Permitted Investment), including any Investment in an Unrestricted Subsidiary (including by the designation of a Subsidiary of the Company as an Unrestricted Subsidiary) and any amounts paid in accordance with clause (2) of the definition of Indebtedness.

"*Restricted Subsidiary*" means any Subsidiary of the Company which is not an Unrestricted Subsidiary.

"*S&P*" means Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc., a New York corporation, or any successor to its debt rating business.

"*Senior Secured Notes*" means the Issuer's 10⁵/₈% Senior Secured Notes due 2016 issued on October 20, 2009 (and any exchange notes issued in exchange therefor in compliance with the registration rights agreement dated October 20, 2009 among the Issuer, the Company, the other guarantors party thereto and the initial purchasers named therein, and guarantees of such exchange notes).

"*Significant Subsidiary*" means any Subsidiary of the Company which would constitute a "significant subsidiary" as defined in Rule 1-02(w)(1) or (2) of Regulation S-X under the Securities Act and the Exchange Act as in effect on the Issue Date.

"*Subordinated Indebtedness*" means Indebtedness subordinated in right of payment to the Notes pursuant to a written agreement.

"*Subsidiary*" of any Person means any corporation or other entity of which a majority of the Capital Stock having ordinary voting power to elect a majority of the Board of Directors or other persons performing similar functions is at the time directly or indirectly owned or controlled by such Person.

"*Trustee*" means the party named as such above until such time, if any, a successor replaces such party in accordance with the applicable provisions of the Indenture and thereafter means the successor serving as trustee under the Indenture in respect of the Notes.

"*Unrestricted Subsidiary*" means any Subsidiary of the Company so designated by a resolution adopted by the Board of Directors of the Company or a duly authorized committee thereof as provided below; provided that

(a) the holders of Indebtedness thereof do not have direct or indirect recourse against the Company, the Issuer or any Restricted Subsidiary, and neither the Company, the Issuer nor any Restricted Subsidiary otherwise has liability for, any payment obligations in respect of such Indebtedness (including any undertaking, agreement or instrument evidencing such Indebtedness), except, in each case, to the extent that the amount thereof constitutes a Restricted Payment permitted by the Indenture, in the case of Non-Recourse Indebtedness, to the extent such recourse or liability is for the matters discussed in the last sentence of the definition of “Non-Recourse Indebtedness,” or to the extent such Indebtedness is a guarantee by such Subsidiary of Indebtedness of the Company, the Issuer or a Restricted Subsidiary and (b) no holder of any Indebtedness of such Subsidiary shall have a right to declare a default on such Indebtedness or cause the payment thereof to be accelerated or payable prior to its stated maturity as a result of a default on any Indebtedness of the Company, the Issuer or any Restricted Subsidiary. As of the Issue Date, our home mortgage subsidiaries, our joint ventures and subsidiaries holding interests in our joint ventures and certain of our title insurance subsidiaries will be Unrestricted Subsidiaries under the Indenture.

Subject to the foregoing, the Board of Directors of the Company or a duly authorized committee thereof may designate any Subsidiary in addition to those named above to be an Unrestricted Subsidiary; *provided, however*, that (1) the net amount (the “Designation Amount”) then outstanding of all previous Investments by the Company and the Restricted Subsidiaries in such Subsidiary will be deemed to be a Restricted Payment at the time of such designation and will reduce the amount available for Restricted Payments under the “Limitations on restricted payments” covenant set forth in the Indenture, to the extent provided therein, (2) the Company must be permitted under the “Limitations on restricted payments” covenant set forth in the Indenture to make the Restricted Payment deemed to have been made pursuant to clause (1), and (3) after giving effect to such designation, no Default or Event of Default shall have occurred or be continuing. In accordance with the foregoing, and not in limitation thereof, Investments made by any Person in any Subsidiary of such Person prior to such Person’s merger with the Company or any Restricted Subsidiary (but not in contemplation or anticipation of such merger) shall not be counted as an Investment by the Company or such Restricted Subsidiary if such Subsidiary of such Person is designated as an Unrestricted Subsidiary.

The Board of Directors of the Company or a duly authorized committee thereof may also redesignate an Unrestricted Subsidiary to be a Restricted Subsidiary; *provided, however*, that (1) the Indebtedness of such Unrestricted Subsidiary as of the date of such redesignation could then be incurred under the “Limitations on indebtedness” covenant and (2) immediately after giving effect to such redesignation and the incurrence of any such additional Indebtedness, the Company and the Restricted Subsidiaries could incur \$1.00 of additional Indebtedness under the first paragraph of the “Limitations on indebtedness” covenant. Any such designation or redesignation by the Board of Directors of the Company or a committee thereof will be evidenced to the Trustee by the filing with the Trustee of a certified copy of the resolution of the Board of Directors of the Company or a committee thereof giving effect to such designation or redesignation and an Officers’ Certificate certifying that such designation or redesignation complied with the foregoing conditions and setting forth the underlying calculations of such Officers’ Certificate. The designation of any Person as an Unrestricted Subsidiary shall be deemed to include a designation of all Subsidiaries of such Person as Unrestricted Subsidiaries; *provided, however*, that the ownership of the general partnership interest (or a similar member’s interest in a limited liability company) by an Unrestricted Subsidiary shall not cause a Subsidiary of the Company of which more than 95% of the equity interest is held by the Company or one or more Restricted Subsidiaries to be deemed an Unrestricted Subsidiary.

“*U.S. Government Obligations*” means non-callable, non-payable bonds, notes, bills or other similar obligations issued or guaranteed by the United States government or any agency thereof the full and timely payment of which are backed by the full faith and credit of the United States.

“*Weighted Average Life to Maturity*” means, when applied to any Indebtedness or portion thereof at any date, the number of years obtained by dividing (i) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payment of principal, including, without limitation, payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment by (ii) the sum of all such payments described in clause (i)(a) above.

Concerning the Trustee

The Trustee is also trustee with respect to the Issuer's outstanding senior secured notes. The Indenture will contain certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest during the continuance of any Default, it must, so long as such Default has not been cured or duly waived, eliminate that conflicting interest within 90 days, apply to the Commission for permission to continue or resign.

The holders of a majority in principal amount of the Notes then outstanding will have the right to direct the Trustee, subject to certain exceptions. The Indenture will provide that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless that holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Anyone who receives this prospectus supplement may obtain a copy of the Indenture without charge by writing to the Company at 110 West Front Street, P.O. Box 500, Red Bank, New Jersey 07701, Attention: Corporate Controller.

Book Entry Issuance

The Notes will be represented by one or more global Notes ("Global Notes") that will be deposited with and registered in the name of DTC or its nominee. We will not issue certificated Notes ("Certificated Notes") to you, except in the limited circumstance described below. Each Global Note will be issued to DTC, which will keep a computerized record of its participants whose clients have purchased the Notes. Each participant will then keep a record of its own clients. Unless it is exchanged in whole or in part for a Certificated Note, a Global Note may not be transferred. DTC, its nominees and their successors may, however, transfer a Global Note as a whole to one another, and these transfers are required to be recorded on our records or a register to be maintained by the Trustee.

Beneficial interests in a Global Note will be shown on, and transfers of beneficial interests in the Global Note will be made only through, records maintained by DTC and its participants. DTC has provided us with the following information: DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its direct participants deposit with DTC. DTC also records the settlements among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participants' accounts. This book-entry system eliminates the need to exchange certificated securities. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a direct participant. The rules that apply to DTC and its participants are on file with the SEC.

When you purchase Notes through the DTC system, the purchases must be made by or through a direct participant, which will receive credit for the Notes on DTC's records. When you actually purchase the Notes, you will become their beneficial owner. Your ownership interest will be recorded only on the direct or indirect participants' records. DTC will have no knowledge of your individual ownership of the Notes. DTC's records will show only the identity of the direct participants and the principal amount of the Notes held by or through

them. You will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You should instead receive these from your direct or indirect participant. As a result, the direct or indirect participants are responsible for keeping accurate account of the holdings of their customers. Neither we nor the Trustee nor any agent of ours or the Trustee's will have any responsibility or liability for any aspect of the records relating to beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between DTC and its participants or the relationship between such participants and the owners of beneficial interests in the Global Notes owned through such participants. The Trustee will wire payments on the Notes to DTC's nominee. We and the Trustee will treat DTC's nominee as the owner of each Global Note for all purposes. Accordingly, we, the Trustee and any paying agent will have no direct responsibility or liability to pay amounts due on a Global Note to you or any other beneficial owners in that Note.

It is DTC's current practice, upon receipt of any payment of distributions or liquidation amounts, to proportionately credit direct participants' accounts on the payment date based on their holdings. In addition, it is DTC's current practice to pass through any consenting or voting rights to such participants by using an omnibus proxy. Those participants will, in turn, make payments to and solicit votes from you, the ultimate owner of Notes, based on their customary practices. Payments to you will be the responsibility of the participants and not of DTC, the Trustee or our company.

No beneficial owner of an interest in a Global Senior Note will be able to transfer such interest except in accordance with DTC's applicable procedures, in addition to those provided for under the Indenture. Because DTC can only act on behalf of participants, who in turn act on behalf of others, the ability of a person having a beneficial interest in a Global Senior Note to pledge that interest to persons that do not participate in the DTC system, or otherwise to take actions in respect of that interest, may be impaired by the lack of a physical certificate representing that interest.

Certificated Notes

Subject to certain conditions, any person having a beneficial interest in the Global Note may, upon request to the Trustee, exchange such beneficial interest for Notes in the form of Certificated Notes. Upon any such issuance, the Trustee is required to register such Certificated Notes in the name of, and cause the same to be delivered to, such person or persons (or the nominee of any thereof). In addition, if:

- (1) DTC is unwilling or unable to continue as a depository or ceases to be a clearing agency registered under applicable law, and a successor is not appointed by us within 90 days; or
- (2) we decide to discontinue the book-entry system.

then, upon surrender by the Global Note holder of its Global Note, Certificated Notes will be issued to each person that the Global Note holder and the Depository identify as being the beneficial owner of the related Notes.

Neither we nor the Trustee will be liable for any delay by the Global Note holder or the Depository in identifying the beneficial owners of the Notes and we and the Trustee may conclusively rely on, and will be protected in relying on, instructions from the Global Note holder or the Depository for all purposes.

If a Global Note is exchanged for certificated Notes, the Trustee will keep the registration books for the Notes at its corporate office and follow customary practices and procedures regarding those certificated Notes. No service charge will be made for any transfer or exchange of any Note but the Issuer or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge, payable in connection therewith.

CERTAIN UNITED STATES FEDERAL INCOME AND ESTATE TAX CONSEQUENCES

The following is a summary of certain United States federal income and, in the case of non-U.S. holders (as defined below), estate tax consequences of the purchase, ownership and disposition of the Notes as of the date hereof. Except where noted, this summary deals only with Notes that are held as capital assets by persons who purchase the Notes for cash upon original issuance at their initial offering price.

As used herein, a “U.S. holder” means a beneficial owner of the Notes that is for United States federal income tax purposes any of the following:

- an individual citizen or resident of the United States;
- a corporation (or any other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

The term “non-U.S. holder” means a beneficial owner of the Notes (other than a partnership or any other entity treated as a partnership for United States federal income tax purposes) that is not a U.S. holder.

This summary does not represent a detailed description of the United States federal income tax consequences applicable to you if you are a person subject to special tax treatment under the United States federal income tax laws, including, without limitation:

- a dealer in securities or currencies;
- a financial institution;
- a regulated investment company;
- a real estate investment trust;
- a tax-exempt organization;
- an insurance company;
- a person holding the Notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;
- a trader in securities that has elected the mark-to-market method of accounting for your securities;
- a person liable for alternative minimum tax;
- a partnership or other pass-through entity for United States federal income tax purposes (or an investor in such an entity);
- a U.S. holder whose “functional currency” is not the U.S. dollar;
- a “controlled foreign corporation”;
- a “passive foreign investment company”; or
- a United States expatriate.

This summary is based upon provisions of the Internal Revenue Code of 1986, as amended (the “Code”), and regulations, rulings and judicial decisions as of the date hereof. Those authorities may be changed, perhaps

retroactively, so as to result in United States federal income and estate tax consequences different from those summarized below.

If a partnership holds the Notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding the Notes, you should consult your tax advisors.

This summary does not represent a detailed description of the United States federal income and estate tax consequences to you in light of your particular circumstances and does not address the effects of any state, local or non-United States tax laws. It is not intended to be, and should not be construed to be, legal or tax advice to any particular purchaser of Notes. **If you are considering the purchase of Notes, you should consult your own tax advisors concerning the particular United States federal income and estate tax consequences to you of the ownership of the Notes, as well as the consequences to you arising under the laws of any other taxing jurisdiction.**

U.S. Holders

The following is a summary of certain United States federal income tax consequences that will apply to you if you are a U.S. holder.

Stated Interest. Stated interest on the Notes generally will be taxable to you as ordinary income at the time it is received or accrued, depending on your method of accounting for United States federal income tax purposes.

Original Issue Discount. The Notes may be issued with original issue discount (“OID”) for United States federal income tax purposes. The Notes will be treated as issued with OID if their principal amount exceeds their “issue price” by more than a statutorily defined de minimis amount, in which case the amount of OID will be equal to such difference. The “issue price” of each Note will be the first price at which a substantial amount of the Notes is sold (other than to an underwriter, placement agent or wholesaler).

You must include OID in gross income as the OID accrues on the Notes, generally in advance of the receipt of cash attributable to that income. The amount of OID that you must include in income will generally equal the sum of the “daily portions” of OID with respect to the Note for each day during the taxable year or portion of the taxable year in which you held such note (“accrued OID”). The daily portion is determined by allocating to each day in any “accrual period” a pro rata portion of the OID allocable to that accrual period. The “accrual period” for a Note may be of any length and may vary in length over the term of the Note, *provided* that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs on the first day or the final day of an accrual period.

The amount of OID allocable to any accrual period other than the final accrual period is an amount equal to the product of the Note’s adjusted issue price at the beginning of such accrual period and its yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period). OID allocable to a final accrual period is the difference between the amount payable at maturity and the adjusted issue price at the beginning of the final accrual period. The yield to maturity of the Note is the discount rate that causes the present value of all payments on the Note as of its original issue date to equal the issue price of such Note. The “adjusted issue price” of a Note at the beginning of any accrual period is equal to its issue price increased by the accrued OID for each prior accrual period.

The rules regarding OID are complex and the rules described above may not apply in all cases. Accordingly, you should consult your own tax advisors regarding their application.

Sale, Exchange, Retirement, or Other Disposition of Notes. Upon the sale, exchange, retirement, redemption, or other taxable disposition of a Note, you generally will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange, retirement, redemption or other disposition (less an amount equal to any accrued and unpaid stated interest, which will be treated as interest income as discussed above) and the adjusted tax basis of the Note. Such gain or loss will be capital gain or loss. Your adjusted tax basis in a Note will, in general, be your cost for that Note increased by any OID that you have previously included in income. Capital gains of individuals derived in respect of capital assets held for more

than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

The following is a summary of certain United States federal income and estate tax consequences that will apply to you if you are a non-U.S. holder.

United States Federal Withholding Tax. A 30% United States federal withholding tax will not apply to any payment to you of interest (or OID) on the Notes under the “portfolio interest rule,” *provided* that:

- interest (and OID) paid on the Notes is not effectively connected with your conduct of a trade or business in the United States;
- you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations;
- you are not a controlled foreign corporation that is related to us through stock ownership;
- you are not a bank whose receipt of interest (or OID) on the Notes is described in Section 881(c)(3)(A) of the Code; and
- either (a) you provide your name and address on an Internal Revenue Service (“IRS”) Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your Notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest (and OID) made to you will be subject to the 30% United States federal withholding tax, unless you provide us with a properly executed:

- IRS Form W-8BEN (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or
- IRS Form W-8ECI (or other applicable form) stating that interest (and OID) paid on the Notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under “— United States Federal Income Tax”).

The 30% United States federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other disposition of a Note.

United States Federal Income Tax. If you are engaged in a trade or business in the United States and interest (including any OID) on the Notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), then you will be subject to United States federal income tax on that interest on a net income basis (although you will be exempt from the 30% United States federal withholding tax, *provided* the relevant certification requirements discussed above in “— United States Federal Withholding Tax” are satisfied) in the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of such interest (including any OID), subject to adjustments.

Any gain realized on the disposition of a Note generally will not be subject to United States federal income tax unless:

- the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment); or
- you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

United States Federal Estate Tax. Your estate will not be subject to United States federal estate tax on Notes beneficially owned by you at the time of your death, *provided* that any payment to you on the Notes, including OID, would be eligible for exemption from the 30% United States federal withholding tax under the “portfolio interest rule” described above under “— United States Federal Withholding Tax” without regard to the certification requirement described in the fifth bullet point of that section.

Information Reporting and Backup Withholding

U.S. Holders

In general, information reporting requirements will apply to certain payments of principal, interest (including OID) and premium paid on Notes and to the proceeds of sale of a Note made to you (unless you are an exempt recipient such as a corporation). A backup withholding tax may apply to such payments if you fail to provide a taxpayer identification number or a certification of exempt status, or if you fail to report in full dividend and interest income.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability *provided* the required information is furnished to the IRS.

Non-U.S. Holders

Generally, we must report to the IRS and to you the amount of interest (including any OID) paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest (including any OID) on the Notes that we make to you *provided* that we do not have actual knowledge or reason to know that you are a United States person as defined under the Code, and we have received from you the relevant certification that you are a non-U.S. holder described above in the fifth bullet point under “— Non-U.S. Holders — United States Federal Withholding Tax.”

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other disposition (including a retirement or redemption) of our Notes within the United States or conducted through certain United States-related financial intermediaries, unless you certify to the payor under penalties of perjury that you are a non-U.S. holder (and the payor does not have actual knowledge or reason to know that you are a United States person as defined under the Code) or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability *provided* that the required information is timely furnished to the IRS.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase of the Notes by employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (“ERISA”), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code or provisions under any federal, state, local, non-U.S. or other laws or regulations that are similar to such provisions of the Code or ERISA (collectively, “Similar Laws”), and entities whose underlying assets are considered to include “plan assets” of any such plan, account or arrangement (each, a “Plan”).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an “ERISA Plan”) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the Notes of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engaged in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engaged in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of the Notes by an ERISA Plan with respect to which the Issuer, an Underwriter, or a Guarantor, is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the U.S. Department of Labor (the “DOL”) has issued prohibited transaction class exemptions, or “PTCEs,” that may apply to the acquisition and holding of the Notes. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide relief from the prohibited transaction provisions of ERISA and Section 4975 of the Code for certain transactions, provided that neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any ERISA Plan involved in the transaction and provided further that the ERISA Plan pays no more than adequate consideration in connection with the transaction. There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Because of the foregoing, the Notes should not be purchased or held by any person investing “plan assets” of any Plan, unless such purchase and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable Similar Laws.

Representation

Accordingly, by acceptance of a Note, each purchaser and subsequent transferee of a Note will be deemed to have represented and warranted that either (i) no portion of the assets used by such purchaser or transferee to acquire and hold the Notes constitutes assets of any Plan or (ii) the purchase and holding of the Notes by such purchaser or transferee will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing the Notes on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the purchase and holding of the Notes.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this prospectus supplement, we have agreed to sell to the underwriters named below and they have severally agreed to purchase, the following respective principal amounts of the Notes:

Credit Suisse Securities (USA) LLC	\$
Citigroup Global Markets Inc.	
Deutsche Bank Securities Inc.	
J.P. Morgan Securities LLC	
Total	<u>\$ 150,000,000</u>

The underwriting agreement provides that the underwriters are obligated to purchase all of the Notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of the Notes may be terminated.

The underwriters propose to offer the Notes initially at the public offering price on the cover page of this prospectus. After the initial public offering, the underwriters may change the public offering price. The offering of the Notes by the underwriters is subject to receipt and acceptance of the Notes and subject to the underwriters' right to reject any order in whole or in part.

We estimate that our out of pocket expenses for this offering will be approximately \$420,000.

The Notes are a new issue of securities with no established trading market. One or more of the underwriters intend to make a secondary market for the Notes. However, they are not obligated to do so and may discontinue making a secondary market for the Notes at any time without notice. No assurance can be given as to how liquid the trading market for the Notes will be.

We have agreed that, for a period beginning on the date of this prospectus and continuing to and including the date 10 days following the closing date, we will not, without the prior written consent of Credit Suisse Securities (USA) LLC, offer, sell, contract to sell or otherwise transfer or dispose of any debt securities of the Issuer or any guarantor or any warrants, rights or options to purchase or otherwise acquire debt securities of the Issuer or any guarantor that are substantially similar to the Notes and the guarantees other than (1) the Notes and the guarantees, (2) debt facilities or commercial paper issued in the ordinary course of business or (3) the amortizing notes issued as part of Units in the Units Offering. Credit Suisse Securities (USA) LLC in its sole discretion may release any of the securities subject to this lock-up agreement at any time without notice.

We have agreed to indemnify the underwriters against certain liabilities, including certain liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters and their affiliates have performed investment banking, commercial banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business. In addition, Credit Suisse Securities (USA) LLC is acting as the dealer manager in connection with the Tender Offers and certain of the underwriters or their affiliates may hold Tender Offer Notes and tender such notes in the Tender Offers or we may redeem them in the Redemptions. Certain of the underwriters in this offering are also underwriters in the Concurrent Offerings.

In connection with the offering, the underwriters may engage in stabilizing transactions, over-allotment transactions and syndicate covering transactions in accordance with Regulation M under the Securities Exchange Act of 1934 (the "Exchange Act").

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

- Over-allotment involves sales by the underwriters of Notes in excess of the principal amount of the Notes the underwriters are obligated to purchase, which creates a syndicate short position.
- Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Notes in the open market after pricing that could adversely affect investors who purchase in the offering.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the Notes or preventing or retarding a decline in the market price of the Notes. As a result, the price of the Notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this prospectus supplement to the public in that Relevant Member State other than:

(a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;

(b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or

(c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to us or the Guarantors; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

We expect that delivery of the Notes will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the business day following the date of pricing of the Notes (this settlement cycle being referred to as “T+ ”). Under Rule 15c6-1 of the SEC under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date of pricing or the next succeeding business days will be required, by virtue of the fact that the Notes initially will settle in T+ , to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

The validity of the Notes being offered hereby is being passed upon for us by Simpson Thacher & Bartlett LLP, New York, New York. Simpson Thacher & Bartlett LLP will rely, as to matters of California law, on the opinion of Peter S. Reinhart, Esq., Senior Vice President and General Counsel for the Company.

RISK FACTORS

An investment in our securities involves a high degree of risk. Certain risks relating to us and our business are described under the headings "Business" and "Risk Factors" in our Annual Report on Form 10-K for the year ended October 31, 2010, filed with the Commission on December 22, 2010, which is incorporated by reference into this prospectus and which you should carefully review and consider, along with the other information contained in this prospectus or incorporated by reference herein, as updated by our subsequent filings under the Exchange Act, before making an investment in any of our securities. Additional risks, as well as updates or changes to the risks described in the documents incorporated by reference herein, may be included in any applicable prospectus supplement. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The market or trading price of our securities could decline due to any of these risks, and you may lose all or part of your investment. In addition, please read the section of this prospectus captioned "Forward-Looking Statements", in which we describe additional uncertainties associated with our business and the forward-looking statements included or incorporated by reference in this prospectus. Please note that additional risks not presently known to us or that we currently deem immaterial may also impair our business and operations.

Investment in any securities offered pursuant to this prospectus involves risks and uncertainties. If one or more of the events discussed in the risk factors were to occur, our business, financial condition, results of operations or liquidity, as well as the value of an investment in our securities, could be materially adversely affected.

RATIOS OF EARNINGS TO FIXED CHARGES AND EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

For purposes of computing the ratio of earnings to fixed charges and the ratio of earnings to combined fixed charges and preferred stock dividends, earnings consist of earnings from continuing operations before income taxes and income or loss from equity investees, plus fixed charges and distributed income of equity investees, less interest capitalized. Fixed charges consist of all interest incurred, plus that portion of operating lease rental expense (33%) deemed to be representative of interest, plus the amortization of debt issuance costs and bond discounts. Combined fixed charges and preferred stock dividends consist of fixed charges and preferred stock dividends declared. The fourth quarter of fiscal year 2005 was the first period we declared and paid preferred stock dividends, and due to covenant restrictions, we have been prohibited from paying dividends beginning with the first quarter of fiscal year 2008. The following table sets forth the ratios of earnings to fixed charges and the ratios of earnings to combined fixed charges and preferred stock dividends for each of the periods indicated:

	Year Ended October 31,				
	2010	2009	2008	2007	2006
Ratio of earnings to fixed charges	(a)	(a)	(a)	(a)	1.8
Ratio of earnings to combined fixed charges and preferred stock dividends	(b)	(b)	(b)	(b)	1.7

-
- (a) Earnings for the years ended October 31, 2010, 2009, 2008 and 2007 were insufficient to cover fixed charges for such period by \$273.8 million, \$628.3 million, \$1,153.5 million and \$684.6 million, respectively.
- (b) Earnings for the years ended October 31, 2010, 2009, 2008 and 2007 were insufficient to cover fixed charges and preferred stock dividends for such period by \$273.8 million, \$628.3 million, \$1,153.5 million and \$695.6 million, respectively. Due to restrictions in our indentures on our senior secured, senior, and senior subordinated notes, we are currently prohibited from paying dividends on our preferred stock and did not make any dividend payments in fiscal 2010, 2009 and 2008. In fiscal 2007 and 2006, we paid \$10.7 million of dividends on our preferred stock.

USE OF PROCEEDS

Unless otherwise provided in the applicable prospectus supplement, the net proceeds from the sale of the securities offered by this prospectus and each prospectus supplement, the “offered securities”, will be used for general corporate purposes, which may include working capital needs, the refinancing or repayment of existing indebtedness, capital expenditures, expansion of the business and acquisitions. If any of the net proceeds from the offered securities will be used for acquisitions, we will identify the acquisition in the applicable prospectus supplement. The net proceeds may be invested temporarily in short-term securities or to repay short-term debt until they are used for their stated purpose.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the debt securities sets forth certain general terms that may apply to the debt securities that may be offered from time to time pursuant to this prospectus. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the prospectus supplement relating thereto and the following description. The specific terms of debt securities as described in the applicable prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this prospectus.

In this section, references to “Hovnanian” mean Hovnanian Enterprises, Inc. and do not include K. Hovnanian or any of its subsidiaries and references to “K. Hovnanian” mean K. Hovnanian Enterprises, Inc. and do not include any of its subsidiaries.

The debt securities issued by K. Hovnanian, which we refer to as the “K. Hovnanian Debt Securities” may be issued either separately, or together with, upon conversion of or in exchange for, other securities. The K. Hovnanian Debt Securities will either be unsecured senior obligations, which we refer to as the “K. This summary of the terms and provisions of the debt securities and the Indentures is not complete, and we refer you to the copies of the Indentures, which will be filed as exhibits to the registration statement of which this prospectus forms a part. Whenever we refer to particular defined terms of the Indentures in this section or in a prospectus supplement, we are incorporating these definitions into this prospectus or the prospectus supplement.

None of the Indentures limits the amount of debt securities that may be issued thereunder, and the Indentures provide that the debt securities may be issued from time to time in one or more series. The Indentures permit the appointment of a different trustee for each series of debt securities. Section references below are to sections in each Indenture unless otherwise indicated. Wherever particular sections or defined terms of the applicable Indenture are referred to, those sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by the reference. The Indentures are substantially identical, except for certain covenants, provisions relating to Hovnanian’s guarantee and to subordination. For purposes of the summaries set forth below, “issuer” shall refer to K. Hovnanian in the case of the K. Hovnanian Debt Securities and the K. Provisions Applicable to Senior, Senior Subordinated and Subordinated Debt Securities

General. The Hovnanian Debt Securities will be unsecured senior, senior subordinated or subordinated obligations of Hovnanian and the K. Hovnanian Debt Securities will be unsecured senior, senior subordinated or subordinated obligations of K. Hovnanian, except that, under specified circumstances, K. Hovnanian may be released from these obligations. See “Conditions for Release of K. Hovnanian”. Unless otherwise specified in any prospectus supplement, the Senior Debt Securities will rank equally in right of payment with all of the other senior obligations of Hovnanian or K. Hovnanian, as applicable, and the Senior Subordinated Debt Securities and the Subordinated Debt Securities will have such terms with respect to rank and priority as described under “Provisions Applicable Solely to Senior Subordinated Debt Securities and Subordinated Debt Securities — Subordination”. Except to the extent described in any prospectus supplement, the Indentures do not, and the debt securities will not, contain any covenants or other provisions that are intended to afford holders of the debt securities special protection in the event of either a change of control of Hovnanian or a highly leveraged transaction by Hovnanian.

We refer you to the applicable prospectus supplement for the following terms of and information relating to the debt securities being offered, the “Offered Debt Securities”, to the extent these terms are applicable to Offered Debt Securities:

Hovnanian to redeem, repay or purchase the Offered Debt Securities pursuant to any sinking fund, amortization payments or analogous provisions, at the option of Hovnanian or K. Unless otherwise specified in any prospectus supplement, the debt securities will be issuable in registered form and in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, see Section 2.7. No service charge will be made for any transfer or exchange of any debt securities but the issuer or trustee may require payment of a sum sufficient to cover any tax or other governmental charge, payable in connection therewith, see Section 2.8.

Debt securities may bear interest at a fixed rate or a floating rate. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate may be issued at an initial offering price below their stated principal amount. Special United States federal income tax considerations applicable to discounted debt securities or to some debt securities issued at par that are treated as having been issued at a discount for United States federal income tax purposes will be described in the applicable prospectus supplement.

Unless otherwise specified in any prospectus supplement, in determining whether the holders of the requisite aggregate principal amount of outstanding debt securities of any series have given any request, demand, authorization, direction, notice, consent or waiver under the Indentures, the principal amount of any series of debt securities originally issued at a discount from their stated principal amount that will be deemed to be outstanding for such purposes will be the amount of the principal thereof that would be due and payable as of the date of the determination upon a declaration of acceleration of the maturity thereof.

Description of Guarantees. Hovnanian will fully and unconditionally guarantee, pursuant to the K. Hovnanian Indentures, the due and prompt payment of the principal of and premium, if any, and interest on the K. Hovnanian Debt Securities any and all other obligations of K. Hovnanian to the holders of the K. Hovnanian Debt Securities and the trustee under the K. Hovnanian Indentures when and as the same shall become due and payable, whether at the stated maturity, by declaration of acceleration, call for redemption or otherwise. Any series of debt securities of Hovnanian may be guaranteed by, and any series of debt securities of K. Hovnanian may be further guaranteed by, certain subsidiaries of Hovnanian, the “subsidiary guarantees”, as provided in the applicable prospectus supplement relating to such series. If debt securities are guaranteed by subsidiary guarantors, that subsidiary guarantee will be set forth in a supplemental indenture.

Payments with respect to the guarantee by Hovnanian of the K. Hovnanian Senior Subordinated Debt Securities and K. Hovnanian Subordinated Debt Securities will be subordinated in right of payment to the prior payment in full of all Senior Indebtedness of Hovnanian to the same extent and manner that payments with respect to the K. Hovnanian Senior Subordinated Debt Securities and K. Hovnanian Subordinated Debt Securities are subordinated in right of payment to the prior payment in full of all Senior Indebtedness of K. Hovnanian as described under “Provisions Applicable Solely to Senior Subordinated Debt Securities and Subordinated Debt Securities” below. Likewise, payments with respect to subsidiary guarantees of Senior Subordinated Debt Securities and Subordinated Debt Securities will be subordinated in right of payment to the prior payment in full of all Senior Indebtedness of each such subsidiary guarantor to the same extent and manner that payments with respect to the Senior Subordinated Debt Securities and Subordinated Debt Securities are subordinated in right of payment to the prior payment in full of all Senior Indebtedness of the issuer of such debt securities as described under “Provisions Applicable Solely to Senior Subordinated Debt Securities and Subordinated Debt Securities” below.

Global Securities. The debt securities of a series may be issued in whole or in part in the form of one or more global securities, the “global securities”, that will be deposited with or on behalf of a depository, “the depository”, identified in the prospectus supplement relating to such series. Global securities may be issued only in fully registered form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security:

- may not be transferred except as a whole; and
- may only be transferred
 - by the depository for the global security to its nominee,

- by a nominee of the depository to the depository or another nominee of the depository, or
- by the depository or any nominee to a successor depository or nominee of the successor depository, see Section 2.8.

The specific terms of the depository arrangement with respect to a series of debt securities will be described in the prospectus supplement relating to such series. Hovnanian and K. Hovnanian anticipate that the following provisions generally will apply to all depository arrangements.

Upon the issuance of a global security, the depository for that global security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by that global security to the accounts of persons that have accounts with such depository. Those accounts will be designated by the dealers, underwriters or agents with respect to those debt securities or by the issuer if the debt securities are offered and sold directly by the issuer. Ownership of beneficial interests in a global security will be limited to persons that have accounts with the applicable depository, participants, or persons that may hold interests through participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depository or its nominee, with respect to interests of participants, and the records of participants, with respect to interests of persons other than participants. The laws of some states require that certain purchasers of securities take physical delivery of these securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in a global security.

As long as the depository for a global security or its nominee is the registered owner of the global security, the depository or its nominee, as the case may be, will be considered the sole owner or holder of the debt securities of the series represented by that global security for all purposes under the Indenture governing those debt securities. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities of the series represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of any of those debt securities in definitive form and will not be considered the owners or holders thereof under the Indenture governing those debt securities.

Payment of principal of, premium, if any, and interest, if any, on individual debt securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing the debt securities. Hovnanian and K. Hovnanian expect that the depository for a series of debt securities or its nominee, upon receipt of any payment of principal, premium, if any, and interest, if any, in respect of a global security representing any of those debt securities, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security for those securities as shown on the records of such depository or its nominee. Hovnanian and K. Hovnanian also expect that payments by participants to owners of beneficial interests in the global security held through the participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of the participants. Neither Hovnanian, K. Hovnanian, the trustee for such debt securities, any paying agent nor the registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global security for the debt securities or for maintaining, supervising or reviewing any records relating to beneficial ownership interests.

If the depository for a series of debt securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by the issuer within 90 days, the issuer will issue individual debt securities of the applicable series in exchange for the global security representing the applicable series of debt securities. In addition, an issuer may at any time and in its sole discretion, subject to any limitations described in the prospectus supplement relating to such debt securities, determine not to have any debt securities of a series represented by a global security and, in such event, will issue individual debt securities of the applicable series in exchange for the global security representing the applicable series of debt securities. Further, if an issuer so specifies with respect to the debt securities of a series, an owner of a beneficial interest in a global security representing debt securities of that series may, on terms acceptable to the issuer, the trustee and the depository for the global security, receive individual debt securities of the applicable series in exchange for beneficial interests, subject to any

limitations described in the prospectus supplement relating to the debt securities. In this instance, an owner of a beneficial interest in a global security will be entitled to physical delivery of individual debt securities of the series represented by the applicable global security equal in principal amount to the beneficial interest and to have the debt securities registered in its name. Individual debt securities of the series so issued will be issued in registered form and in denominations, unless otherwise specified in the applicable prospectus supplement relating to that series of debt securities, of \$2,000 and integral multiples of \$1,000 in excess thereof.

Events of Default. Unless otherwise specified in the applicable prospectus supplement, an Event of Default is defined under each Indenture with respect to the debt securities of any series issued under the applicable Indenture as being:

- default in the payment of principal or premium, if any, with respect to debt securities of the applicable series when due;
- default in the payment of any installment of interest on any of the debt securities of that series when due, continued for 30 days;
- default in the payment or satisfaction of any sinking fund or other purchase obligation with respect to debt securities of that series when due;
- default in the performance of any other covenant of any of the obligors' applicable to debt securities of that series, continued for 90 days after written notice to the obligors by the trustee or to the obligors and the trustee, by the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding requiring the same to be remedied; and
- specified events of bankruptcy, insolvency or reorganization of the issuer, see Section 5.1.

If any Event of Default shall occur and be continuing, the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding, by notice in writing to Hovnanian or K. Hovnanian, as applicable, and to the trustee, if given by the holders, may declare the principal, or, in the case of any series of debt securities originally issued at a discount from their stated principal amount, the portion of the principal amount as may be specified in the terms of that series, of all of the debt securities of that series and the interest, if any, accrued thereon to be due and payable immediately. Subject to the conditions set forth in each Indenture, the declaration described in the preceding sentence may be rescinded by notice in writing to Hovnanian or K. Hovnanian, as applicable, and the trustee by holders of a majority in aggregate principal amount of the debt securities of the series then outstanding. This rescission will rescind and annul any declaration made pursuant to the first sentence of this paragraph and its consequences if all defaults under such Indenture are cured or waived, see Section 5.1.

Each Indenture provides that no holder of any series of debt securities then outstanding may institute any suit, action or proceeding with respect to, or otherwise attempt to enforce, that Indenture, unless:

- the holder previously gave the trustee written notice of default and of the continuance thereof;
- the holders of not less than 25% in aggregate principal amount of the applicable series of debt securities then outstanding made written request to the trustee to institute the suit, action or proceeding and offered to the trustee reasonable indemnity as it may require with respect thereto; and
- the trustee, for 60 days after its receipt of the notice, request and offer of indemnity, neglected or refused to institute any action, suit or proceeding.

Subject to the subordination provisions applicable to the Senior Subordinated Debt Securities and the Subordinated Debt Securities, the right, described in the above bullet points, of any holder of any debt security to receive payment of the principal of, premium, if any, or interest, if any, on that debt security, on or after the respective due dates, or to institute suit for the enforcement of any payment shall not be impaired or affected without the consent of the holder, see Section 5.4.

The holders of a majority in aggregate principal amount of the debt securities of the series then outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or

Table of Contents

exercising any trust or power conferred on the trustee with respect to the debt securities of that series, provided that the trustee may decline to follow that direction if the trustee determines that the action or proceeding is unlawful or would involve the trustee in personal liability, see Section 5.7.

Hovnanian and/or K. Hovnanian, as applicable, are required to furnish annually to the trustee a certificate as to compliance by Hovnanian and/or K. Hovnanian, as applicable, with all conditions and covenants under each Indenture, see Section 4.3.

Covenants. The covenants, if any, that will apply to a particular series of debt securities will be as described in the applicable prospectus supplement relating to such series of debt securities. Except as described herein and as otherwise specified in the applicable prospectus supplement with respect to any series of debt securities, Hovnanian and/or K. Hovnanian as applicable may remove or add covenants without the consent of holders of the debt securities.

Discharge and Defeasance. Unless otherwise specified in the applicable prospectus supplement, Hovnanian and/or K. Hovnanian, as applicable, can discharge or defease their respective obligations with respect to any series of debt securities as described below, see Article Ten.

Unless otherwise specified in any prospectus supplement, Hovnanian or K. Hovnanian, as applicable, may discharge all of its obligations, except those described below, to holders of any series of debt securities issued under any Indenture that have not already been delivered to the trustee for cancellation and that have either become due and payable, or are by their terms due and payable within one year or are to be called for redemption within one year, by irrevocably depositing with the trustee cash or U.S. Government Obligations, as defined in the Indenture, or a combination thereof, as trust funds in an amount to be sufficient to pay when due the principal of, premium, if any, and interest, if any, on all outstanding debt securities of that series and to make any mandatory sinking fund payments, if any, thereon when due.

Unless otherwise provided in the applicable prospectus supplement, Hovnanian or K. Hovnanian, as applicable, may also elect at any time to defease and be discharged from all of its obligations, except those described below, to holders of any series of debt securities issued under each Indenture, “defeasance”, or be released from all of their obligations with respect to specified covenants and certain events of default applicable to any series of debt securities issued under each Indenture, “covenant defeasance”, if, among other things:

- Hovnanian or K. Hovnanian, as applicable, irrevocably deposit with the trustee cash or U.S. Government Obligations, or a combination thereof, as trust funds in an amount to be sufficient to pay when due the principal of, premium, if any, and interest, if any, on all outstanding debt securities of the applicable series and to make any mandatory sinking fund payments, if any, thereon when due;
- the deposit will not result in a breach or violation of, or cause a default under, any material agreement or instrument (other than the Indenture) to which either Hovnanian or K. Hovnanian, as applicable, is a party or by which it is bound; and
- Hovnanian or K. Hovnanian, as applicable, deliver to the trustee an opinion of counsel to the effect that the holders of the applicable series of debt securities will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance and that defeasance will not otherwise alter the United States federal income tax treatment of the holders’ principal of and interest payments, if any, on that series of debt securities.

In the case of defeasance, the opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of the Indenture relating to the debt securities of such series, because this result would not occur under current tax law, see Section 10.4.

Notwithstanding the foregoing, no discharge, defeasance or covenant defeasance described above will affect the following obligations to, or rights of, the holders of any series of debt securities:

- rights of registration of transfer and exchange of debt securities of the applicable series;
- rights of substitution of mutilated, defaced, destroyed, lost or stolen debt securities of the applicable series;

Table of Contents

- rights of holders of debt securities of the applicable series to receive payments of principal thereof, premium, if any, and interest, if any, thereon, upon the original due dates therefore, but not upon acceleration, and to receive mandatory sinking fund payments thereon when due, if any;
- rights, obligations, duties and immunities of the trustee;
- rights of holders of debt securities of a series as beneficiaries with respect to property so deposited with the trustee payable to all or any of them; and
- obligations of Hovnanian or K. Hovnanian, as applicable, to maintain an office or agency in respect of debt securities of the series, see Section 10.2.

Hovnanian or K. Hovnanian, as applicable, may exercise the defeasance option with respect to any series of debt securities notwithstanding the prior exercise of the covenant defeasance option with respect to any series of debt securities. If Hovnanian or K. Hovnanian, as applicable, exercises the defeasance option with respect to any series of debt securities, payment of that series of debt securities may not be accelerated because of an Event of Default with respect to that series of debt securities. If Hovnanian or K. Hovnanian, as applicable, exercises the covenant defeasance option with respect to any series of debt securities, payment of that series of debt securities may not be accelerated by reason of an Event of Default with respect to the covenants to which such covenant defeasance is applicable. However, if acceleration were to occur by reason of another Event of Default, the realizable value at the acceleration date of the cash and U.S. Government Obligations in the defeasance trust could be less than the principal of, premium, if any, and interest, if any, and any mandatory sinking fund payments, if any, then due on the series of debt securities, in that the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors.

Modification of the Indenture. Except as otherwise provided in the applicable prospectus supplement, each Indenture provides that the obligors and the trustee may enter into supplemental indentures without the consent of the holders of the debt securities to:

- evidence the assumption by a successor entity of the obligations of any of the obligors under that Indenture;
- add covenants or new events of default for the protection of the holders of the debt securities;
- cure any ambiguity or defect or correct any inconsistency in the Indenture;
- establish the form and terms of debt securities of any series;
- evidence the acceptance of appointment by a successor trustee;
- secure the debt securities of the applicable series or provide for guarantees of the debt securities of any series and evidence the termination or discharge of any guarantee of or lien securing the debt securities of such series when permitted under the applicable Indenture;
- designate a bank or trust company other than the trustee specified in the applicable prospectus supplement to act as trustee for a series of debt securities;
- subject to the following paragraph, modify the existing covenants and events of default solely in respect of, or add new covenants and events of default that apply solely to, debt securities not yet issued and outstanding on the date of the supplemental indenture;
- provide for the issuance of debt securities of any series in uncertificated form in addition to or in place of certificated debt securities of any series and exchangeability of those debt securities for fully registered debt securities;
- modify, eliminate or add to the provisions of the Indenture as necessary to effect the qualification of the Indenture under the Trust Indenture Act of 1939 and to add provisions expressly permitted by that Act;
- modify the provisions to provide for the denomination of debt securities in foreign currencies that will not adversely affect the interests of the holders of the debt securities in any material respect, see Section 8.1;

- to conform the text of the applicable Indenture, Offered Debt Securities or guarantees to this “Description of Debt Securities” or the comparable provisions in the applicable prospectus supplement to the extent this “Description of Debt Securities” or such comparable provision in a prospectus supplement was intended to be a verbatim recitation of a provision of such Indenture, Offered Debt Securities or guarantees; and
- make any other change with respect to the debt securities of any series that does not adversely affect the legal rights of holders of the debt securities of such series.

Each Indenture also contains provisions permitting the obligors and the trustee, with the consent of the holders of not less than a majority in aggregate principal amount of debt securities of each series then outstanding and affected, to add any provisions to, or change in any manner or eliminate any of the provisions of, the applicable Indenture or any supplemental indenture or modify in any manner the rights of the holders of the debt securities of that series; provided that the obligors and the trustee may not, without the consent of the holder of each outstanding debt security affected thereby:

- change the stated final maturity of any debt security, reduce the principal amount thereof, reduce the rate or extend the time of payment of interest (including default interest), if any, thereon, reduce or alter the method of computation of any amount payable on redemption, repayment or purchase by the issuer, change the coin or currency in which principal, premium, if any, and interest, if any, are payable, reduce the amount of the principal of any original issue discount security payable upon acceleration or provable in bankruptcy, impair or affect the right to institute suit for the enforcement of any payment or repayment thereof or, if applicable, adversely affect any right of prepayment at the option of the holder or make any change adverse to the interests of the holders in the terms and conditions of the guarantee by Hovnanian or by the subsidiary guarantors or modify the ranking or priority of the debt securities of any series or any guarantees of the debt securities of such series; or
- reduce the stated percentage in aggregate principal amount of debt securities of any series issued under the Indenture, see Section 8.2.

Consolidation, Merger, Sale or Conveyance. Except as otherwise provided in the applicable prospectus supplement, the K. Hovnanian Indentures provide that K. Hovnanian or Hovnanian may, and the Hovnanian Indentures provide that Hovnanian may, without the consent of the holders of debt securities, consolidate with, merge into or transfer, exchange or dispose of all of its properties to, any other corporation or partnership organized under the laws of the United States, any state thereof or the District of Columbia, provided that:

- the successor corporation or partnership assumes all obligations of K. Hovnanian or Hovnanian, as the case may be, by supplemental indenture satisfactory in form to the applicable trustee executed and delivered to that trustee, under the Indentures and the debt securities;
- immediately after giving effect to the consolidation, merger, exchange or other disposition, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, will have occurred and be continuing; and
- certain other conditions are met, see Section 9.1.

Conditions for Release of K. Hovnanian. Except as otherwise provided in a prospectus supplement, each K. Hovnanian Indenture provides that K. Hovnanian may be released from its obligations under the K. Hovnanian Indenture and the K. Hovnanian Debt Securities, without the consent of the holders of the K. Hovnanian Debt Securities of any series, provided that:

- Hovnanian or any successor to Hovnanian has assumed the obligations of K. Hovnanian under the K. Hovnanian Indenture and the K. Hovnanian Debt Securities by supplemental indenture satisfactory in form to the applicable trustee executed and delivered to that trustee;
- Hovnanian delivers to the trustee an opinion of counsel to the effect that the holders of K. Hovnanian Debt Securities will not recognize income, gain or loss for United States federal income tax purposes as a result of the release of K. Hovnanian from its obligations under the K. Hovnanian Indenture and the K. Hovnanian

Debt Securities and that such release will not otherwise alter the United States federal income tax treatment of the holders of the K. Hovnanian Debt Securities; and

- certain other conditions are met, see Section 14.1 of the K. Hovnanian Indentures.

Provisions Applicable Solely to Senior Subordinated Debt Securities and Subordinated Debt Securities

Subordination. The Subordinated Debt Securities will be subordinate and junior in right of payment, to the extent described in the Subordinated Debt Indentures, to all Senior Indebtedness of the obligors. The Senior Subordinated Debt Securities will be subordinate and junior in right of payment, to the extent described in the Senior Subordinated Debt Indentures, to all Senior Indebtedness of the obligors. The Senior Subordinated Debt Securities will rank senior to all existing and future Indebtedness of the obligors that is neither Senior Indebtedness of the obligors nor Senior Subordinated Indebtedness and only Indebtedness of the obligors that is Senior Indebtedness of the obligors will rank senior to the Senior Subordinated Debt Securities in accordance with the subordination provisions of the Senior Subordinated Debt Indentures.

Except as otherwise provided in the applicable prospectus supplement:

“*Senior Indebtedness*” of the obligors is defined in the Subordinated Debt Indentures and the Senior Subordinated Debt Indentures as Indebtedness of the obligors outstanding at any time, other than the Indebtedness evidenced by such debt securities, except:

- any Indebtedness as to which, by the terms of the instrument creating or evidencing the same, it is provided that the Indebtedness is not senior or prior in right of payment to such debt securities or is *pari passu* or subordinate by its terms in right of payment to such debt securities;
- renewals, extensions and modifications of any such Indebtedness;
- any Indebtedness of the obligors to a wholly-owned Subsidiary of the obligors;
- any liability for federal, state or local taxes;
- interest accruing after the filing of a petition initiating certain events of bankruptcy or insolvency unless that interest is an allowed claim enforceable against the obligor in a proceeding under federal or state bankruptcy laws; and
- trade payables.

“*Senior Subordinated Indebtedness*” of Hovnanian or K. Hovnanian, as applicable, is defined in the Senior Subordinated Debt Indentures as the applicable Senior Subordinated Debt Securities and any other Indebtedness of Hovnanian or K. Hovnanian, as applicable, that ranks *pari passu* with such Senior Subordinated Debt Securities. Any Indebtedness of Hovnanian or K. Hovnanian, as applicable, that is subordinate or junior by its terms in right of payment to any other Indebtedness of Hovnanian or K. Hovnanian, as applicable, will be subordinate to Senior Subordinated Indebtedness of Hovnanian or K. Hovnanian, as applicable, unless the instrument creating or evidencing the same or pursuant to which the same is outstanding specifically provides that this Indebtedness is to rank *pari passu* with other Senior Subordinated Indebtedness of Hovnanian or K. Hovnanian, as applicable, and is not subordinated by its terms to any Indebtedness of Hovnanian that is not Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable.

Senior Subordinated Indebtedness of Hovnanian as a guarantor of K. Hovnanian Senior Subordinated Debt Securities or of a subsidiary guarantor will have a similar meaning.

Except as otherwise provided in the applicable prospectus supplement, the following subordination provisions will apply to the Senior Subordinated Debt Securities and the Subordinated Debt Securities:

If:

- Hovnanian or K. Hovnanian, as applicable, should default in the payment of any principal of, premium, if any, or interest, if any, on any Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, when the

same becomes due and payable, whether at maturity or at a date fixed for prepayment or by declaration of acceleration or otherwise, or

- any other default with respect to Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, occurs and the maturity of the Senior Indebtedness has been accelerated in accordance with its terms, then, upon written notice of the default to Hovnanian or K. Hovnanian, as applicable, by the holders of the Senior Indebtedness or any trustee therefor, unless and until the default is cured or waived or has ceased to exist or the acceleration has been rescinded, no direct or indirect payment, in cash, property or securities, by set-off or otherwise, will be made or agreed to be made for principal of, premium, if any, or interest, if any, on any of the Senior Subordinated Debt Securities or the Subordinated Debt Securities, or in respect of any redemption, retirement, purchase or other acquisition of the Senior Subordinated Debt Securities or the Subordinated Debt Securities other than those made in capital stock of Hovnanian, or cash in lieu of fractional shares thereof, see Section 13.1 of the Senior Subordinated Debt Indentures and Section 13.1 of the Subordinated Debt Indentures.

If any default, other than a default described in the bullet points directly above, occurs under the Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, pursuant to which the maturity thereof may be accelerated immediately or the expiration of any applicable grace periods occurs, a “Senior Nonmonetary Default”, then, upon the receipt by Hovnanian or K. Hovnanian, as applicable, and the trustee of written notice thereof, a “payment notice”, from or on behalf of holders of 25% or more of the aggregate principal amount of Senior Indebtedness specifying an election to prohibit the payment and other action by Hovnanian or K. Hovnanian, as applicable, in accordance with the following provisions of this paragraph Hovnanian or K. Hovnanian, as applicable, may not make any payment or take any other action that would be prohibited by the bullet points directly above during the period, the “payment blockage period” commencing on the date of receipt of the payment notice and ending on the earlier of:

- the date, if any, on which the holders of such Senior Indebtedness or their representative notify the trustee that the Senior Nonmonetary Default is cured, waived or ceases to exist or the Senior Indebtedness to which the Senior Nonmonetary Default relates is discharged, or
- the 120th day after the date of receipt of the payment notice.

Notwithstanding the provisions described in the immediately preceding bullet points, Hovnanian or K. Hovnanian, as applicable, may resume payments on the Senior Subordinated Debt Securities and the Subordinated Debt Securities after the payment blockage period. After the expiration of the initial payment blockage period, no subsequent payment blockage period may be commenced on the basis of a Senior Nonmonetary Default which existed or was continuing on the date of the commencement of the initial payment blockage period until at least 270 consecutive days have elapsed from the last day of the initial payment blockage period.

If:

- without the consent of Hovnanian or K. Hovnanian, as applicable, a receiver, conservator, liquidator or trustee of Hovnanian or K. Hovnanian, as applicable, or of any of its property is appointed by the order or decree of any court or agency or supervisory authority having jurisdiction, and the decree or order remains in effect for more than 60 days, Hovnanian or K. Hovnanian, as applicable, is adjudicated bankrupt or insolvent, any of its property is sequestered by court order and that order remains in effect for more than 60 days, or a petition is filed against Hovnanian or K. Hovnanian, as applicable, under any state or federal bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution, liquidation or receivership law of any jurisdiction whether now or hereafter in effect, and is not dismissed within 60 days after such filing;
- Hovnanian or K. Hovnanian, as applicable:
 - commences a voluntary case or other proceeding seeking liquidation, reorganization, arrangement, insolvency, readjustment of debt, dissolution, liquidation or other relief with respect to itself or its debt or other liabilities under any bankruptcy, insolvency or other similar law now or hereafter in effect or seeking

the appointment of a trustee, receiver, liquidator, custodian or other similar official of it or any substantial part of its property;

- consents to any such relief or to the appointment of or taking possession by any of the above officials in an involuntary case or other proceeding commenced against it;
- fails generally to, or cannot, pay its debts generally as they become due;
- takes any corporate action to authorize or effect any of the foregoing; or
- any Subsidiary of the obligor takes, suffers or permits to exist any of the events or conditions referred to in any of the above bullet points,

then all Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, including any interest thereon accruing after the commencement of any proceedings, will first be paid in full before any payment or distribution, whether in cash, securities or other property, is made by the obligor to any holder of Senior Subordinated Debt Securities or Subordinated Debt Securities on account of the principal of, premium, if any, or interest, if any, on the Senior Subordinated Debt Securities or Subordinated Debt Securities, as the case may be.

Any payment or distribution, whether in cash, securities or other property, other than securities of Hovnanian or K. Hovnanian, as applicable, or any other corporation provided for by a plan of reorganization or readjustment the payment of which is subordinate, at least to the extent provided in the subordination provisions with respect to the indebtedness evidenced by the Senior Subordinated Debt Securities or the Subordinated Debt Securities, to the payment of all Senior Indebtedness of the obligor then outstanding and to any securities issued in respect thereof under a plan of reorganization or readjustment, that would otherwise, but for the subordination provisions, be payable or deliverable in respect of the Senior Subordinated Debt Securities or the Subordinated Debt Securities of any series will be paid or delivered directly to the holders of Senior Indebtedness of the obligor in accordance with the priorities then existing among such holders until all Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, including any interest thereon accruing after the commencement of proceedings, has been paid in full. In the event of any proceeding, after payment in full of all sums owing with respect to Senior Indebtedness of the obligor, the holders of Senior Subordinated Debt Securities, together with the holders of any obligations of the obligor ranking on a parity with the Senior Subordinated Debt Securities, will be entitled to be repaid from the remaining assets of Hovnanian or K. Hovnanian, as applicable, the amounts at that time due and owing on account of unpaid principal of, premium, if any, or interest, if any, on the Senior Subordinated Debt Securities and such other obligations before any payment or other distribution, whether in cash, property or otherwise, shall be made on account of any capital stock or obligations of the obligor ranking junior to the Senior Subordinated Debt Securities, including the Subordinated Debt Securities, and such other obligations, see Section 13.1 of the Senior Subordinated Debt Indentures and Section 13.1 of the Subordinated Debt Indentures.

If any payment or distribution of any character, whether in cash, securities or other property, other than securities of Hovnanian or K. Hovnanian, as applicable, or any other corporation provided for by a plan of reorganization or readjustment the payment of which is subordinate, at least to the extent provided in the subordination provisions with respect to the Senior Subordinated Debt Securities or the Subordinated Debt Securities, to the payment of all Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, then outstanding and to any securities issued in respect thereof under the plan of reorganization or readjustment, will be received by the trustee, or any holder of any Senior Subordinated Debt Securities or Subordinated Debt Securities in contravention of any of the terms of the Senior Subordinated Debt Indenture or the Subordinated Debt Indenture, as the case may be, such payment or distribution of securities will be received in trust for the benefit of, and will be paid over or delivered and transferred to, the holders of the Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, then outstanding in accordance with the priorities then existing among the holders for application to the payment of all Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, remaining unpaid to the extent necessary to pay all the Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, in full, see Section 13.1 of the Senior Subordinated Debt Indentures and Section 13.1 of the Subordinated Debt Indentures.

By reason of the subordination, in the event of the insolvency of Hovnanian or K. Hovnanian, as applicable, holders of Senior Indebtedness of Hovnanian or K. Hovnanian, as applicable, may receive more, ratably, than holders of the Senior Subordinated Debt Securities or Subordinated Debt Securities of Hovnanian or K. Hovnanian,

as applicable. Subordination will not prevent the occurrence of any Event of Default, as defined in the Indentures, or limit the right of acceleration in respect of the Senior Subordinated Debt Securities or Subordinated Debt Securities.

Concerning the Trustee

Information concerning the trustee for a series of debt securities will be set forth in the prospectus supplement relating to that series of debt securities. Hovnanian, K. Hovnanian and certain of Hovnanian's other subsidiaries may maintain bank accounts, borrow money and have other commercial banking, investment banking and other business relationships with the trustee under an Indenture and its affiliates in the ordinary course of business. The trustee under an Indenture or its affiliates may participate as underwriters, agents or dealers in any offering of K. Hovnanian debt securities and/or Hovnanian debt securities.

The following description of our common stock and preferred stock, together with the additional information we include in any applicable prospectus supplement, summarizes the material terms and provisions of the common stock and the preferred stock that may be offered from time to time pursuant to this prospectus. While the terms we have summarized below will apply generally to any future common stock or preferred stock that we may offer, we will describe the particular terms of any class or series of these securities in more detail in the applicable prospectus supplement. For the complete terms of our common stock and preferred stock, please refer to Hovnanian's amended certificate of incorporation, the "Certificate of Incorporation" and restated bylaws, the "Restated By-Laws" that are incorporated by reference as exhibits to the registration statement of which this prospectus is a part. The terms of these securities may also be affected by the General Corporation Law of the State of Delaware. The summary below and that contained in any prospectus supplement is qualified in its entirety by reference to the Certificate of Incorporation and Restated By-laws.

The authorized capital stock of Hovnanian is 230,100,000 shares consisting of 200,000,000 shares of Class A Common Stock, par value \$.01 per share, the "Class A Common Stock", 30,000,000 shares of Class B Common Stock, par value \$.01 per share, the "Class B Common Stock", and 100,000 shares of preferred stock, par value \$.01 per share, in the series and with the voting powers, designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, as may be fixed from time to time by the Board of Directors of Hovnanian for each series.

Common Stock

As of December 17, 63,277,710 shares of Class A Common Stock and 14,564,595 shares of Class B Common Stock were issued and outstanding. The Class A Common Stock is traded on the New York Stock Exchange under the symbol "HOV". There is no established public trading market for the Class B Common Stock. In order to trade Class B Common Stock, the shares must be converted into Class A Common Stock on a one-for-one basis. Any offering of common stock made hereby will consist only of Class A Common Stock. The outstanding Class A Common Stock is, and any Class A Common Stock offered pursuant to this prospectus and any prospectus supplement when issued and paid for will be, fully paid and non-assessable.

Dividends. Dividends on the Class A Common Stock will be paid if, when and as determined by the Board of Directors of Hovnanian out of funds legally available for this purpose. Certain debt instruments to which Hovnanian is a party contain restrictions on the payment of cash dividends. As a result of the most restrictive of these provisions, Hovnanian is not currently able to pay any cash dividends and anticipates that it will be prohibited from doing so for the foreseeable future. Hovnanian has never paid cash dividends on its Class A Common Stock nor does it currently intend to pay cash dividends on its Class A Common Stock. If and when declared, the amount of any regular cash dividend payable on a share of Class A Common Stock will be an amount equal to 110% of the corresponding regular cash dividend payable on a share of Class B Common Stock.

Voting Rights. Holders of Class A Common Stock are entitled to one vote for each share held by them on all matters presented to shareholders. Holders of Class B Common Stock are generally entitled to ten votes per share.

Liquidation Rights. After satisfaction of the preferential liquidation rights of any preferred stock, the holders of the Class A Common Stock and Class B Common Stock are entitled to share ratably as a single class in the distribution of all remaining net assets.

Preemptive and Other Rights. The holders of Class A Common Stock do not have preemptive rights as to additional issues of common stock or conversion rights. The shares of Class A Common Stock are not subject to redemption or to any further calls or assessments and are not entitled to the benefit of any sinking fund provisions. The rights, preferences and privileges of holders of Class A Common Stock are subject to, and may be adversely affected by, the rights of the holder of shares of any series of preferred stock that Hovnanian may designate and issue in the future.

Preferred Stock

The Certificate of Incorporation authorizes the Board of Directors of Hovnanian to issue from time to time up to 100,000 shares of preferred stock, in one or more series, and with the voting powers, designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, as may be fixed from time to time by the Board of Directors of Hovnanian for each series. The preferred stock may be used by the Board of Directors of Hovnanian without further action by Hovnanian's stockholders as an anti-takeover device. As of December 17, 2010, 5,600 shares of Hovnanian's preferred stock were issued and outstanding, consisting of entirely of Hovnanian's 7.625% Series A Preferred Stock (liquidation preference \$25,000.00 per share) par value \$.01 per share, the "Series A Preferred Stock".

The applicable prospectus supplement will describe the terms of any preferred stock that may be offered, including the number of shares, dividend rate and dividend period, liquidation value, voting rights, conversion rights (if any), dividend and liquidation preferences, redemption terms, whether depositary shares representing fractional interests will be offered, and any other rights, privileges and limitations thereof.

7.625% Series A Preferred Stock

Dividends on the Series A Preferred Stock are not cumulative. The Series A Preferred Stock ranks senior to Hovnanian's common stock with respect to the payment of dividends to the extent provided in the Certificate of Designations, Powers, Preferences and Rights of the 7.625% Series A Preferred Stock (the "Certificate"). The Certificate provides that unless dividends have been declared and paid or set apart for payment on the Series A Preferred Stock for the then-currently quarterly dividend period, no dividend may be declared or paid or set apart for payment on Hovnanian's common stock for that period, other than dividends or distributions paid in shares of, or options, warrants or rights to subscribe for or purchase shares of, the common stock of Hovnanian or any other stock of Hovnanian ranking, as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of Hovnanian, junior to the Series A Preferred Stock.

The Series A Preferred Stock is traded as depositary shares, with each depositary share representing 1/1000th of a share of Series A Preferred Stock, and is listed on the NASDAQ Global Market under the symbol "HOVNP".

The Series A Preferred Stock has no voting rights except as provided for in the Certificate or as otherwise required by law. However, so long as any shares of Series A Preferred Stock are outstanding, Hovnanian will not, without the vote of the holders of at least a majority of the shares of the Series A Preferred Stock, (1) authorize, create or issue any capital stock of Hovnanian ranking, as to dividends or upon liquidation, dissolution or winding up, senior to the Series A Preferred Stock, or reclassify any authorized capital stock of Hovnanian into any such shares of such capital stock, or issue any obligation or security convertible into or evidencing the right to purchase any such shares, or (2) amend, alter or repeal the Certificate, or the certificate of incorporation of Hovnanian, whether by merger, consolidation or otherwise, in a way that adversely affects the powers, preferences or special rights of the Series A Preferred Stock. Any increase in the amount of authorized common stock or preferred stock or any increase or decrease in the number of shares of any series of preferred stock or the authorization, creation and issuance of other classes or series of stock, in each case ranking equally with or junior to the Series A Preferred Stock will not be deemed to adversely affect such powers, preferences or special rights.

The Series A Preferred Stock has liquidation preferences over Hovnanian's common stock. Upon any liquidation, dissolution or winding up of Hovnanian, the holders of the Series A Preferred Stock will be entitled to receive out of the assets of Hovnanian available for distribution to its stockholders, an amount equal to the liquidation preference of \$25,000.00 per share plus all accrued and unpaid dividends before any payment or distribution out of Hovnanian's assets may be made to or set apart for the holders of Hovnanian's common stock or other junior equity. If, upon any liquidation, dissolution or winding up of Hovnanian, the assets of Hovnanian, or proceeds thereof, distributable among the holders of shares Series A Preferred Stock and any stock ranking equally with the Series A Preferred Stock shall be insufficient to pay in full the preferential amounts to which such stock would be entitled, then such assets, or the proceeds thereof, shall be distributable among such holders ratably in accordance with the respective amounts which would be payable on such shares if all amounts payable thereon were paid in full. Neither a consolidation nor merger of Hovnanian, nor a sale, lease, exchange or transfer of all or substantially all of Hovnanian's assets will be deemed to be a liquidation, dissolution or winding up of Hovnanian.

Rights Plan

On July 29, 2008, the Board of Directors of Hovnanian adopted a rights plan, the "Rights Plan," and declared a dividend of one preferred share purchase right for each outstanding share of Class A Common Stock and Class B Common Stock, which was subsequently paid to stockholders of record as of August 15, 2008. Subject to the terms, provisions and conditions of the rights plan, if and when they become exercisable, each right would entitle its holder to purchase from Hovnanian one ten-thousandth of a share of Hovnanian's Series B Junior Preferred Stock for a purchase price of \$35.00, the "Purchase Price." If issued, each fractional share of Preferred Stock would give the stockholder approximately the same dividend, voting and liquidation rights as does one share of Hovnanian's Class A Common Stock. However, prior to exercise, a right does not give its holder any rights as a stockholder of Hovnanian, including without limitation any dividend, voting or liquidation rights.

The Board of Directors of Hovnanian adopted the Rights Plan in an effort to protect stockholder value by attempting to protect against a possible limitation on Hovnanian's ability to use our net operating loss carryforwards, "NOLs," to reduce potential future federal income tax obligations. Hovnanian has experienced and continues to experience substantial operating losses, and under the Internal Revenue Code and rules promulgated by the Internal Revenue Service, Hovnanian may "carry forward" these losses in certain circumstances to offset any current and future earnings and thus reduce its federal income tax liability, subject to certain requirements and restrictions. To the extent that the NOLs do not otherwise become limited, Hovnanian believes that it will be able to carry forward a significant amount of NOLs, and therefore these NOLs could be a substantial asset to Hovnanian. However, if Hovnanian experiences an "Ownership Change," as defined in Section 382 of the Internal Revenue Code, Hovnanian's ability to use the NOLs will be substantially limited, and the timing of the usage of the NOLs could be substantially delayed, which could therefore significantly impair the value of that asset. The Rights Plan is intended to act as a deterrent to any person or group acquiring 4.9% or more of our outstanding Class A Common Stock, an "Acquiring Person," without the approval of Hovnanian's Board.

Exercisability. The rights will not be exercisable until the earlier of (i) 10 business days after a public announcement by us that a person or group has become an Acquiring Person and (ii) 10 business days after the commencement of a tender or exchange offer by a person or group for 4.9% of the Class A Common Stock.

Until the date that the rights become exercisable, the "Distribution Date," the rights are evidenced by Hovnanian's Class A Common Stock and Class B Common Stock certificates which contain a notation to that effect. Any transfer of shares of Class A Common Stock and/or Class B Common Stock prior to the Distribution Date constitutes a transfer of the associated rights. After the Distribution Date, the rights may be transferred separately from the transfer of the underlying shares of Class A Common Stock or Class B Common Stock. After the Distribution Date, each holder of a right, other than rights beneficially owned by the Acquiring Person (which will thereupon become void), will thereafter have the right to receive upon exercise of a right and payment of the Purchase Price, that number of shares of Class A Common Stock or Class B Common Stock, as the case may be, having a market value of two times the Purchase Price.

Exchange. After the Distribution Date, the Board of Directors may exchange the rights (other than rights owned by an Acquiring Person which will have become void), in whole or in part, at an exchange ratio of one share

of Common Stock, or a fractional share of Series B Preferred Stock (or of a share of a similar class or series of Hovnanian's preferred stock having similar rights, preferences and privileges) of equivalent value, per right (subject to adjustment).

Expiration. The rights and the Rights Plan will expire on the earliest of (i) August 14, 2018, (ii) the time at which the rights are redeemed pursuant to the Rights Agreement, (iii) the time at which the rights are exchanged pursuant to the Rights Agreement, (iv) the repeal of Section 382 of the Internal Revenue Code or any successor statute if the Board of Directors determines that the Rights Agreement is no longer necessary for the preservation of tax benefits, and (v) the beginning of a taxable year of Hovnanian to which the Board of Directors determines that no tax benefits may be carried forward.

Redemption. At any time prior to the time an Acquiring Person becomes such, the Board of Directors may redeem the rights in whole, but not in part, at a price of \$0.01 per right, the "Redemption Price." The redemption of the rights may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Immediately upon any redemption of the rights, the right to exercise the rights will terminate and the only right of the holders of rights will be to receive the Redemption Price.

Anti-Dilution Provisions. The Board of Directors may adjust the purchase price of the preferred shares, the number of preferred shares issuable and the number of outstanding rights to prevent dilution that may occur as a result of certain events, including among others, a stock dividend, a stock split or a reclassification of the preferred shares or Hovnanian's Class A Common Stock or Class B Common Stock. No adjustments to the purchase price of less than 1% will be made.

Amendments. Before the Distribution Date, the Board of Directors may amend or supplement the Rights Plan without the consent of the holders of the rights. After the Distribution Date, the Board of Directors may amend or supplement the rights Plan only to cure an ambiguity, to alter time period provisions, to correct inconsistent provisions, or to make any additional changes to the Rights Plan, but only to the extent that those changes do not impair or adversely affect any rights holder.

Transfer Restrictions in the Certificate of Incorporation

At a special meeting of stockholders held on December 5, 2008, Hovnanian's stockholders approved an amendment to its Certificate of Incorporation to restrict certain transfers of Class A Common Stock in order to preserve the tax treatment of Hovnanian's NOLs under Section 382 of the Internal Revenue Code. Subject to certain exceptions pertaining to pre-existing 5% stockholders and Class B stockholders, the transfer restrictions in the amended Certificate of Incorporation generally restrict any direct or indirect transfer (such as transfers of Hovnanian's stock that result from the transfer of interests in other entities that own Hovnanian's stock) if the effect would be to: (i) increase the direct or indirect ownership of Hovnanian's stock by any person (or public group) from less than 5% to 5% or more of Hovnanian's common stock; (ii) increase the percentage of Hovnanian's common stock owned directly or indirectly by a person (or public group) owning or deemed to own 5% or more of Hovnanian's common stock; or (iii) create a new public group. Transfers included under the transfer restrictions include sales to persons (or public groups) whose resulting percentage ownership (direct or indirect) of common stock would exceed the 5% thresholds discussed above, or to persons whose direct or indirect ownership of common stock would by attribution cause another person (or public group) to exceed such threshold.

DESCRIPTION OF DEPOSITARY SHARES

The following description of depositary shares representing shares of our preferred stock sets forth certain general terms and provisions of depositary agreements, depositary shares and depositary receipts. The particular terms of the depositary shares and related agreements and receipts will be described in the prospectus supplement relating to those depositary shares. The description set forth below and in any prospectus supplement is not complete, and is subject to, and qualified in its entirety by reference to, the applicable depositary agreement, a form of which has been incorporated by reference as an exhibit to the Registration Statement of which this prospectus forms a part, and the depositary receipts, which will be filed as exhibits to the Registration Statement or filed as exhibits to one or more current reports on Form 8-K and incorporated by reference herein. The specific terms of the

depository shares as described in the applicable prospectus supplement will supplement and, if applicable, may modify or replace the general terms described in this prospectus.

General

Hovnanian may, at its option, elect to offer fractional shares of preferred stock, rather than full shares of preferred stock. In such event, Hovnanian will issue receipts for depository shares, each of which will represent a fraction of a share of a particular series of preferred stock.

The shares of any series of preferred stock represented by depository shares will be deposited under a deposit agreement between Hovnanian and a bank or trust company selected by Hovnanian having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000, as preferred stock depository. Each owner of a depository share will be entitled to all the rights and preferences of the underlying preferred stock, including dividend, voting, redemption, conversion and liquidation rights, in proportion to the applicable fraction of a share of preferred stock represented by such depository share.

The depository shares will be evidenced by depository receipts issued pursuant to the deposit agreement. Depository receipts will be distributed to the registered holder purchasing the fractional shares of preferred stock in accordance with the terms of the applicable prospectus supplement.

Shares of preferred stock represented by depository shares may be withdrawn from the depository arrangement upon surrender of depository receipts at the principal office of the preferred stock depository and upon payment of the taxes, charges and fees provided for in the deposit agreement. Subject to the terms of the deposit agreement, the holder of depository receipts will receive the appropriate number of shares of preferred stock and any money or property represented by such depository shares. Only whole shares of preferred stock may be withdrawn; if a holder holds an amount of depository shares in excess of whole shares of preferred stock, the preferred stock depository will deliver along with the withdrawn shares of preferred stock a new depository receipt evidencing the excess number of depository shares. Except as described in the deposit agreement, holders of withdrawn shares of preferred stock will not be entitled to redeposit such shares or to receive depository shares.

Dividends and Other Distributions

The preferred stock depository will distribute all cash dividends or other cash distributions received in respect of the deposited preferred stock to the record holders of depository shares relating to such preferred stock in proportion to the number of such depository shares owned by such holders.

The preferred stock depository will distribute any property received by it other than cash to the record holders of depository shares entitled thereto. If the preferred stock depository determines that it is not feasible to make such distribution, it may, with Hovnanian's approval, sell such property and distribute the net proceeds from such sale to such holders.

If Hovnanian offers to the holders of a series of preferred stock represented by the depository shares any rights, preferences or privileges to subscribe for or to purchase any securities or of any other nature, the preferred stock depository will make such rights, preferences or privileges available to the record holders of depository shares either by the issue of warrants representing such rights, preferences or privileges or by such other method as approved by the preferred stock depository and Hovnanian. If the preferred stock depository determines that this is not lawful or feasible or if it is instructed by a holder that such holder does not want to exercise such rights, preferences or privileges, it may, with Hovnanian's approval, sell such rights, preferences or privileges and distribute the net proceeds from such sale to the holders of depository shares entitled thereto.

Redemption of Preferred Stock

If a series of preferred stock represented by depository shares is to be redeemed, the depository shares will be redeemed from the proceeds received by the preferred stock depository resulting from the redemption, in whole or in part, of such series of preferred stock. The depository shares will be redeemed by the preferred stock depository at a price per depository share equal to the applicable fraction of the redemption price per share payable in respect of the shares of preferred stock so redeemed.

Whenever Hovnanian redeems shares of preferred stock held by the preferred stock depositary, the preferred stock depositary will redeem as of the same date the number of depositary shares representing shares of preferred stock so redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by the preferred stock depositary by lot or ratably or by such other equitable method as the preferred stock depositary may decide.

Voting Deposited Preferred Stock

Upon receipt of notice of any meeting at which the holders of any series of deposited preferred stock are entitled to vote, the preferred stock depositary will mail the information contained in such notice of meeting to the record holders of the depositary shares relating to such series of preferred stock. Each record holder of such depositary shares on the record date will be entitled to instruct the preferred stock depositary to vote the amount of the preferred stock represented by such holder's depositary shares. The preferred stock depositary will endeavor, as practicable, to vote the amount of such series of preferred stock represented by such depositary shares in accordance with such instructions.

Hovnanian will agree to take all actions that the preferred stock depositary may deem necessary to enable the preferred stock depositary to vote as instructed. The preferred stock depositary will abstain from voting shares of any series of preferred stock held by it for which it does not receive specific instructions from the holders of depositary shares representing such shares.

Changes Affecting Preferred Stock

Upon any change in par or stated value, split-up, combination or any other reclassification of the series of preferred stock represented by the depositary shares, or upon any recapitalization, reorganization, merger, amalgamation or consolidation affecting Hovnanian or to which it is a party, the preferred stock depositary may in its discretion, with the approval and instructions of Hovnanian, and in such manner as the preferred stock depositary may deem equitable, treat any securities which shall be received by the preferred stock depositary in exchange for or upon conversion of or in respect of such preferred stock as new deposited securities received in exchange for or upon conversion or in respect of such preferred stock and make such adjustments in:

- the fraction of an interest represented by one depositary share in one share of such preferred stock; and
- the ratio of the redemption price per depositary share to the redemption price of a share of such preferred stock,

in each case as may be necessary to fully reflect the effects of such change.

With the approval of Hovnanian, the preferred stock depositary may execute and deliver additional depositary receipts, or may call for the surrender of all outstanding depositary receipts to be exchanged for new depositary receipts specifically describing such new deposited securities.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may at any time be amended by agreement between Hovnanian and the preferred stock depositary. However, any amendment that materially and adversely alters any existing right of the holders of depositary shares will not be effective unless such amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. Every holder of an outstanding depositary receipt at the time any such amendment becomes effective shall be deemed, by continuing to hold such depositary receipt, to consent and agree to such amendment and to be bound by the deposit agreement, which has been amended thereby. The deposit agreement may be terminated only if

- all outstanding depositary shares have been redeemed; or
- a final distribution in respect of the preferred stock has been made to the holders of depositary shares in connection with any liquidation, dissolution or winding up of Hovnanian.

Charges of Preferred Stock Depository; Taxes and Other Governmental Charges

Hovnanian will pay all transfer and other taxes and governmental charges arising solely from the existence of the depository arrangements. Hovnanian also will pay charges of the depository in connection with the deposit of preferred stock and any redemption of preferred stock. The amount paid as dividends or otherwise distributable by the preferred stock depository with respect to the depository shares or the underlying preferred stock will be reduced by any amounts required to be withheld by Hovnanian or the preferred stock depository on account of taxes or other governmental charges. Holders of depository receipts will pay other transfer and other taxes and governmental charges and such other charges, including a fee for the withdrawal of shares of preferred stock upon surrender of depository receipts, as are expressly provided in the deposit agreement to be for their accounts. The preferred stock depository may refuse to make any payment or distribution, or any transfer, exchange or withdrawal of any depository shares or shares of preferred stock, until such taxes or other governmental charges are paid.

Transfer, Surrender and Exchange

Depository receipts may be transferred, surrendered or exchanged in accordance with the deposit agreement. The preferred stock depository, its agents or Hovnanian may require a holder, among other things, to furnish appropriate endorsements and transfer documents. The preferred stock depository is not required to accept deposits of preferred stock or to register transfers, surrenders or exchanges of depository shares during any period when the register of stockholders of Hovnanian is closed or in order to comply with any requirement of law, government or governmental body, commission or the deposit agreement.

Resignation and Removal of Depository

The preferred stock depository may resign at any time by delivering to Hovnanian notice of its intent to do so, and Hovnanian may at any time remove the preferred stock depository, any such resignation or removal to take effect upon the appointment of a successor preferred stock depository and its acceptance of such appointment. Such successor preferred stock depository must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Miscellaneous

The preferred stock depository will forward all reports and communications from Hovnanian which are delivered to the preferred stock depository and which Hovnanian is required to furnish to the holders of the deposited preferred stock.

Neither the preferred stock depository nor Hovnanian will be liable if it or Hovnanian are prevented or delayed by law or any circumstances beyond its or Hovnanian's control in performing its or Hovnanian's obligations under the deposit agreement. Hovnanian's obligations and the obligations of the preferred stock depository under the deposit agreement will be limited to performance in good faith of Hovnanian's and their duties thereunder, and neither Hovnanian nor they will be obligated to prosecute or defend any legal proceeding in respect of any depository shares, depository receipts or shares of preferred stock unless satisfactory indemnity is furnished. Hovnanian and the preferred stock depository may rely upon written advice of counsel or accountants, or upon information provided by holders of depository receipts or other persons believed to be competent and on documents believed to be genuine.

Hovnanian, K. Hovnanian or any of their agents may directly solicit offers to purchase these securities. The applicable prospectus supplement will name any agent, who may be deemed to be an underwriter as that term is defined in the Securities Act, involved in the offer or sale of the securities in respect of which this prospectus is delivered, and will set forth any commissions payable to that agent by Hovnanian or K.
