The Company

We design, construct and market high quality single-family detached homes and attached condominium apartments and townhouses in planned residential developments and are one of the nation's largest builders of residential homes. Originally founded in 1959 by Kevork Hovnanian, Hovnanian Enterprises, Inc. was incorporated in New Jersey in 1967 and reincorporated in Delaware in 1982. Since the incorporation of our predecessor company, we have delivered in excess of 167,000 homes, including 11,531 homes in fiscal 2003. Summary of the Terms of the Exchange Offer

On March 18, 2004, K. Hovnanian completed a private offering of the outstanding notes. References to the "notes" in this prospectus are references to both the outstanding notes and the exchange notes offered hereby.

General

In connection with the private offering of the outstanding notes, we entered into a registration rights agreement with the initial purchasers of the outstanding notes in which the Issuer and the guarantors agreed, among other things, to deliver this prospectus to you and to complete an exchange offer for the outstanding notes within the time period specified in the registration rights agreement. See "Exchange Offer; Registration Rights."

You are entitled to exchange in the exchange offer your outstanding notes for exchange notes, which are identical in all material respects to the outstanding notes except:

- the exchange notes have been registered under the Securities Act of 1933, as amended, which we refer to as the "Securities Act";
- the exchange notes are not entitled to certain registration rights which are applicable to the outstanding notes under the registration rights agreement; and
- certain additional interest rate provisions are no longer applicable.

Outstanding Notes

\$150,000,000 aggregate principal amount of 6³/₈% Senior Notes due 2014, which were issued on March 18, 2004, and which we refer to in this prospectus as the "outstanding notes."

Exchange Notes

\$150,000,000 aggregate principal amount of 6³/₈% Senior Notes due 2014, which we are offering in this exchange offer and which we refer to in this prospectus as the "exchange notes."

The Exchange Offer

We are offering to exchange up to \$150,000,000 aggregate principal amount of our exchange notes, which have been registered under the Securities Act, for a like aggregate principal amount of the outstanding notes. You may only exchange outstanding notes in integral multiples of \$1,000.

Subject to the satisfaction or waiver of specified conditions, we will exchange the exchange notes for all outstanding notes that are validly tendered and not validly withdrawn prior to the expiration of the exchange offer. We will cause the exchange to be effected promptly after the expiration of the exchange offer.

Upon completion of the exchange offer, there may be no market for the outstanding notes and you may have difficulty selling them.

Resales

Based on interpretations by the staff of the Securities and Exchange Commission, or the "SEC," set forth in no-action letters issued to third parties referred to below, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offer without complying with the registration and prospectus delivery requirements of the Securities Act, if:

- (1) you are not an "affiliate" of K. Hovnanian or any guarantor of the notes within the meaning of Rule 405 under the Securities Act;
- (2) you are not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the exchange notes; and
- (3) you are acquiring the exchange notes in the ordinary course of your business.

If you are an affiliate of K. Hovnanian or the guarantors of the notes, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

- (1) you cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and
- (2) in the absence of an exception from the position of the SEC stated in (1) above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of the exchange notes.

If you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making or other trading activities, you must acknowledge that you will deliver a prospectus, as required by law, in connection with any resale or other transfer of the exchange notes that you receive in the exchange offer. See "Plan of Distribution."

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on July 7, 2004 unless extended by us. We do not currently intend to extend the expiration date.

Withdrawal

You may withdraw the tender of your outstanding notes at any time prior to the expiration date. We will return to you any of your outstanding notes that are not accepted for any reason for exchange, without expense to you, promptly after the expiration or termination of the exchange offer.

Interest on the Exchange Notes and the Outstanding Notes

Each exchange note will bear interest at the rate per annum set forth on the cover page of this prospectus from the most recent date to which interest has been paid on the outstanding notes or, if no interest has been paid on the outstanding notes, from March 18, 2004. The interest will be payable semi-annually on each June 15 and December 15, beginning June 15, 2004. No interest will be paid on outstanding notes following their acceptance for exchange.

Conditions to the Exchange Offer

The exchange offer is subject to customary conditions, which we may assert or waive. See "The Exchange Offer—Conditions to the Exchange Offer."

Procedures for Tendering Outstanding Notes

If you wish to participate in the exchange offer, you must complete, sign and date the accompanying letter of transmittal, or a facsimile of the letter of transmittal, according to the instructions contained in this prospectus and the letter of transmittal. You must then mail or otherwise deliver the letter of transmittal, or a facsimile of the letter of transmittal, together with the outstanding notes and any other required documents, to the exchange agent at the address set forth on the cover page of the letter of transmittal. If you hold outstanding notes through The Depository Trust Company, or "DTC," and wish to participate in the exchange offer, you must comply with the Automated Tender Offer Program procedures of DTC, by which you will agree to be bound by the letter of transmittal. By signing, or agreeing to be bound by, the letter of transmittal, you will represent to us that, among other things:

- (1) you are not an "affiliate" of K. Hovnanian or the guarantors of the notes within the meaning of Rule 405 under the Securities Act;
- (2) you are not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the exchange notes;
- (3) you are acquiring the exchange notes in the ordinary course of your business; and
- (4) if you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making or other trading activities, that you will deliver a prospectus, as required by law, in connection with any resale or other transfer of such exchange notes.

If you are an affiliate of K. Hovnanian or the guarantors of the notes or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business, you cannot rely on the applicable positions and interpretations of the staff of the SEC and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale or other transfer of the exchange notes.

Special Procedures for Beneficial Owners

If you are a beneficial owner of outstanding notes that are held in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender those outstanding notes in the exchange offer, you should contact such person promptly and instruct such person to tender those outstanding notes on your behalf.

Guaranteed Delivery Procedures

If you wish to tender your outstanding notes and your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal and any other documents required by the letter of transmittal or you cannot comply with the DTC procedures for book-entry transfer prior to the expiration date, you must tender your outstanding notes according to the guaranteed delivery procedures set forth in this prospectus under "The Exchange Offer—Guaranteed Delivery Procedures."

Effect on Holders of Outstanding Notes

In connection with the sale of the outstanding notes, we entered into a registration rights agreement with the initial purchasers of the outstanding notes, which grants the holders of outstanding notes registration rights. By making this exchange offer, we will have fulfilled most of our obligations under the registration rights agreement. Accordingly, we will not be obligated to pay additional interest as described in the registration rights agreement. If you do not tender your outstanding notes in the exchange offer, you will continue to be entitled to all the rights and limitations applicable to the outstanding notes as set forth in the indenture, except we will not have any further obligation to you to provide for the registration of the outstanding notes under the registration rights agreement and we will not be obligated to pay additional interest as described in the registration rights agreement, except in certain limited circumstances. See "Exchange Offer; Registration Rights."

To the extent that outstanding notes are tendered and accepted in the exchange offer, the trading market for outstanding notes could be adversely affected.

Consequences of Failure to Exchange

All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the indenture. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently anticipate that we will register the outstanding notes under the Securities Act.

Certain Income Tax Considerations

The exchange of outstanding notes for exchange notes in the exchange offer will not be a taxable event for United States federal income tax purposes. See "United States Federal Income Tax Consequences of the Exchange Offer."

Use of Proceeds

We will not receive any cash proceeds from the issuance of exchange notes in the exchange offer.

Exchange Agent

Wachovia Bank, National Association, whose address and telephone number is set forth in the section captioned "The Exchange Offer—Exchange Agent" of this prospectus, is the exchange agent for the exchange offer.

Summary of the Terms of the Exchange Notes

The terms of the exchange notes are identical in all material respects to the terms of the outstanding notes, except that the exchange notes will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be governed by the same indenture under which the outstanding notes were issued and the exchange notes and the outstanding notes will constitute a single class and series of notes for all purposes under the indenture.

Issuer	K. Hovnanian Enterprises, Inc.
Notes Offered	We are offering \$150.0 million aggregate principal amount of 6 ³ / ₈ % Senior Notes due 2014.
Maturity Date	December 15, 2014.
Interest Payment Dates	Each June 15 and December 15, beginning June 15, 2004.
Optional Redemption	We may redeem the notes, in whole or in part, at any time, at a redemption price equal to 100% of the principal amount of the notes plus accrued and unpaid interest to the date of redemption, if any, plus a Make-Whole Amount. See "Description of the Notes—Redemption."
Change of Control	Upon a change of control as described in the section "Description of the Notes," you will have the right to require us to purchase some or all of the notes at 101% of the principal amount, plus accrued and unpaid interest, if any, to the date of purchase. We can give no assurance that, upon such an event, we will have sufficient funds to purchase any of the notes.
Guarantees	The guarantors are Hovnanian Enterprises, Inc., the parent corporation of the Issuer, and most of the parent's existing and future restricted subsidiaries. If the Issuer cannot make payments on the notes when they are due, the guarantors must make the payments instead. As of the date of this prospectus, our title insurance and home mortgage subsidiaries and certain joint ventures are not guarantors or restricted subsidiaries.
Ranking	The outstanding notes are, and the exchange notes will be, general obligations and, the outstanding notes are not, and the exchange notes will not be, secured by any collateral. Your right to payment under the notes will be: <ul style="list-style-type: none">• junior to the rights of secured creditors to the extent of their security in our assets;• equal with the rights of creditors under other unsecured senior debt, including our revolving credit facility and term loan facility; and• senior to the rights of creditors under debt that is expressly subordinated to the notes.

The guarantee of each of the guarantors of the outstanding notes is not, and, of the exchange notes, will not be, secured by any collateral. Your right to payment under any guarantee will be:

- junior to the rights of secured creditors to the extent of their security in the guarantors' assets;
- equal with the rights of creditors under the guarantors' other unsecured senior debt; and
- senior to the rights of creditors under the guarantors' debt that is expressly subordinated to the guarantee.

See the section "Description of the Notes—Ranking."

At January 31, 2004, assuming that we had completed the offering of the outstanding notes and the application of the net proceeds thereof at that date, the Issuer and the guarantors would have had approximately \$1,065.7 million of debt (including the outstanding notes) outstanding, \$48.4 million of which would have been secured by certain of our real estate assets and \$300.0 million of which would have been subordinated to the outstanding notes.

Certain Covenants

The indenture contains covenants that, among other things, restrict our ability and the ability of the guarantors to:

- borrow money;
- pay dividends on our common stock;
- repurchase our common stock;
- make investments in subsidiaries that are not restricted;
- sell certain assets;
- incur certain liens;
- merge with or into other companies; and
- enter into certain transactions with our affiliates.

For more details, see the section "Description of the Notes—Certain Covenants."

If the notes receive an investment grade rating by both Moody's and Standard & Poor's, then our obligation to comply with certain of the covenants will cease for so long as the notes continue to be rated investment grade. See "Description of the Notes—Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade."

Absence of a Public Market

The exchange notes will generally be freely transferable (subject to certain restrictions discussed in "Exchange Offer; Registration Rights") but will be a new issue of securities for which there will not initially be a market. Accordingly, there can be no assurance as to the development or liquidity of any market for the exchange notes. The initial purchasers in the private offering of the outstanding notes have advised us that they currently intend to make a market for the exchange notes, as permitted by applicable laws and regulations. However, they are not obligated to do so and may discontinue any such market making activities at any time without notice. We do not intend to apply for a listing of the exchange notes on any securities exchange or automated dealer quotation system.

Use of Proceeds

We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. For a description of the use of proceeds from the private offering of the outstanding notes, see "Use of Proceeds."

RISK FACTORS

In addition to the other information included in this prospectus and the documents incorporated by reference in this prospectus, you should carefully consider the following risk factors before you decide to participate in the exchange offer.

Risks Related to the Exchange Offer

If you choose not to exchange your outstanding notes in the exchange offer, the transfer restrictions currently applicable to your outstanding notes will remain in force and the market price of your outstanding notes could decline.

If you do not exchange your outstanding notes for exchange notes in the exchange offer, then you will continue to be subject to the transfer restrictions on the outstanding notes as set forth in the offering circular distributed in connection with the private offering of the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. You should refer to "Prospectus Summary—Summary of the Terms of the Exchange Offer" and "The Exchange Offer" for information about how to tender your outstanding notes.

The tender of outstanding notes under the exchange offer will reduce the principal amount of the outstanding notes outstanding, which may have an adverse effect upon, and increase the volatility of, the market price of the outstanding notes due to reduction in liquidity.

You must follow the exchange offer procedures carefully in order to receive the exchange notes.

If you do not follow the procedures described herein, you will not receive any exchange notes. The exchange notes will be issued to you in exchange for outstanding notes only after timely receipt by the exchange agent of:

- your outstanding notes and either:
 - a properly completed and executed letter of transmittal and all other required documents; or
 - a book-entry delivery by electronic transmittal of an agent's message through the Automated Tender Offer Program of DTC.

If you want to tender your outstanding notes in exchange for exchange notes, you should allow sufficient time to ensure timely delivery. No one is under any obligation to give you notification of defects or irregularities with respect to tenders of outstanding notes for exchange. For additional information, see the section captioned "The Exchange Offer" in this prospectus.

Risks Relating to Our Business

Leverage places burdens on our ability to comply with the terms of our indebtedness, may restrict our ability to operate, may prevent us from fulfilling our obligations and may adversely affect our financial condition.

We have a significant amount of debt. On a pro forma basis after giving effect to the offering of the outstanding notes and the application of the net proceeds thereof:

- our debt, as of January 31, 2004, including the debt of the guarantors, would have been \$1,065.7 million;

- we would have had, as of January 31, 2004, \$590.0 million of borrowings available under our \$590.0 million revolving credit facility (net of \$126.4 million in letters of credit outstanding under the facility), subject to borrowing conditions;
- our debt service payments for the 12-month period ended January 31, 2004, which include interest incurred and mandatory principal payments on our corporate debt under the terms of our indentures (but which do not include principal and interest on non-recourse secured debt and debt of our financial subsidiaries), would have been \$80,355,000; and
- an increase of 1.0% in short-term interest rates (one-month LIBOR) would have increased our annual debt service at January 31, 2004 by approximately \$1,210,000.

Our amount of debt could have important consequences to you. For example, it could:

- limit our ability to obtain future financing for working capital, capital expenditures, acquisitions, debt service requirements or other requirements;
- require us to dedicate a substantial portion of our cash flow from operations to the payment on our debt and reduce our ability to use our cash flow for other purposes;
- limit our flexibility in planning for, or reacting to, changes in our business;
- place us at a competitive disadvantage because we have more debt than some of our competitors; and
- make us more vulnerable in the event of a downturn in our business or in general economic conditions.

Our ability to meet our debt service and other obligations will depend upon our future performance. We are engaged in businesses that are substantially affected by changes in economic cycles. Our revenues and earnings vary with the level of general economic activity in the markets we serve. Our businesses are also affected by financial, political, business and other factors, many of which are beyond our control. The factors that affect our ability to generate cash can also affect our ability to raise additional funds for these purposes through the sale of equity securities, the refinancing of debt, or the sale of assets. Changes in prevailing interest rates may affect our ability to meet our debt service obligations, because borrowings under our revolving credit facilities bear interest at floating rates. A higher interest rate on our debt service obligations could result in lower earnings.

Our business may not generate sufficient cash flow from operations and borrowings may not be available to us under our revolving credit facilities in an amount sufficient to enable us to pay our indebtedness or to fund our other liquidity needs. We may need to refinance all or a portion of our debt on or before maturity, which we may not be able to do on favorable terms or at all.

The indentures governing the notes and our other outstanding debt and our term loan and revolving credit facilities impose restrictions on our operations and activities. The most significant restrictions relate to debt incurrence, sales of assets and cash distributions by us and require us to comply with certain financial covenants listed in those debt and term loan and revolving credit facilities. If we fail to comply with any of these restrictions or covenants, the trustees or the banks, as appropriate, could cause our debt to become due and payable prior to maturity.

The terms of our indentures allow us to incur additional indebtedness.

Under the terms of our indebtedness under our existing indentures, we have the ability, subject to our debt covenants, to incur additional amounts of debt. The incurrence of additional indebtedness could magnify the risks described above.

The homebuilding industry is significantly affected by changes in general and local economic conditions, real estate markets and weather conditions, which could affect our ability to build homes at prices our customers are willing or able to pay, could reduce profits that may not be recaptured and could result in cancellation of sales contracts.

The homebuilding industry is cyclical, has from time to time experienced significant difficulties and is significantly affected by changes in general and local economic conditions such as:

- employment levels and job growth;
- availability of financing for home buyers;
- interest rates;
- consumer confidence; and
- housing demand.

An oversupply of alternatives to new homes, such as rental properties and used homes, could depress prices and reduce margins for the sale of new homes. We increased our inventory in 2003, which could increase our exposure to this risk as the cycle turns.

Weather conditions and natural disasters such as hurricanes, tornadoes, earthquakes, floods and fires can harm the local homebuilding business.

The difficulties described above could cause us to take longer and incur more costs to build our homes. We may not be able to recapture increased costs by raising prices in many cases because we fix our prices up to twelve months in advance of delivery by signing home sales contracts. In addition, some home buyers may cancel or not honor their home sales contracts altogether.

Our success depends on the availability of suitable undeveloped land and improved lots at acceptable prices.

Our success in developing land and in building and selling homes depends in part upon the continued availability of suitable undeveloped land and improved lots at acceptable prices. The availability of undeveloped land and improved lots for purchase at favorable prices depends on a number of factors outside of our control, including the risk of competitive over-bidding on land and lots and restrictive governmental regulation. Should suitable land opportunities become less available, the number of homes we may be able to build and sell would be reduced, which would reduce revenue and profits.

Raw material and labor shortages and price fluctuations could delay or increase the cost of home construction and adversely affect our operating results.

The homebuilding industry has from time to time experienced raw material and labor shortages. In particular, shortages and fluctuations in the price of lumber or in other important raw materials could result in delays in the start or completion of, or increase the cost of, developing one or more of our residential communities. In addition, we contract with subcontractors to construct our homes. Therefore, the timing and quality of our construction depends on the availability, skill and cost of our subcontractors. Delays or cost increases caused by shortages and price fluctuations could harm our operating results, the impact of which may be further affected by our ability to raise sales prices.

Changes in economic and market conditions could result in the sale of homes at a loss or holding land in inventory longer than planned, the cost of which can be significant.

Land inventory risk can be substantial for homebuilders. We must continuously seek and make acquisitions of land for expansion into new markets and for replacement and expansion of land inventory within our current markets. The market value of undeveloped land, buildable lots and

housing inventories can fluctuate significantly as a result of changing economic and market conditions. In the event of significant changes in economic or market conditions, we may have to sell homes at a loss or hold land in inventory longer than planned. Inventory carrying costs can be significant and can result in losses in a poorly performing project or market.

Home prices and sales activities in the California, New Jersey, Texas, North Carolina, Virginia and Maryland markets have a large impact on our profitability because we conduct a significant portion of our business in these markets.

We presently conduct a significant portion of our business in the California, New Jersey, Texas, North Carolina, Virginia and Maryland markets. Home prices and sales activities in these markets, including in some of the markets in which we operate, have declined from time to time, particularly as a result of slow economic growth. Furthermore, precarious economic and budget situations at the state government level, such as that presently existing in California, may adversely affect the market for our homes in those affected areas. If home prices and sales activity decline in one or more of the markets in which we operate, our costs may not decline at all or at the same rate and profits may be reduced.

Because almost all of our customers require mortgage financing, increases in interest rates or the availability of mortgage financing could impair the affordability of our homes, lower demand for our products, limit our marketing effectiveness, and limit our ability to fully realize our backlog.

Virtually all our customers finance their acquisitions through lenders providing mortgage financing. Increases in interest rates or decreases in availability of mortgage financing could lower demand for new homes because of the increased monthly mortgage costs to potential homebuyers. Even if potential customers do not need financing, changes in interest rates and mortgage availability could make it harder for them to sell their existing homes to potential buyers who need financing. This could prevent or limit our ability to attract new customers as well as our ability to fully realize our backlog because our sales contracts generally include a financing contingency. Financing contingencies permit the customer to cancel his obligation in the event mortgage financing at prevailing interest rates, including financing arranged or provided by us, is unobtainable within the period specified in the contract. This contingency period is typically four to eight weeks following the date of execution.

In addition, we believe that the availability of FNMA, FHLMC, FHA and VA mortgage financing is an important factor in marketing many of our homes. Any limitations or restrictions on the availability of those types of financing could reduce our sales.

Homebuilders are subject to a number of federal, local, state and foreign laws and regulations concerning the development of land, the homebuilding process and protection of the environment, which can cause us to incur delays and costs associated with compliance and which can prohibit or restrict our activity in some regions or areas.

We are subject to extensive and complex regulations that affect the development and homebuilding process, including zoning, density and building standards. These regulations often provide broad discretion to the administering governmental authorities. This can delay or increase the cost of development or homebuilding.

We also are subject to a variety of local, state, federal and foreign laws and regulations concerning protection of health and the environment. The particular environmental laws which apply to any given community vary greatly according to the community site, the site's environmental conditions and the present and former uses of the site. These environmental laws may result in delays, may cause us to incur substantial compliance, remediation, and/or other costs, and can prohibit or severely restrict development and homebuilding activity in certain environmentally sensitive regions or areas.

It can be anticipated that increasingly stringent requirements will be imposed on developers and homebuilders in the future. Although we cannot predict the effect of these requirements, they could result in time-consuming and expensive compliance programs and in substantial expenditures, which could cause delays and increase our cost of operations. In addition, the continued effectiveness of permits already granted or approvals already obtained is dependent upon many factors, some of which are beyond our control, such as changes in policies, rules and regulations and their interpretation and application.

We compete on several levels with homebuilders that may have greater sales and financial resources, which could hurt future earnings.

We compete not only for home buyers but also for desirable properties, financing, raw materials and skilled labor often within larger subdivisions designed, planned and developed by other homebuilders. Our competitors include other local regional and national homebuilders, some of which have greater sales and financial resources.

The competitive conditions in the homebuilding industry could result in:

- difficulty in acquiring suitable land at acceptable prices;
- increased selling incentives;
- lower sales; or
- delays in construction.

Any of these problems could increase costs and/or lower profit margins.

We may have difficulty in obtaining the additional financing required to operate and develop our business.

Our operations require significant amounts of cash, and we will be required to seek additional capital, whether from sales of equity or borrowing more money, for the future growth and development of our business. The terms or availability of additional capital is uncertain. Moreover, the indenture governing the notes and the indentures for our other outstanding debt contain provisions that may restrict the debt we may incur in the future. If we are not successful in obtaining sufficient capital, it could reduce our sales and may hinder our future growth and results of operations.

Our future growth may include additional acquisitions that may not be successfully integrated and may not achieve expected benefits.

Acquisitions have contributed to our growth. We have recently announced several acquisitions or mergers, including the Summit Homes acquisition in Ohio, which closed in April 2003, the Great Western Homes acquisition in Phoenix, Arizona, which closed in August 2003, and the Windward Homes acquisition in Tampa, Florida, which closed in November 2003. In the future, we may acquire other businesses. As a result of these acquisitions, we may need to integrate product lines, dispersed operations and distinct corporate cultures. These integration efforts may not succeed or may distract our management from operating our existing business. Additionally, we may not be able to enhance our earnings as a result of acquisitions. Our failure to successfully manage future acquisitions could harm our operating results.

Utility shortages and outages or rate fluctuations could have an adverse effect on our operations.

In prior years, the areas in which we operate in California have experienced power shortages, including periods without electrical power, as well as significant fluctuations in utility costs. We may incur additional costs and may not be able to complete construction on a timely basis if such power shortages/outages and utility rate fluctuations continue. Furthermore, power shortages and outages,

such as the blackout that recently occurred in the Northeast, and rate fluctuations may adversely affect the regional economies in which we operate, which may reduce demand for our homes. Our operations may be adversely affected if further rate fluctuations and/or power shortages and outages occur in California, the Northeast or in our other markets.

Geopolitical risks and market disruption could adversely affect our operating results and financial condition.

Geopolitical events, such as the aftermath of the war with Iraq and the continuing occupation of Iraq, may have a substantial impact on the economy and the housing market. The terrorist attacks on the World Trade Center and the Pentagon on September 11, 2001 had an impact on our business and the occurrence of similar events in the future cannot be ruled out. The war and occupation, terrorism and related geopolitical risks have created many economic and political uncertainties, some of which may have additional material adverse effects on the U.S. economy, our customers and, in turn, our results of operations and financial condition.

Risks Related to the Notes

After completion of this offering, we will have a significant amount of indebtedness and we may incur additional indebtedness.

At January 31, 2004, assuming we had completed the offering of the outstanding notes and the application of the net proceeds thereof at that date, the Issuer and the guarantors would have had approximately \$1,065.7 million of debt (including the outstanding notes) outstanding. We and our subsidiaries may incur additional indebtedness in the future. Subject to certain conditions, the terms of the indenture under which the outstanding notes were, and the exchange notes will be, issued and our other existing debt instruments do not prohibit us or our subsidiaries from incurring additional indebtedness. If indebtedness is added to our current debt levels, the risks related to the notes and our indebtedness generally that we and our subsidiaries now face could intensify.

The notes are unsecured obligations.

The outstanding notes are not, and the exchange notes will not be, secured by any of our assets, and the outstanding notes are, and the exchanges notes will be, subordinated to any of our existing and future secured indebtedness. Accordingly, in the event of our bankruptcy, liquidation or any similar proceeding, holders of the notes will be entitled to payment only after the holders of any of our secured indebtedness have been paid. At January 31, 2004, assuming we had completed the offering of the outstanding notes and the application of the net proceeds thereof at that date, the Issuer and the guarantors would have had approximately \$48.4 million of secured indebtedness outstanding. Subject to certain limits in the indenture under which the outstanding notes were, and the exchange notes will be, issued and our other existing debt instruments, we will be able to incur additional secured obligations.

The notes will be structurally junior to indebtedness of our non-guarantor subsidiaries.

You will not have any claim as a creditor against any of our non-guarantor subsidiaries, and indebtedness and other liabilities, including trade payables, of those subsidiaries will effectively be senior to your claims against those subsidiaries. At January 31, 2004, our non-guarantor subsidiaries had \$117.0 million of outstanding liabilities, including trade payables. In addition, the indenture under which the outstanding notes were, and the exchange notes will be, issued will, subject to certain limitations, permit these subsidiaries to incur additional indebtedness and does not contain any limitation on the amount of other liabilities, such as trade payables, that may be incurred by these subsidiaries.

Exercise of Change of Control Rights—We may not have the ability to raise funds necessary to finance any change of control offer required by the indenture.

If a change of control occurs as described in the section "Description of the Notes—Certain Covenants," we would be required to offer to purchase your notes at 101% of their principal amount together with all accrued and unpaid interest, if any, to the date of purchase. If a purchase offer obligation arises under the indenture governing your notes, a change of control will have also occurred under other indentures governing our debt. Our credit facilities currently provide that certain change of control events will constitute a default and could result in the acceleration of the indebtedness outstanding thereunder. Any of our future debt agreements may contain similar restrictions and provisions. If a purchase offer were required under the indentures for our debt, we may not have sufficient funds to pay the purchase price for all debt that we are required to repurchase or repay. After giving effect to the offering of the outstanding notes, we did not have sufficient funds available to purchase all of such outstanding debt.

An active trading market may not develop for the exchange notes.

We are offering the exchange notes to the holders of the outstanding notes. The exchange notes are a new issue of securities. There is no active public trading market for the exchange notes. We do not intend to apply for listing of the exchange notes on a security exchange. The initial purchasers of the outstanding notes have informed us that they intend to make a market in the exchange notes. However, the initial purchasers may cease their market-making at any time. We cannot assure you that an active trading market will develop for the exchange notes or that the exchange notes will trade as one class with the outstanding notes. In addition, the liquidity of the trading market in the exchange notes and the market prices quoted for the exchange notes may be adversely affected by changes in the overall market for this type of securities and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a consequence, an active trading market may not develop for your exchange notes, you may not be able to sell your exchange notes, or, even if you can sell your exchange notes, you may not be able to sell them at an acceptable price.

Federal and state laws allow courts, under specific circumstances, to void guarantees and to require you to return payments received from guarantors.

Although you will be direct creditors of the guarantors by virtue of the guarantees, existing or future creditors of any guarantor could avoid or subordinate that guarantor's guarantee under the fraudulent conveyance laws if they were successful in establishing that:

- the guarantee was incurred with fraudulent intent; or
- the guarantor did not receive fair consideration or reasonably equivalent value for issuing its guarantee and
 - was insolvent at the time of the guarantee;
 - was rendered insolvent by reason of the guarantee;
 - was engaged in a business or transaction for which its assets constituted unreasonably small capital to carry on its business; or
 - intended to incur, or believed that it would incur, debt beyond its ability to pay such debt as it matured.

The measures of insolvency for purposes of determining whether a fraudulent conveyance occurred vary depending upon the laws of the relevant jurisdiction and upon the valuation assumptions and

methodology applied by the court. Generally, however, a company would be considered insolvent for purposes of the foregoing if:

- the sum of the company's debts, including contingent, unliquidated and unmatured liabilities, is greater than all of such company's property at a fair valuation, or
- if the present fair saleable value of the company's assets is less than the amount that will be required to pay the probable liability on its existing debts as they become absolute and matured.

We cannot assure you as to what standard a court would apply in order to determine whether a guarantor was "insolvent" as of the date its guarantee was issued, and we cannot assure you that, regardless of the method of valuation, a court would not determine that any guarantors were insolvent on that date. The subsidiary guarantees could be subject to the claim that, since the guarantees were incurred for the benefit of Hovnanian and the Issuer, and only indirectly for the benefit of the other guarantors, the obligations of the guarantors thereunder were incurred for less than reasonably equivalent value or fair consideration.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of computing the ratio of earnings to fixed charges, earnings consist of earnings from continuing operations before income taxes, minority interest and cumulative effect of accounting changes, plus fixed charges, less interest capitalized. Fixed charges consist of all interest incurred plus the amortization of debt-issuance costs and bond discounts.

The following table sets forth the ratio of earnings to fixed charges for Hovnanian for each of the periods indicated.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement that we entered into in connection with the private offering of the outstanding notes. We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. As consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of outstanding notes, the terms of which are identical in all material respects to the exchange notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The outstanding notes that are surrendered in exchange for the exchange notes will be retired and cancelled and cannot be reissued. As a result, the issuance of the exchange notes will not result in any increase or decrease in our capitalization.

We used a portion of the net proceeds from the private offering of the outstanding notes to redeem all of our 9¹/₈% Senior Notes due 2009, and we used the remainder for general corporate purposes.

The following table sets forth our capitalization as of January 31, 2004 and on an as adjusted basis to give effect to the offering of the outstanding notes and the application of the net proceeds thereof. THE EXCHANGE OFFER

General

K. Hovnanian hereby offers to exchange a like principal amount of exchange notes for any or all outstanding notes on the terms and subject to the conditions set forth in this prospectus and accompanying letter of transmittal. We refer to this offer as the "exchange offer." You may tender some or all of your outstanding notes pursuant to the exchange offer.

As of the date of this prospectus, \$150,000,000 aggregate principal amount of the outstanding notes is outstanding. This prospectus, together with the letter of transmittal, is first being sent to all holders of outstanding notes known to us on or about June 7, 2004. K. Hovnanian's obligation to accept outstanding notes for exchange pursuant to the exchange offer is subject to certain conditions set forth under "—Conditions to the Exchange Offer" below. K. Hovnanian currently expects that each of the conditions will be satisfied and that no waivers will be necessary.

Purpose and Effect of the Exchange Offer

We entered into a registration rights agreement with the initial purchasers of the outstanding notes in which we agreed, under certain circumstances, to file a registration statement relating to an offer to exchange the outstanding notes for exchange notes by June 16, 2004. We also agreed to use our reasonable best efforts to cause such offer to be consummated on the earliest practicable date after the registration statement has become effective but in no event later than 40 business days thereafter. The exchange notes will have terms substantially identical to the terms of the outstanding notes, except that the exchange notes will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The outstanding notes were issued on March 18, 2004.

Under the circumstances set forth below, we will use our reasonable best efforts to cause the Securities and Exchange Commission, or the SEC, to declare effective a shelf registration statement with respect to the resale of the outstanding notes within the time periods specified in the registration rights agreement and to keep the shelf registration statement effective for up to two years after the effective date of the shelf registration statement. These circumstances include:

- if applicable law or interpretations of the staff of the SEC do not permit K. Hovnanian and the guarantors to effect this exchange offer after we have sought a no-action letter or other favorable decision from the SEC and after we have taken all such other actions as may be requested by the SEC or otherwise required in connection with such decision; and
- if any holder of the outstanding notes notifies us within 20 business days following the consummation deadline of the exchange offer that:
 - based on an opinion of counsel, such holder was prohibited by law or SEC policy from participating in the exchange offer; or
 - such holder is a broker-dealer and holds the outstanding notes acquired directly from us or our affiliates.

If we fail to comply with certain obligations under the registration rights agreement, we will be required to pay additional interest to holders of the outstanding notes and the exchange notes required to be registered on a shelf registration statement. Please read the section "Exchange Offer; Registration Rights" for more details regarding the registration rights agreement.

Each holder of outstanding notes that wishes to exchange their outstanding notes for exchange notes in the exchange offer will be required to make the following written representations:

- such holder is not an affiliate of K. Hovnanian or the guarantors within the meaning of Rule 405 of the Securities Act, or, if it is an affiliate, it will comply with all applicable registration and prospectus delivery requirements of the Securities Act;
- such holder is not engaged in, does not intend to engage in, and has no arrangement or understanding with any person to participate in, a distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act; and
- such holder is acquiring the exchange notes in the ordinary course of its business.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See "Plan of Distribution."

Resale of Exchange Notes

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties referred to below, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offer without complying with the registration and prospectus delivery provisions of the Securities Act, if:

- you are acquiring the exchange notes in your ordinary course of business;
- you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;
- you are not an affiliate of K. Hovnanian or any guarantor as defined by Rule 405 of the Securities Act; and
- you are not engaged in, and do not intend to engage in, a distribution of the exchange notes.

If you are an affiliate of K. Hovnanian or any guarantor, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

- you cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and
- in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, for resale or for other retransfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read "Plan of Distribution" for more details regarding the transfer of exchange notes.

Terms of the Exchange Offer

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept for exchange in the exchange offer outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in multiples of \$1,000. We will issue \$1,000 principal amount of exchange notes in exchange for each \$1,000 principal amount of outstanding notes surrendered in the exchange offer.

The form and terms of the exchange notes will be substantially identical to the form and terms of the outstanding notes, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be issued under and entitled to the benefits of the same indenture under which the outstanding notes were issued and the exchange notes and the outstanding notes will constitute a single class and series of notes for all purposes under the indenture. For a description of the indenture, see "Description of the Notes."

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$150,000,000 aggregate principal amount of the outstanding notes is outstanding. This prospectus and a letter of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits that such holders have under the indenture relating to such holders' outstanding notes, except for any rights under the registration rights agreement that by their terms terminate upon the consummation of the exchange offer.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the exchange offer and to refuse to accept the occurrence of any of the conditions specified below under "—Conditions to the Exchange Offer."

Holders who tender outstanding notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offer. It is important that you read "—Fees and Expenses" below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date; Extensions, Amendments

As used in this prospectus, the term "expiration date" means 5:00 p.m., New York City time, on July 7, 2004. However, if we, in our sole discretion, extend the period of time for which the exchange offer is open, the term "expiration date" will mean the latest time and date to which we shall have extended the expiration of the exchange offer.

To extend the period of time during which the exchange offer is open, we will notify the exchange agent of any extension, followed by notification to the registered holders of the outstanding notes no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion:

- to delay accepting for exchange any outstanding notes;
- to extend the exchange offer or to terminate the exchange offer and to refuse to accept outstanding notes not previously accepted if any of the conditions set forth below under "—Conditions to the Exchange Offer" have not been satisfied, by giving oral or written notice of such delay, extension or termination to the exchange agent; and
- subject to the terms of the registration rights agreement, to amend the terms of the exchange offer in any manner.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice to the registered holders of the outstanding notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose the amendment in a manner reasonably calculated to inform the holders of outstanding notes of that amendment.

Conditions to the Exchange Offer

Despite any other term of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes, and we may terminate or amend the exchange offer as provided in this prospectus before accepting any outstanding notes for exchange if:

- the exchange offer, or the making of any exchange by a holder of outstanding notes, violates any applicable law or interpretation of the staff of the SEC;
- any action or proceeding shall have been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer, and any material adverse development shall have occurred in any existing action or proceeding with respect to us; or
- all governmental approvals shall not have been obtained, which approvals we deem necessary for the consummation of the exchange offer.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

- the representations described under "—Purpose and Effect of the Exchange Offer" and "—Procedures for Tendering"; and
- any other representations as may be reasonably necessary under applicable SEC rules, regulations, or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

We expressly reserve the right at any time or at various times to extend the period of time during which the exchange offer is open. Consequently, we may delay acceptance of any outstanding notes by giving oral or written notice of such extension to their holders. During any such extensions, all outstanding notes previously tendered will remain subject to the exchange offer and we may accept them for exchange. We will return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holder as promptly as practicable after the expiration or termination of the exchange offer.

We expressly reserve the right to amend or terminate the exchange offer and to reject for exchange any outstanding notes not previously accepted for exchange upon the occurrence of any of the conditions of the exchange offer specified above. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

Procedures for Tendering

Only a holder of outstanding notes may tender their outstanding notes in the exchange offer. To tender in the exchange offer, a holder must comply with either of the following:

- complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature on the letter of transmittal guaranteed if required by the letter of transmittal and mail or deliver such letter of transmittal or facsimile to the exchange agent prior to the expiration date; or
- comply with DTC's Automated Tender Offer Program procedures described below.

In addition, either:

- the exchange agent must receive outstanding notes along with the letter of transmittal; or
- prior to the expiration date, the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent's account at DTC according to the procedure for book-entry transfer described below or a properly transmitted agent's message; or
- the holder must comply with the guaranteed delivery procedures described below.

To be tendered effectively, the exchange agent must receive any physical delivery of the letter of transmittal and other required documents at the address set forth below under "—Exchange Agent" prior to the expiration date.

A tender to us that is not withdrawn prior to the expiration date constitutes an agreement between us and the tendering holder upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of outstanding notes, letter of transmittal, and all other required documents to the exchange agent is at the holder's election and risk. Rather than mail these items, we recommend that holders use an overnight or hand delivery service. In all cases, holders should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. Holders should not send letters of transmittal or certificates representing outstanding notes to us. Holders may request that their respective brokers, dealers, commercial banks, trust companies or other nominees effect the above transactions for them.

If you are a beneficial owner whose outstanding notes are held in the name of a broker, dealer, commercial bank, trust company, or other nominee and you wish to participate in the exchange offer, you should promptly contact such party and instruct such person to tender outstanding notes on your behalf.

You must make these arrangements or follow these procedures before completing and executing the letter of transmittal and delivering your outstanding notes.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the NASD, a commercial bank or trust company having an office or correspondent in the United States or another "eligible guarantor institution" within the meaning of Rule 17A(d)-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

- by a registered holder of the outstanding notes who has not completed the box entitled "Special Registration Instructions" or "Special Delivery Instructions" on the letter of transmittal; or
- for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding notes and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal or any certificates representing outstanding notes, or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations, or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

Book-Entry Delivery Procedures

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC for purposes of the exchange offer. Any financial institution that is a participant in DTC's systems may make book-entry delivery of the outstanding notes by causing DTC to transfer those outstanding notes into the exchange agent's account at DTC in accordance with DTC's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a "book-entry confirmation," prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at DTC, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an "agent's message," as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to DTC does not constitute delivery to the exchange agent. Holders of outstanding notes who are unable to deliver confirmation of the book-entry tender of their outstanding notes into the exchange agent's account at DTC or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding notes according to the guaranteed delivery procedures described below.

Tender of Outstanding Notes Held Through The Depository Trust Company

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange, electronically transmit their acceptance of the exchange offer by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC's Automated Tender Offer Program procedures for transfer. DTC will then send an agent's message to the exchange agent. The term "agent's message" means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

- DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that it is tendering outstanding notes that are the subject of the book-entry confirmation;
- the participant has received and agrees to be bound by the terms of the letter of transmittal, or, in the case of an agent's message relating to guaranteed delivery, that such participant has received and agrees to be bound by the applicable notice of guaranteed delivery; and
- we may enforce that agreement against such participant.

Acceptance of Exchange Notes

In all cases, we will issue exchange notes for outstanding notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

- outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent's account at DTC; and
- a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

By tendering outstanding notes pursuant to the exchange offer, each holder will represent to us that, among other things:

- the holder is not an affiliate of K. Hovnanian or the guarantors within the meaning of Rule 405 of the Securities Act;
- the holder is not engaged in, does not intend to engage in, and has no arrangement or understanding with any person to participate in, a distribution of the exchange notes; and
- the holder is acquiring the exchange notes in the ordinary course of its business.

If the holder is an affiliate of K. Hovnanian or any guarantor, or is engaging in, or intends to engage in, or has any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or is not acquiring the exchange notes in the ordinary course of its business:

- the holder cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and
- in the absence of an exception from the position stated immediately above, the holder must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer

as a result of market-making activities or other trading activities and must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. See "Plan of Distribution."

We will interpret the terms and conditions of the exchange offer, including the letter of transmittal and the instructions to the letter of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt, and acceptance of outstanding notes tendered for exchange. Our determinations in this regard will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of any particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in our or our counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular outstanding notes either before or after the expiration date, including the right to waive the ineligibility of any holder who seeks to tender outstanding notes in the exchange offer.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within a reasonable period of time as we determine. Neither we, the exchange agent, nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, without cost to the holder, unless otherwise provided in the letter of transmittal, as soon as practicable after the expiration date.

Guaranteed Delivery Procedures

Holders wishing to tender their outstanding notes but whose outstanding notes are not immediately available or who cannot deliver their outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the applicable procedures under DTC's Automatic Tender Offer Program prior to the expiration date may still tender if:

- the tender is made through an eligible guarantor institution;
- prior to the expiration date, the exchange agent receives from such eligible guarantor institution either (i) a properly completed and duly executed notice of guaranteed delivery by facsimile transmission, mail or hand delivery or (ii) a properly transmitted agent's message and notice of guaranteed delivery:
 - setting forth the name and address of the holder, the registered number(s) of such outstanding notes and the principal amount of outstanding notes tendered;
 - stating that the tender is being made thereby;
 - guaranteeing that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and
- the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC, and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Withdrawal Rights

Except as otherwise provided in this prospectus, holders of outstanding notes may withdraw their tender of outstanding notes at any time prior to 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective:

- the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal at one of the addresses set forth below under "—Exchange Agent"; or
- holders must comply with the appropriate procedures of DTC's Automated Tender Offer Program system.

Any notice of withdrawal must:

- specify the name of the person who tendered the outstanding notes to be withdrawn;
- identify the outstanding notes to be withdrawn, including the principal amount of the outstanding notes; and
- where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, the withdrawing holder must also submit:

- the serial numbers of the particular certificates to be withdrawn; and
- a signed notice of withdrawal with signatures guaranteed by an eligible guarantor institution unless such holder is an eligible guarantor institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form, and eligibility, including time of receipt, of notices of withdrawal, and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder or, in the case of book-entry transfer, will be credited to an account maintained with DTC, as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following the procedures described under "—Procedures for Tendering" above at any time on or prior to the expiration date.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail by the exchange agent. We may make additional solicitations by facsimile, telephone or in person by our officers and regular employees and our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payment to broker-dealers or others for soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related, reasonable out-of-pocket expenses.

We will pay the estimated cash expenses to be incurred in connection with the exchange offer. The expenses are estimated in the aggregate to be approximately \$138,000. They include:

- SEC registration fees;
- fees and expenses of the exchange agent and trustee;
- accounting and legal fees and printing costs; and
- related fees and expenses.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will capitalize the expenses of the exchange offer and amortize them over the life of the notes.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of outstanding notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

- certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered; or
- tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or
- a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Holders who tender their outstanding notes for exchange will not be required to pay any transfer taxes. However, holders who instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be required to pay any applicable transfer tax.

Consequences of Failure to Exchange

Holders of outstanding notes who do not exchange their outstanding notes for exchange notes under the exchange offer will remain subject to the restrictions on transfer of such outstanding notes:

- as set forth in the legend printed on the notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and
- otherwise set forth in the offering circular distributed in connection with the private offering of the outstanding notes.

In general, you may not offer or sell the outstanding notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. Based on interpretations of the staff of the SEC, exchange notes issued pursuant to the exchange offer may be offered for resale, resold or otherwise transferred by their holders without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- the holder is not an affiliate of K. Hovnanian or any guarantor within the meaning of Rule 405 of the Securities Act;
- the holder is not engaged in, does not intend to engage in, and does not have an arrangement or understanding with any person to participate in, a distribution of the exchange notes; and
- the holder is acquiring the exchange notes in the ordinary course of its business.

Any holder who tenders outstanding notes in the exchange offer for the purpose of participating in a distribution of the exchange notes:

- cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co., Inc.* (available June 5, 1991), *Exxon Capital Holdings Corporation* (available May 13, 1988), as

interpreted in the SEC's letter to *Shearman & Sterling* (available July 2, 1993), or similar no-action letters; and

- in the absence of an exception from the position stated immediately above, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

Other

Participating in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

DESCRIPTION OF THE NOTES

In this section, references to the "**Company**" mean Hovnanian Enterprises, Inc., a Delaware corporation, and do not include any of its subsidiaries or K. Hovnanian Enterprises, Inc., a California corporation; references to the "**Issuer**," "**us**," "**we**" or "**our**" mean K. Hovnanian Enterprises, Inc.; and references to the "**Notes**" mean the outstanding notes and the exchange notes, collectively.

The Issuer issued the outstanding notes, and will issue the exchange notes described in this prospectus, under an indenture, dated as of March 18, 2004 (the "**Indenture**"), among the Issuer, the Company, the other guarantors party thereto and Wachovia Bank, National Association, as trustee (the "**Trustee**"). The following is a summary of the material terms and provisions of the Notes. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "**Trust Indenture Act**"), as in effect on the date of the Indenture. The Notes are subject to all such terms, and prospective participants in the exchange offer should refer to the Indenture and the Trust Indenture Act for a statement of such terms. The form and terms of the exchange notes and the outstanding notes are identical in all material respects, except that the exchange notes will be registered under the Securities Act and will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement.

This description of the Notes contains definitions of terms, including those defined under the heading "—Definitions of Certain Terms Used in the Indenture." Capitalized terms that are used herein but not otherwise defined herein have the meanings assigned to them in the Indenture.

Any outstanding notes that remain outstanding after consummation of this exchange offer and the exchange notes will constitute a single series of debt securities under the Indenture. Holders of outstanding notes who do not exchange their notes in this exchange offer will vote together with the holders of exchange notes for all relevant purposes under the Indenture. Accordingly, when determining whether the required holders have given notice, consent or waiver or taken any other action permitted under the Indenture, any outstanding notes that are not exchanged pursuant to the exchange offer will be aggregated with the exchange notes. All references herein to specified percentages in aggregate principal amount of Notes outstanding shall be deemed to mean, at any time after this exchange offer is consummated, percentages in aggregate principal amount of outstanding notes and exchange notes outstanding.

General

The Notes will bear interest from March 18, 2004 at the rate *per annum* shown on the cover page of this prospectus, payable semi-annually on June 15 and December 15 of each year, commencing June 15, 2004, to Holders of record at the close of business on June 1 or December 1, as the case may be, immediately preceding each such interest payment date. The Notes will mature on December 15, 2014. The exchange notes will be issued in denominations of \$1,000 and integral multiples thereof. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The Indenture does not limit the maximum aggregate principal amount of securities that the Issuer may issue thereunder. The Issuer will issue an aggregate principal amount of \$150.0 million of exchange notes in this offering. The Issuer may issue additional notes of the same series as the outstanding notes and the exchange notes (the "**Additional Notes**") from time to time after this offering. The Notes and any Additional Notes subsequently issued under the Indenture would be treated as a single series for all purposes under the Indenture including, without limitation, waivers, amendments, redemption and offers to purchase. Any offering of Additional Notes under the Indenture is subject to the covenant described below under the caption "—Certain Covenants—Limitations on Indebtedness."

The outstanding notes are, and the exchange notes will be, guaranteed by the Company and each of the Guarantors (together, the "**Guarantors**") pursuant to the Guarantees (the "**Guarantees**") described below.

Ranking

The outstanding notes are, and the exchange notes will be, general unsecured obligations of the Issuer and rank senior in right of payment to all future Indebtedness of the Issuer that is, by its terms, expressly subordinated in right of payment to the Notes and *pari passu* in right of payment with all existing and future unsecured Indebtedness of the Issuer that is not so subordinated. Under specified circumstances, K. Hovnanian may be released from its obligations under the Notes and the Indenture. See "**Condition for Release of K. Hovnanian.**" The Guarantees of the outstanding notes are, and the Guarantees of the exchange notes will be, general unsecured obligations of the Guarantors and will rank senior in right of payment to all future Indebtedness of the Guarantors that is, by its terms, expressly subordinated in right of payment to the Guarantees and will rank *pari passu* in right of payment with all existing and future unsecured Indebtedness of the Company and the Guarantors that is not so subordinated.

Secured creditors of the Company, the Issuer and the other Guarantors have a claim on the assets which secure the obligations of the Company and the Guarantors to such creditors prior to claims of Holders of the Notes against those assets. At January 31, 2004, assuming we had completed the offering of the outstanding notes and the application of the net proceeds thereof at that date, the Issuer and the Guarantors would have had approximately \$1,065.7 million (including the outstanding notes) of Indebtedness outstanding, \$48.4 million of which would have been secured by certain real estate assets of the Company and the Guarantors and \$300.0 million of which would have been subordinated to the Notes.

The Guarantees

The Company and each of the Guarantors will (so long, in the case of a Restricted Subsidiary, as it remains a Restricted Subsidiary) unconditionally guarantee on a joint and several basis all of our obligations under the Notes, including our obligations to pay principal, premium, if any, and interest with respect to the Notes. The Guarantees will be general unsecured obligations of the Company and the Guarantors and will rank *pari passu* with all existing and future unsecured Indebtedness of the Guarantors that is not, by its terms, expressly subordinated in right of payment to the Guarantees. The obligations of each Guarantor other than the Company are limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Guarantor under its Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Guarantor other than the Company that makes a payment or distribution under a Guarantee shall be entitled to a contribution from each other Guarantor in an amount *pro rata*, based on the net assets of each Guarantor, determined in accordance with GAAP. Except as provided in "**Certain Covenants**" below, the Company is not restricted from selling or otherwise disposing of any of the Guarantors.

The Indenture requires that each existing and future Restricted Subsidiary of the Company (other than KHL, Inc., the Issuer (for so long as it remains the Issuer) and K. Hovnanian Poland, sp.z.o.o.) be a Guarantor. The Company is permitted to cause any Unrestricted Subsidiary to be a Guarantor.

The Indenture provides that if all or substantially all of the assets of any Guarantor other than the Company or all of the Capital Stock of any Guarantor other than the Company is sold (including by consolidation, merger, issuance or otherwise) or disposed of (including by liquidation, dissolution or

otherwise) by the Company or any of its Subsidiaries, or, unless the Company elects otherwise, if any Guarantor other than the Company is designated an Unrestricted Subsidiary in accordance with the terms of the Indenture, then such Guarantor (in the event of a sale or other disposition of all of the Capital Stock of such Guarantor or a designation as an Unrestricted Subsidiary) or the Person acquiring such assets (in the event of a sale or other disposition of all or substantially all of the assets of such Guarantor) shall be deemed automatically and unconditionally released and discharged from any of its obligations under the Indenture without any further action on the part of the Trustee or any Holder of the Notes.

Upon the release of a guarantee by a Guarantor other than the Company under all then outstanding Applicable Debt, at any time after the suspension of certain covenants as provided below under the caption "—Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade," the Guarantee of such Guarantor under the Indenture will be released and discharged at such time and no Restricted Subsidiary thereafter acquired or created will be required to be a Guarantor; *provided* that the foregoing shall not apply to any release of any Guarantor done in contemplation of, or in connection with, any cessation of the Notes being rated Investment Grade. In the event that (1) any such released Guarantor thereafter guarantees any Applicable Debt (or if any released guarantee under any Applicable Debt is reinstated or renewed) or (2) the Extinguished Covenants cease to be suspended as described under "—Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade" then any such released Guarantor and any other Restricted Subsidiary of the Company then existing (other than the Restricted Subsidiaries named in the second preceding paragraph) will Guarantee the Notes on the terms and conditions set forth in the Indenture.

"**Applicable Debt**" means all Indebtedness of the Company or any of its Restricted Subsidiaries (i) under Credit Facilities or (ii) that is publicly traded (including in the Rule 144A market), including, without limitation, the Issuer's senior notes and senior subordinated notes outstanding on the Issue Date. For purposes of the above provision, Applicable Debt secured by a Lien on such Restricted Subsidiary's Property or issued by such Restricted Subsidiary shall be deemed guaranteed by such Restricted Subsidiary.

An Unrestricted Subsidiary that is a Guarantor shall be deemed automatically and unconditionally released and discharged from all obligations under its Guarantee upon notice from the Company to the Trustee to such effect, without any further action required on the part of the Trustee or any Holder.

A sale of assets or Capital Stock of a Guarantor may constitute an Asset Disposition subject to the "Limitations on Dispositions of Assets" covenant.

Redemption

The Notes will be redeemable, in whole, at any time, or in part, from time to time, at the option of the Issuer upon not less than 30 nor more than 60 days' notice at a redemption price equal to the sum of:

- (1) 100% of the principal amount thereof, plus accrued and unpaid interest thereon to the redemption date, if any; *plus*
- (2) the Make-Whole Amount.

The term "Make-Whole Amount" shall mean, in connection with any optional redemption of any Note, the excess, if any, of:

- (1) the aggregate present value as of the date of such redemption of each dollar of principal being redeemed and the amount of interest (exclusive of interest accrued to the redemption date) that would have been payable in respect of such dollar if such prepayment had not been made, determined by discounting, on a semiannual basis, such principal and interest at the

Treasury Rate (determined on the business day preceding the date of such redemption) plus 0.5%, from the respective dates on which such principal and interest would have been payable if such payment had not been made; over

- (2) the principal amount of the Note being redeemed.

"**Treasury Rate**" means, in connection with the calculation of any Make-Whole Amount with respect to any Note, the yield to maturity at the time of computation of United States Treasury securities with a constant maturity, as compiled by and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source or similar market data), equal to the then remaining maturity of the Note being prepaid. If no maturity exactly corresponds to such maturity, yields for the published maturities occurring prior to and after such maturity most closely corresponding to such maturity shall be calculated pursuant to the immediately preceding sentence and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight-line basis, rounding in each of such relevant periods to the nearest month.

There is no sinking fund for, or mandatory redemption of, the Notes.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, the Trustee will select Notes for redemption on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion shall deem appropriate and fair.

No Notes of \$1,000 in original principal amount or less shall be redeemed in part. Notices of redemption may not be conditional.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the Holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Certain Covenants

The following is a summary of certain covenants that are contained in the Indenture. Such covenants are applicable (unless waived or amended as permitted by the Indenture or their application is suspended as set forth under the caption "—Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade") so long as any of the Notes are outstanding or until the Notes are defeased pursuant to provisions described under "Defeasance of Indenture."

Repurchase of Notes upon Change of Control. In the event that there shall occur a Change of Control, each Holder of Notes shall have the right, at such Holder's option, to require the Issuer to purchase all or any part of such Holder's Notes on a date (the "**Repurchase Date**") that is no later than 90 days after notice of the Change of Control, at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the Repurchase Date.

On or before the thirtieth day after any Change of Control, the Issuer is obligated to mail or cause to be mailed, to all Holders of record of Notes, a notice regarding the Change of Control and the repurchase right. The notice shall state the Repurchase Date, the date by which the repurchase right must be exercised, the price for the Notes and the procedure which the Holder must follow to exercise such right. Substantially simultaneously with mailing of the notice, the Issuer shall cause a copy of such notice to be published in a newspaper of general circulation in the Borough of Manhattan, The City of

New York. To exercise such right, the Holder of such Note must deliver, at least ten days prior to the Repurchase Date, written notice to the Issuer (or an agent designated by the Issuer for such purpose) of the Holder's exercise of such right, together with the Note with respect to which the right is being exercised, duly endorsed for transfer; *provided, however*, that if mandated by applicable law, a Holder may be permitted to deliver such written notice nearer to the Repurchase Date than may be specified by the Issuer.

The Issuer will comply with applicable law, including Section 14(e) of the Securities Exchange Act of 1934 (the "**Exchange Act**") and Rule 14e-1 thereunder, if applicable, if the Issuer is required to give a notice of a right of repurchase as a result of a Change of Control.

With respect to any disposition of assets, the phrase "all or substantially all" as used in the Indenture (including as set forth under "**Certain Covenants—Limitations on Mergers, Consolidations and Sales of Assets**" below) varies according to the facts and circumstances of the subject transaction, has no clearly established meaning under New York law (which governs the Indenture) and is subject to judicial interpretation. Accordingly, in certain circumstances there may be a degree of uncertainty in ascertaining whether a particular transaction would involve a disposition of "all or substantially all" of the assets of the Company, and therefore it may be unclear as to whether a Change of Control has occurred and whether the Holders have the right to require the Issuer to repurchase Notes.

None of the provisions relating to a repurchase upon a Change of Control is waivable by the Board of Directors of the Issuer or the Company. The Company could, in the future, enter into certain transactions, including certain recapitalizations of the Company, that would not result in a Change of Control, but would increase the amount of Indebtedness outstanding at such time.

The Indenture will require the payment of money for Notes or portions thereof validly tendered to, and accepted for payment by, the Issuer pursuant to a Change of Control offer. In the event that a Change of Control has occurred under the Indenture, a change of control will also have occurred under the indentures governing the Issuer's 6¹/₂% Senior Notes due 2014, 8% Senior Notes due 2012, 7³/₄% Senior Subordinated Notes due 2013, 8⁷/₈% Senior Subordinated Notes due 2012 and 10¹/₂% Senior Notes due 2007 and under the revolving credit facility and the term loan facility. If a Change of Control were to occur, there can be no assurance that the Issuer would have sufficient funds to pay the purchase price for all Notes and amounts due under other Indebtedness that the Company may be required to repurchase or repay or that the Company or the other Guarantors would be able to make such payments. In the event that the Issuer were required to purchase outstanding Notes pursuant to a Change of Control offer, the Company expects that it would need to seek third-party financing to the extent it does not have available funds to enable the Issuer to meet its purchase obligations. However, there can be no assurance that the Company would be able to obtain such financing.

Failure by the Issuer to purchase the Notes when required upon a Change of Control will result in an Event of Default with respect to the Notes.

These provisions could have the effect of deterring hostile or friendly acquisitions of the Company where the Person attempting the acquisition views itself as unable to finance the purchase of the principal amount of Notes which may be tendered to the Issuer upon the occurrence of a Change of Control.

Limitations on Indebtedness. The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary, directly or indirectly, to create, incur, assume, become liable for or guarantee the payment of (collectively, an "**incurrence**") any Indebtedness (including Acquired Indebtedness) unless, after giving effect thereto and the application of the proceeds therefrom, the Consolidated Fixed Charge Coverage Ratio on the date thereof would be at least 2.0 to 1.0.

Notwithstanding the foregoing, the provisions of the Indenture will not prevent the incurrence of:

- (1) Permitted Indebtedness,
- (2) Refinancing Indebtedness,
- (3) Non-Recourse Indebtedness,
- (4) any Guarantee of Indebtedness represented by the Notes, and
- (5) any guarantee of Indebtedness incurred under Credit Facilities in compliance with the Indenture.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness may be incurred through the first paragraph of this covenant or by meeting the criteria of one or more of the types of Indebtedness described in the second paragraph of this covenant (or the definitions of the terms used therein), the Company, in its sole discretion,

- (1) may classify such item of Indebtedness under and comply with either of such paragraphs (or any of such definitions), as applicable,
- (2) may classify and divide such item of Indebtedness into more than one of such paragraphs (or definitions), as applicable, and
- (3) may elect to comply with such paragraphs (or definitions), as applicable, in any order.

The Company and the Issuer will not, and will not cause or permit any Guarantor to, directly or indirectly, in any event incur any Indebtedness that purports to be by its terms (or by the terms of any agreement governing such Indebtedness) subordinated to any other Indebtedness of the Company or of such Guarantor, as the case may be, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinated to the Notes or the Guarantee of such Guarantor, as the case may be, to the same extent and in the same manner as such Indebtedness is subordinated to such other Indebtedness of the Company or such Guarantor, as the case may be.

Limitations on Restricted Payments. The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, directly or indirectly, make any Restricted Payment unless:

- (1) no Default or Event of Default shall have occurred and be continuing at the time of or immediately after giving effect to such Restricted Payment;
- (2) immediately after giving effect to such Restricted Payment, the Company could incur at least \$1.00 of Indebtedness pursuant to the first paragraph of the "Limitations on Indebtedness" covenant; and
- (3) immediately after giving effect to such Restricted Payment, the aggregate amount of all Restricted Payments (including the Fair Market Value of any non-cash Restricted Payment) declared or made after May 4, 1999 does not exceed the sum of:
 - (a) 50% of the Consolidated Net Income of the Company on a cumulative basis during the period (taken as one accounting period) from and including February 1, 1999 and ending on the last day of the Company's fiscal quarter immediately preceding the date of such Restricted Payment (or in the event such Consolidated Net Income shall be a deficit, *minus* 100% of such deficit), *plus*
 - (b) 100% of the aggregate net cash proceeds of and the Fair Market Value of Property received by the Company from (1) any capital contribution to the Company after February 1, 1999 or any issue or sale after February 1, 1999 of Qualified Stock (other

than to any Subsidiary of the Company) and (2) the issue or sale after February 1, 1999 of any Indebtedness or other securities of the Company convertible into or exercisable for Qualified Stock of the Company that have been so converted or exercised, as the case may be, *plus*

- (c) in the case of the disposition or repayment of any Investment constituting a Restricted Payment made after May 4, 1999, an amount (to the extent not included in the calculation of Consolidated Net Income referred to in (a)) equal to the lesser of (x) the return of capital with respect to such Investment (including by dividend, distribution or sale of Capital Stock) and (y) the amount of such Investment that was treated as a Restricted Payment, in either case, less the cost of the disposition or repayment of such Investment (to the extent not included in the calculation of Consolidated Net Income referred to in (a)), *plus*
- (d) with respect to any Unrestricted Subsidiary that is redesignated as a Restricted Subsidiary after May 4, 1999, in accordance with the definition of Unrestricted Subsidiary (so long as the designation of such Subsidiary as an Unrestricted Subsidiary was treated as a Restricted Payment made after the Issue Date, and only to the extent not included in the calculation of Consolidated Net Income referred to in (a)), an amount equal to the lesser of (x) the proportionate interest of the Company or a Restricted Subsidiary in an amount equal to the excess of (I) the total assets of such Subsidiary, valued on an aggregate basis at the lesser of book value and Fair Market Value thereof, over (II) the total liabilities of such Subsidiary, determined in accordance with GAAP, and (y) the Designation Amount at the time of such Subsidiary's designation as an Unrestricted Subsidiary, *plus*
- (e) \$17 million, *minus*
- (f) the aggregate amount of all Restricted Payments (other than Restricted Payments referred to in clause (C) of the immediately succeeding paragraph) made after February 1, 1999 through May 4, 1999.

The foregoing clauses (2) and (3) will not prohibit:

- (A) the payment of any dividend within 60 days of its declaration if such dividend could have been made on the date of its declaration without violation of the provisions of the Indenture;
- (B) the repurchase, redemption or retirement of any shares of Capital Stock of the Company in exchange for, or out of the net proceeds of the substantially concurrent sale (other than to a Subsidiary of the Company) of, other shares of Qualified Stock; and
- (C) the purchase, redemption or other acquisition, cancellation or retirement for value of Capital Stock, or options, warrants, equity appreciation rights or other rights to purchase or acquire Capital Stock, of the Company or any Subsidiary held by officers or employees or former officers or employees of the Company or any Subsidiary (or their estates or beneficiaries under their estates) not to exceed \$10 million in the aggregate since May 4, 1999;

provided, however, that each Restricted Payment described in clauses (A) and (B) of this sentence shall be taken into account for purposes of computing the aggregate amount of all Restricted Payments pursuant to clause (3) of the immediately preceding paragraph.

For purposes of determining the aggregate and permitted amounts of Restricted Payments made, the amount of any guarantee of any Investment in any Person that was initially treated as a Restricted Payment and which was subsequently terminated or expired, net of any amounts paid by the Company or any Restricted Subsidiary in respect of such guarantee, shall be deducted.

In determining the "Fair Market Value of Property" for purposes of clause (3) of the first paragraph of this covenant, Property other than cash, Cash Equivalents and Marketable Securities shall be deemed to be equal in value to the "equity value" of the Capital Stock or other securities issued in exchange therefor. The equity value of such Capital Stock or other securities shall be equal to (i) the number of shares of Common Equity issued in the transaction (or issuable upon conversion or exercise of the Capital Stock or other securities issued in the transaction) multiplied by the closing sale price of the Common Equity on its principal market on the date of the transaction (less, in the case of Capital Stock or other securities which require the payment of consideration at the time of conversion or exercise, the aggregate consideration payable thereupon) or (ii) if the Common Equity is not then traded on the New York Stock Exchange, American Stock Exchange or Nasdaq National Market, or if the Capital Stock or other securities issued in the transaction do not consist of Common Equity (or Capital Stock or other securities convertible into or exercisable for Common Equity), the value (if more than \$10 million) of such Capital Stock or other securities as determined by a nationally recognized investment banking firm retained by the Board of Directors of the Company.

Limitations on Transactions with Affiliates. The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, make any loan, advance, guarantee or capital contribution to, or for the benefit of, or sell, lease, transfer or otherwise dispose of any property or assets to or for the benefit of, or purchase or lease any property or assets from, or enter into or amend any contract, agreement or understanding with, or for the benefit of, any Affiliate of the Company or any Affiliate of any of the Company's Subsidiaries or any holder of 10% or more of the Common Equity of the Company (including any Affiliates of such holders), in a single transaction or series of related transactions (each, an "**Affiliate Transaction**"), except for any Affiliate Transaction the terms of which are at least as favorable as the terms which could be obtained by the Company, the Issuer or such Restricted Subsidiary, as the case may be, in a comparable transaction made on an arm's length basis with Persons who are not such a holder, an Affiliate of such a holder or an Affiliate of the Company or any of the Company's Subsidiaries.

In addition, the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, enter into an Affiliate Transaction unless:

- (1) with respect to any such Affiliate Transaction involving or having a value of more than \$1 million, the Company shall have (x) obtained the approval of a majority of the Board of Directors of the Company and (y) either obtained the approval of a majority of the Company's disinterested directors or obtained an opinion of a qualified independent financial advisor to the effect that such Affiliate Transaction is fair to the Company, the Issuer or such Restricted Subsidiary, as the case may be, from a financial point of view, and
- (2) with respect to any such Affiliate Transaction involving or having a value of more than \$10 million, the Company shall have (x) obtained the approval of a majority of the Board of Directors of the Company and (y) delivered to the Trustee an opinion of a qualified independent financial advisor to the effect that such Affiliate Transaction is fair to the Company, the Issuer or such Restricted Subsidiary, as the case may be, from a financial point of view.

The Indenture will also provide that notwithstanding the foregoing, an Affiliate Transaction will not include:

- (1) any contract, agreement or understanding with, or for the benefit of, or plan for the benefit of, employees of the Company or its Subsidiaries generally (in their capacities as such) that has been approved by the Board of Directors of the Company,
- (2) Capital Stock issuances to directors, officers and employees of the Company or its Subsidiaries pursuant to plans approved by the stockholders of the Company,

- (3) any Restricted Payment otherwise permitted under the "Limitations on Restricted Payments" covenant,
- (4) any transaction between or among the Company and one or more Restricted Subsidiaries or between or among Restricted Subsidiaries (*provided, however, no such transaction shall involve any other Affiliate of the Company (other than an Unrestricted Subsidiary to the extent the applicable amount constitutes a Restricted Payment permitted by the Indenture)*),
- (5) any transaction between one or more Restricted Subsidiaries and one or more Unrestricted Subsidiaries where all of the payments to, or other benefits conferred upon, such Unrestricted Subsidiaries are substantially contemporaneously dividended, or otherwise distributed or transferred without charge, to the Company or a Restricted Subsidiary,
- (6) issuances, sales or other transfers or dispositions of mortgages and collateralized mortgage obligations in the ordinary course of business between Restricted Subsidiaries and Unrestricted Subsidiaries of the Company, and
- (7) the payment of reasonable and customary fees to, and indemnity provided on behalf of, officers, directors, employees or consultants of the Company, the Issuer or any Restricted Subsidiary.

Limitations on Dispositions of Assets. The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, make any Asset Disposition unless:

- (a) the Company (or such Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Disposition at least equal to the Fair Market Value thereof, and
- (b) not less than 70% of the consideration received by the Company (or such Restricted Subsidiary, as the case may be) is in the form of cash, Cash Equivalents and Marketable Securities.

The amount of (i) any Indebtedness (other than any Indebtedness subordinated to the Notes) of the Company or any Restricted Subsidiary that is actually assumed by the transferee in such Asset Disposition and (ii) the fair market value (as determined in good faith by the Board of Directors of the Company) of any property or assets received that are used or useful in a Real Estate Business, shall be deemed to be consideration required by clause (b) above for purposes of determining the percentage of such consideration received by the Company or the Restricted Subsidiaries.

The Net Cash Proceeds of an Asset Disposition shall, within one year, at the Company's election, (a) be used by the Company or a Restricted Subsidiary in the business of the construction and sale of homes conducted by the Company and the Restricted Subsidiaries or any other business of the Company or a Restricted Subsidiary existing at the time of such Asset Disposition or (b) to the extent not so used, be applied to make an Offer to Purchase Notes and, if the Company or a Restricted Subsidiary elects or is required to do so repay, purchase or redeem any other unsubordinated Indebtedness (on a *pro rata* basis if the amount available for such repayment, purchase or redemption is less than the aggregate amount of (i) the principal amount of the Notes tendered in such Offer to Purchase and (ii) the lesser of the principal amount, or accreted value, of such other unsubordinated Indebtedness, plus, in each case accrued interest to the date of repayment, purchase or redemption) at 100% of the principal amount or accreted value thereof, as the case may be, plus accrued and unpaid interest, if any, to the date of repurchase or repayment.

Notwithstanding the foregoing, (A) the Company will not be required to apply such Net Cash Proceeds to the repurchase of Notes in accordance with clause (b) of the preceding sentence except to the extent that such Net Cash Proceeds, together with the aggregate Net Cash Proceeds of prior Asset Dispositions (other than those so used) which have not been applied in accordance with this provision and as to which no prior Offer to Purchase shall have been made, exceed 5% of Consolidated Tangible

Assets and (B) in connection with an Asset Disposition, the Company and the Restricted Subsidiaries will not be required to comply with the requirements of clause (b) of the first sentence of the first paragraph of this covenant to the extent that the non-cash consideration received in connection with such Asset Disposition, together with the sum of all non-cash consideration received in connection with all prior Asset Dispositions that has not yet been converted into cash, does not exceed 5% of Consolidated Tangible Assets; *provided, however*; that when any non-cash consideration is converted into cash, such cash shall constitute Net Cash Proceeds and be subject to the preceding sentence.

Limitations on Liens. The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, create, incur, assume or suffer to exist any Liens, other than Permitted Liens, on any of its Property, or on any shares of Capital Stock or Indebtedness of any Restricted Subsidiary, unless contemporaneously therewith or prior thereto all payments due under the Indenture and the Notes are secured on an equal and ratable basis with the obligation or liability so secured until such time as such indebtedness is no longer secured by a Lien.

Limitations on Restrictions Affecting Restricted Subsidiaries. The Indenture will provide that the Company and the Issuer will not, and will not cause or permit any Restricted Subsidiary to, create, assume or otherwise cause or suffer to exist or become effective any consensual encumbrance or restriction (other than encumbrances or restrictions imposed by law or by judicial or regulatory action or by provisions of agreements that restrict the assignability thereof) on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock or any other interest or participation in, or measured by, its profits, owned by the Company or any other Restricted Subsidiary, or pay interest on or principal of any Indebtedness owed to the Company or any other Restricted Subsidiary,
- (2) make loans or advances to the Company or any other Restricted Subsidiary, or
- (3) transfer any of its property or assets to the Company or any other Restricted Subsidiary,

except for:

- (a) encumbrances or restrictions existing under or by reason of applicable law,
- (b) contractual encumbrances or restrictions in effect on the Issue Date and any amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings thereof, provided that such amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings are no more restrictive, taken as a whole, with respect to such dividend and other payment restrictions than those contained in such contractual encumbrances or restrictions, as in effect on the Issue Date,
- (c) any restrictions or encumbrances arising under Acquired Indebtedness; *provided*, that such encumbrance or restriction applies only to either the assets that were subject to the restriction or encumbrance at the time of the acquisition or the obligor on such Indebtedness and its Subsidiaries prior to such acquisition,
- (d) any restrictions or encumbrances arising in connection with Refinancing Indebtedness; *provided, however*, that any restrictions and encumbrances of the type described in this clause (d) that arise under such Refinancing Indebtedness shall not be materially more restrictive or apply to additional assets than those under the agreement creating or evidencing the Indebtedness being refunded, refinanced, replaced or extended,
- (e) any Permitted Lien, or any other agreement restricting the sale or other disposition of property, securing Indebtedness permitted by the Indenture if such Permitted Lien or

agreement does not expressly restrict the ability of a Subsidiary of the Company to pay dividends or make or repay loans or advances prior to default thereunder,

- (f) reasonable and customary borrowing base covenants set forth in agreements evidencing Indebtedness otherwise permitted by the Indenture,
- (g) customary non-assignment provisions in leases, licenses, encumbrances, contracts or similar assets entered into or acquired in the ordinary course of business,
- (h) any restriction with respect to a Restricted Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Restricted Subsidiary pending the closing of such sale or disposition,
- (i) encumbrances or restrictions existing under or by reason of the Indenture or the Notes,
- (j) purchase money obligations that impose restrictions on the property so acquired of the nature described in clause (3) of the preceding paragraph,
- (k) Liens permitted under the Indenture securing Indebtedness that limit the right of the debtor to dispose of the assets subject to such Lien,
- (l) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, assets sale agreements, stock sale agreements and other similar agreements,
- (m) customary provisions of any franchise, distribution or similar agreements,
- (n) restrictions on cash or other deposits or net worth imposed by contracts entered into in the ordinary course of business, and
- (o) any encumbrance or restrictions of the type referred to in clauses (1), (2) or (3) of the first paragraph of this section imposed by any amendments, modifications, restatements, renewals, supplements, refinancings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (n) of this paragraph, provided that such amendments, modifications, restatements, renewals, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Company's Board of Directors, no more restrictive with respect to such dividend and other payment restrictions than those contained in the dividend or other payment restrictions prior to such amendment, modification, restatement, renewal, supplement, refunding, replacement or refinancing.

Limitations on Mergers, Consolidations and Sales of Assets. The Indenture will provide that neither the Issuer nor any Guarantor will consolidate or merge with or into, or sell, lease, convey or otherwise dispose of all or substantially all of its assets (including, without limitation, by way of liquidation or dissolution), or assign any of its obligations under the Notes, the Guarantees or the Indenture (as an entirety or substantially as an entirety in one transaction or in a series of related transactions), to any Person (in each case other than in a transaction in which the Company, the Issuer or a Restricted Subsidiary is the survivor of a consolidation or merger, or the transferee in a sale, lease, conveyance or other disposition) unless:

- (1) the Person formed by or surviving such consolidation or merger (if other than the Company, the Issuer or the Guarantor, as the case may be), or to which such sale, lease, conveyance or other disposition or assignment will be made (collectively, the "**Successor**"), is a corporation or other legal entity organized and existing under the laws of the United States or any state thereof or the District of Columbia, and the Successor assumes by supplemental indenture in a form reasonably satisfactory to the Trustee all of the obligations of the Company, the Issuer

or the Guarantor, as the case may be, under the Notes or a Guarantee, as the case may be, and the Indenture,

- (2) immediately after giving effect to such transaction, no Default or Event of Default has occurred and is continuing, and
- (3) immediately after giving effect to such transaction, the Company (or its Successor) could incur at least \$1.00 of Indebtedness pursuant to the first paragraph of the "Limitation on Indebtedness" covenant.

The foregoing provisions shall not apply to:

- (a) a transaction involving the sale or disposition of Capital Stock of a Guarantor, or the consolidation or merger of a Guarantor, or the sale, lease, conveyance or other disposition of all or substantially all of the assets of a Guarantor, that in any such case results in such Guarantor being released from its Guarantee as provided under "The Guarantees" above, or
- (b) a transaction the purpose of which is to change the state of incorporation of the Company, the Issuer or any Guarantor.

Reports to Holders of Notes. The Company shall file with the Commission the annual reports and the information, documents and other reports required to be filed pursuant to Section 13 or 15(d) of the Exchange Act. The Company shall file with the Trustee and mail to each Holder of record of Notes such reports, information and documents within 15 days after it files them with the Commission. In the event that the Company is no longer subject to these periodic requirements of the Exchange Act, it will nonetheless continue to file reports with the Commission and the Trustee and mail such reports to each Holder of Notes as if it were subject to such reporting requirements. Regardless of whether the Company is required to furnish such reports to its stockholders pursuant to the Exchange Act, the Company will cause its consolidated financial statements and a "Management's Discussion and Analysis of Results of Operations and Financial Condition" written report, similar to those that would have been required to appear in annual or quarterly reports, to be delivered to Holders of Notes.

Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade

Notwithstanding the foregoing, the Issuer, the Company and its Restricted Subsidiaries' obligations to comply with the provisions of the Indenture described above under the caption "Certain Covenants" (except for the covenants described under "Repurchase of Notes upon Change of Control," "Limitations on Liens," "Limitations on Mergers, Consolidations and Sales of Assets" (other than clause (3) of the first paragraph thereof) and "Reports to Holders of Notes") will terminate (such terminated covenants, the "**Extinguished Covenants**") and cease to have any further effect from and after the first date when the Notes issued under the Indenture are rated Investment Grade; *provided* that if the Notes subsequently cease to be rated Investment Grade, then, from and after the time the Notes cease to be rated Investment Grade, the Issuer, the Company and its Restricted Subsidiaries' obligation to comply with the Extinguished Covenants shall be reinstated.

In addition, following the achievement of such Investment Grade ratings, (1) the Guarantees of the Guarantors will be released at the time of the release of the guarantees under all outstanding Applicable Debt subject to the reinstatement of Guarantees if released Guarantors thereafter guarantee any Applicable Debt or the Notes cease to be rated Investment Grade and (2) no Restricted Subsidiary thereafter acquired or created will be required to be a Guarantor unless released Guarantors thereafter guarantee any Applicable Debt or the Notes cease to be rated Investment Grade, in each case as more fully described under the caption "—The Guarantees."

Notwithstanding the foregoing, in the event of any such reinstatement, no action taken or omitted to be taken by the Company or any of its Subsidiaries prior to such reinstatement shall give rise to a Default or Event of Default under the Indenture upon reinstatement; *provided* that with respect to Restricted Payments made after any such reinstatement, the amount of Restricted Payments made after May 4, 1999 will be calculated as though the "Limitations on Restricted Payments" covenant had been in effect during the entire period after such date.

Condition for Release of K. Hovnanian

The Indenture provides that the Issuer may be released from its obligations under the Indenture and the Notes, without the consent of the holders of the Notes, if (1) the Company or any successor to the Company has assumed the obligations of the Issuer under the Indenture and the Notes, (2) the Company delivers an opinion of counsel to the Trustee to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the release and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise and (3) the Issuer becomes a Guarantor of the Notes at such time, until such time, if any, as such Guarantee may be released as described above under the captions "—Limitation of Applicability of Certain Covenants if Notes Rated Investment Grade" and "—The Guarantees."

Events of Default

The following are Events of Default under the Indenture:

- (1) the failure by the Company, the Issuer and the Guarantors to pay interest on, or additional interest, if any, with respect to, any Note when the same becomes due and payable and the continuance of any such failure for a period of 30 days;
- (2) the failure by the Company, the Issuer and the Guarantors to pay the principal or premium of any Note when the same becomes due and payable at maturity, upon acceleration or otherwise;
- (3) the failure by the Company, the Issuer or any Restricted Subsidiary to comply with any of its agreements or covenants in, or provisions of, the Notes, the Guarantees or the Indenture and such failure continues for the period and after the notice specified below (except in the case of a default under covenants described under "Certain Covenants—Repurchase of Notes upon Change of Control" and "Certain Covenants—Limitations on Mergers, Consolidations and Sales of Assets," which will constitute Events of Default with notice but without passage of time);
- (4) the acceleration of any Indebtedness (other than Non-Recourse Indebtedness) of the Company, the Issuer or any Restricted Subsidiary that has an outstanding principal amount of \$10 million or more, individually or in the aggregate, and such acceleration does not cease to exist, or such Indebtedness is not satisfied, in either case within 30 days after such acceleration;
- (5) the failure by the Company, the Issuer or any Restricted Subsidiary to make any principal or interest payment in an amount of \$10 million or more, individually or in the aggregate, in respect of Indebtedness (other than Non-Recourse Indebtedness) of the Company or any Restricted Subsidiary within 30 days of such principal or interest becoming due and payable (after giving effect to any applicable grace period set forth in the documents governing such Indebtedness);
- (6) a final judgment or judgments that exceed \$10 million or more, individually or in the aggregate, for the payment of money having been entered by a court or courts of competent jurisdiction against the Company, the Issuer or any of its Restricted Subsidiaries and such

judgment or judgments is not satisfied, stayed, annulled or rescinded within 60 days of being entered;

- (7) the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:
- (a) commences a voluntary case,
 - (b) consents to the entry of an order for relief against it in an involuntary case,
 - (c) consents to the appointment of a Custodian of it or for all or substantially all of its property, or
 - (d) makes a general assignment for the benefit of creditors;
- (8) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:
- (a) is for relief against the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary as debtor in an involuntary case,
 - (b) appoints a Custodian of the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary or a Custodian for all or substantially all of the property of the Company or any Restricted Subsidiary that is a Significant Subsidiary, or
 - (c) orders the liquidation of the Company, the Issuer or any Restricted Subsidiary that is a Significant Subsidiary,
- and the order or decree remains unstayed and in effect for 60 days, or
- (9) any Guarantee of a Guarantor which is a Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of such Guarantee and the Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of release of a Guarantor from its Guarantee in accordance with the terms of the Indenture and the Guarantee).

A Default as described in subclause (3) above will not be deemed an Event of Default until the Trustee notifies the Company, or the Holders of at least 25 percent in principal amount of the then outstanding Notes notify the Company and the Trustee, of the Default and (except in the case of a default with respect to covenants described under "Certain Covenants—Repurchase of Notes upon Change of Control" and "Certain Covenants—Limitations on Mergers, Consolidations and Sales of Assets") the Company does not cure the Default within 60 days after receipt of the notice. The notice must specify the Default, demand that it be remedied and state that the notice is a "Notice of Default." If such a Default is cured within such time period, it ceases.

If an Event of Default (other than an Event of Default with respect to the Company or the Issuer resulting from subclauses (7) or (8) above), shall have occurred and be continuing under the Indenture, the Trustee by notice to the Company, or the Holders of at least 25 percent in principal amount of the Notes then outstanding by notice to the Company and the Trustee, may declare all Notes to be due and payable immediately. Upon such declaration of acceleration, the amounts due and payable on the Notes will be due and payable immediately. If an Event of Default with respect to the Company or the Issuer specified in subclauses (7) or (8) above occurs, such an amount will *ipso facto* become and be immediately due and payable without any declaration, notice or other act on the part of the Trustee and the Company or any Holder.

The Holders of a majority in principal amount of the Notes then outstanding by written notice to the Trustee and the Company may waive any Default or Event of Default (other than any Default or Event of Default in payment of principal or interest) on the Notes under the Indenture. Holders of a majority in principal amount of the then outstanding Notes may rescind an acceleration and its

consequence (except an acceleration due to nonpayment of principal or interest on the Notes) if the rescission would not conflict with any judgment or decree and if all existing Events of Default (other than the non-payment of accelerated principal) have been cured or waived.

The Holders may not enforce the provisions of the Indenture, the Notes or the Guarantees except as provided in the Indenture. Subject to certain limitations, Holders of a majority in principal amount of the Notes then outstanding may direct the Trustee in its exercise of any trust or power, *provided, however*, that such direction does not conflict with the terms of the Indenture. The Trustee may withhold from the Holders notice of any continuing Default or Event of Default (except any Default or Event of Default in payment of principal or interest on the Notes or that resulted from the failure to comply with the covenant entitled "Repurchase of Notes upon Change of Control") if the Trustee determines that withholding such notice is in the Holders' interest.

The Company is required to deliver to the Trustee an annual statement regarding compliance with the Indenture and include in such statement, if any officer of the Company is aware of any Default or Event of Default, a statement specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto. In addition, the Company is required to deliver to the Trustee prompt written notice of the occurrence of any Default or Event of Default.

Discharge and Defeasance of Indenture

The Company, the Issuer and the Guarantors may discharge their obligations under the Notes, the Guarantees and the Indenture by irrevocably depositing in trust with the Trustee money or U.S. Government Obligations sufficient to pay principal of, premium and interest and additional interest, if any, on the Notes to maturity or redemption and the Notes mature or are to be called for redemption within one year, subject to meeting certain other conditions.

The Indenture will permit the Company, the Issuer and the Guarantors to terminate all of their respective obligations under the Indenture with respect to the Notes and the Guarantees, other than the obligation to pay interest on and the principal of the Notes and certain other obligations ("**legal defeasance**"), at any time by

- (1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of and premium, interest and additional interest, if any, on the Notes to their maturity or redemption, as the case may be, and
- (2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise, which opinion of counsel is based upon a change in the applicable federal tax law since the date of the Indenture.

In addition, the Indenture will permit the Company, the Issuer and the Guarantors to terminate all of their obligations under the Indenture with respect to certain covenants and events of default specified in the Indenture, and the Guarantors will be released ("**covenant defeasance**"), at any time by

- (1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of, premium and interest and additional interest, if any, on the Notes to their maturity or redemption, as the case may be, and

- (2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling, received from the Internal Revenue Service, to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise.

Notwithstanding the foregoing, no discharge, legal defeasance or covenant defeasance described above will affect the following obligations to, or rights of, the Holders of the Notes:

- rights of registration of transfer and exchange of Notes;
- rights of substitution of mutilated, defaced, destroyed, lost or stolen Notes;
- rights of Holders of the Notes to receive payments of principal thereof, premium, if any, and interest and additional interest, if any, thereon, upon the original due dates therefor, but not upon acceleration;
- rights, obligations, duties and immunities of the Trustee;
- rights of Holders of Notes beneficiaries with respect to property so deposited with the Trustee payable to all or any of them; and
- obligations of the Company, the Issuer or the Guarantors to maintain an office or agency in respect of the Notes.

The Company, the Issuer or the Guarantors may exercise the legal defeasance option with respect to the Notes notwithstanding the prior exercise of the covenant defeasance option with respect to the Notes. If the Company, the Issuer or the Guarantors exercise the legal defeasance option with respect to the Notes, payment of the Notes may not be accelerated due to an Event of Default with respect to the Notes. If the Company, the Issuer or the Guarantors exercise the covenant defeasance option with respect to the Notes, payment of the Notes may not be accelerated due to an Event of Default with respect to the covenants to which such covenant defeasance is applicable. However, if acceleration were to occur by reason of another Event of Default, the realizable value at the acceleration date of the cash and U.S. Government Obligations in the defeasance trust could be less than the principal of, premium, if any, and interest and additional interest, if any, then due on the Notes, in that the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors.

Transfer and Exchange

A Holder may transfer or exchange Notes only in accordance with the provisions of the Indenture. The Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and to pay any taxes and fees required by law or permitted by the Indenture.

Amendment, Supplement and Waiver

Subject to certain exceptions, the Indenture or the Notes may be amended or supplemented with the consent (which may include written consents obtained in connection with a tender offer or exchange offer for Notes) of the Holders of at least a majority in principal amount of the Notes then outstanding, and future compliance with any provision of the Indenture or the Notes may be waived (other than any continuing Default or Event of Default in the payment of interest on or the principal of the Notes) with the consent (which may include waivers obtained in connection with a tender offer or exchange offer for Notes) of the Holders of a majority in principal amount of the Notes then outstanding. Without the consent of any Holder, the Company, the Issuer, the Guarantors and the Trustee may amend or supplement the Indenture or the Notes to cure any ambiguity, defect or

inconsistency; to comply with the "Limitations on Mergers, Consolidations and Sales of Assets" covenant set forth in the Indenture; to comply with any requirements of the Commission in connection with the qualification of the Indenture under the Trust Indenture Act; to evidence and provide for the acceptance of appointment under the Indenture by a successor Trustee; to provide for uncertificated Notes in addition to or in place of certificated Notes; to provide for any Guarantee of the Notes; to secure the Notes or to confirm and evidence the release, termination or discharge of any Guarantee of or Lien securing the Notes when such release, termination or discharge is permitted by the Indenture; to make any change that does not adversely affect the legal rights of any Holder; to evidence the assumption by the Company (or its successor entity) or a successor entity of the Issuer of the obligations of the Issuer under the Indenture and the Notes; to add covenants or new events of default for the protection of the Holders of the Notes; or to designate a bank or trust company other than the Trustee to act as trustee.

Without the consent of each Holder affected, the Company, the Issuer, the Guarantors and the Trustee may not:

- (1) reduce the amount of Notes whose Holders must consent to an amendment, supplement or waiver,
- (2) reduce the rate of or extend the time for payment of interest, including default interest, on any Note,
- (3) reduce the principal of or change the fixed maturity of any Note or alter the provisions (including related definitions) with respect to redemptions described under "—Redemption" or with respect to mandatory offers to repurchase Notes described under "—Certain Covenants—Limitations on Dispositions of Assets" or "—Certain Covenants—Repurchase of Notes upon Change of Control,"
- (4) make any Note payable in money other than that stated in the Note,
- (5) make any change in the "Waivers of Defaults by Majority of Holders" or the "Proceedings by Holders" sections set forth in the Indenture,
- (6) modify the ranking or priority of the Notes or any Guarantee,
- (7) release any Guarantor from any of its obligations under its Guarantee or the Indenture otherwise than in accordance with the Indenture, or
- (8) waive a continuing Default or Event of Default in the payment of principal of or interest on the Notes.

The right of any Holder to participate in any consent required or sought pursuant to any provision of the Indenture (and our obligation to obtain any such consent otherwise required from such Holder) may be subject to the requirement that such Holder shall have been the Holder of record of any Notes with respect to which such consent is required or sought as of a date identified by the Trustee in a notice furnished to Holders in accordance with the terms of the Indenture.

Governing Law

The Indenture, the Notes and the Guarantees will be governed by the laws of the State of New York.

"Consolidated Cash Flow Available for Fixed Charges" means, for any period, Consolidated Net Income for such period plus (each to the extent deducted in calculating such Consolidated Net Income and determined in accordance with GAAP) the sum for such period, without duplication, of:

- (1) income taxes,

"Consolidated Fixed Charge Coverage Ratio" means, with respect to any determination date, the ratio of (x) Consolidated Cash Flow Available for Fixed Charges for the prior four full fiscal quarters (the **"Four Quarter Period"**) for which financial results have been reported immediately preceding the determination date (the **"Transaction Date"**), to (y) the aggregate Consolidated Interest Incurred for the Four Quarter Period. For purposes of this definition, **"Consolidated Cash Flow Available for Fixed Charges"** and **"Consolidated Interest Incurred"** shall be calculated after giving effect on a *pro forma* basis for the period of such calculation to:

- (1) the incurrence or the repayment, repurchase, defeasance or other discharge or the assumption by another Person that is not an Affiliate (collectively, **"repayment"**) of any Indebtedness of the Company, the Issuer or any Restricted Subsidiary (and the application of the proceeds thereof) giving rise to the need to make such calculation, and any incurrence or repayment of other Indebtedness (and the application of the proceeds thereof), at any time on or after the first day of the Four Quarter Period and on or prior to the Transaction Date, as if such incurrence or repayment, as the case may be (and the application of the proceeds thereof), occurred on the first day of the Four Quarter Period, except that Indebtedness under revolving credit facilities shall be deemed to be the average daily balance of such Indebtedness

during the Four Quarter Period (as reduced on such *pro forma* basis by the application of any proceeds of the incurrence of Indebtedness giving rise to the need to make such calculation);

- (2) any Asset Disposition or Asset Acquisition (including, without limitation, any Asset Acquisition giving rise to the need to make such calculation as a result of the Company, the Issuer or any Restricted Subsidiary (including any Person that becomes a Restricted Subsidiary as a result of any such Asset Acquisition) incurring Acquired Indebtedness at any time on or after the first day of the Four Quarter Period and on or prior to the Transaction Date), as if such Asset Disposition or Asset Acquisition (including the incurrence or repayment of any such Indebtedness) and the inclusion, notwithstanding clause (2) of the definition of "Consolidated Net Income," of any Consolidated Cash Flow Available for Fixed Charges associated with such Asset Acquisition as if it occurred on the first day of the Four Quarter Period; *provided, however*, that the Consolidated Cash Flow Available for Fixed Charges associated with any Asset Acquisition shall not be included to the extent the net income so associated would be excluded pursuant to the definition of "Consolidated Net Income," other than clause (2) thereof, as if it applied to the Person or assets involved before they were acquired; and
- (3) the Consolidated Cash Flow Available for Fixed Charges and the Consolidated Interest Incurred attributable to discontinued operations, as determined in accordance with GAAP, shall be excluded.

Furthermore, in calculating "Consolidated Cash Flow Available for Fixed Charges" for purposes of determining the denominator (but not the numerator) of this "Consolidated Fixed Charge Coverage Ratio,"

- (a) interest on Indebtedness in respect of which a *pro forma* calculation is required that is determined on a fluctuating basis as of the Transaction Date (including Indebtedness actually incurred on the Transaction Date) and which will continue to be so determined thereafter shall be deemed to have accrued at a fixed rate *per annum* equal to the rate of interest on such Indebtedness in effect on the Transaction Date, and
- (b) notwithstanding clause (a) above, interest on such Indebtedness determined on a fluctuating basis, to the extent such interest is covered by agreements relating to Interest Protection Agreements, shall be deemed to accrue at the rate *per annum* resulting after giving effect to the operation of such agreements.

the Company, the Issuer or any Restricted Subsidiary in the form of cash dividends or similar cash distributions during such period, which dividends or distributions are not in excess of the Company's, the Issuer's or such Restricted Subsidiary's (as applicable) *pro rata* share of such Unrestricted Subsidiary's or such other Person's net income earned during such period,

- (2) except to the extent includable in Consolidated Net Income pursuant to the foregoing clause (1), the net income (or loss) of any Person that accrued prior to the date that (a) such Person becomes a Restricted Subsidiary or is merged with or into or consolidated with the Company, the Issuer or any of its Restricted Subsidiaries (except, in the case of an Unrestricted Subsidiary that is redesignated a Restricted Subsidiary during such period, to the extent of its retained earnings from the beginning of such period to the date of such redesignation) or (b) the assets of such Person are acquired by the Company or any Restricted Subsidiary,
- (3) the net income of any Restricted Subsidiary to the extent that (but only so long as) the declaration or payment of dividends or similar distributions by such Restricted Subsidiary of that income is not permitted by operation of the terms of its charter or any agreement, instrument, judgment, decree, order, statute, rule or governmental regulation applicable to that Restricted Subsidiary during such period,
- (4) the gains or losses, together with any related provision for taxes, realized during such period by the Company, the Issuer or any Restricted Subsidiary resulting from (a) the acquisition of securities, or extinguishment of Indebtedness, of the Company or any Restricted Subsidiary or (b) any Asset Disposition by the Company or any Restricted Subsidiary,

provided, further; that for purposes of calculating Consolidated Net Income solely as it relates to clause (3) of the first paragraph of the "Limitations on Restricted Payments" covenant, clause (4)(b) above shall not be applicable.

"Consolidated Net Worth" of any Person as of any date means the stockholders' equity (including any Preferred Stock that is classified as equity under GAAP, other than Disqualified Stock) of such Person and its Restricted Subsidiaries on a consolidated basis at the end of the fiscal quarter immediately preceding such date, as determined in accordance with GAAP, less any amount attributable to Unrestricted Subsidiaries.

"Consolidated Tangible Assets" of the Company as of any date means the total amount of assets of the Company, the Issuer and the Restricted Subsidiaries (less applicable reserves) on a consolidated basis at the end of the fiscal quarter immediately preceding such date, as determined in accordance with GAAP, less (1) Intangible Assets and (2) appropriate adjustments on account of minority interests of other Persons holding equity investments in Restricted Subsidiaries.

Capitalized terms used in this section but not otherwise defined have the meanings given to them in the Registration Rights Agreement.

Under the Registration Rights Agreement:

- (1) the Issuer, the Company and the other guarantors agreed to file an Exchange Offer Registration Statement with the SEC on or prior to 90 days after March 18, 2004;
- (2) the Issuer, the Company and the other guarantors agreed to use their reasonable best efforts to have the Exchange Offer Registration Statement declared effective by the SEC on or prior to 150 days after March 18, 2004;
- (3) unless the exchange offer would not be permitted by applicable law or SEC policy, the Issuer, the Company and the other guarantors agreed to commence the exchange offer, keep the exchange offer open for a period of not less than 20 business days and use their reasonable best efforts to issue, on or prior to 30 business days after the date on which the Exchange Offer Registration Statement was declared effective by the SEC, exchange notes in exchange for all outstanding notes tendered prior thereto in the exchange offer; and
- (4) if obligated to file the Shelf Registration Statement, the Issuer, the Company and the other guarantors will file the Shelf Registration Statement with the SEC on or prior to 30 days after that filing obligation arises and use their reasonable best efforts to cause the Shelf Registration Statement to be declared effective by the SEC on or prior to 90 days after that obligation arises.

In the event that:

- (1) the Issuer is not permitted to file the Exchange Offer Registration Statement or permitted to consummate the exchange offer because the exchange offer is not permitted by applicable law or SEC policy; or
- (2) any holder of Transfer Restricted Securities notifies the Issuer in writing prior to the 20th business day following consummation of the exchange offer that:
 - (a) based on an opinion of counsel, it is prohibited by law or SEC policy from participating in the exchange offer; or
 - (b) it is a broker-dealer and owns notes acquired directly from the Issuer,

then, the Issuer, the Company and the other guarantors have agreed to file with the SEC a Shelf Registration Statement to cover resales of the notes by the holders thereof who satisfy certain conditions relating to the provisions of information in connection with the Shelf Registration Statement.

The Company, the Issuer and the other guarantors have agreed to use their reasonable best efforts to cause the applicable registration statement to be declared effective as promptly as possible by the SEC.

For purposes of the preceding, "**Transfer Restricted Securities**" means:

- (1) each outstanding note, until the earliest to occur of:
 - (a) the date on which that outstanding note is exchanged in the exchange offer for an exchange note which is entitled to be resold to the public by the holder thereof without complying with the prospectus delivery requirements of the Securities Act;
 - (b) the date on which that outstanding note has been disposed of in accordance with a Shelf Registration Statement (and purchasers thereof have been issued new exchange notes); or
 - (c) the date on which the outstanding note is distributed to the public pursuant to Rule 144 or Regulation S under the Securities Act (and purchasers thereof have been issued new exchange notes); and
- (2) new exchange notes issued to a broker-dealer until the date on which those exchange notes are disposed of by that broker-dealer pursuant to the "Plan of Distribution" contemplated by the Exchange Offer Registration Statement (including the delivery of the prospectus contained therein).

The Issuer, the Company and other guarantors have agreed to pay additional interest to each holder of Transfer Restricted Securities upon the occurrence of any of the following:

- (1) the Issuer, the Company and the other guarantors fail to file any of the Registration Statements required by the Registration Rights Agreement on or before the date specified for that filing;
- (2) any of such Registration Statements is not declared effective by the SEC on or prior to the date specified for that effectiveness, which we refer to as the "**Effectiveness Target Date**";
- (3) the Issuer, the Company and the other guarantors fail to consummate the exchange offer within 40 business days of the Effectiveness Target Date with respect to the Exchange Offer Registration Statement; or
- (4) the Shelf Registration Statement or the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or usable (without being succeeded immediately by a post-effective amendment to such Registration Statement) in connection with resales of Transfer Restricted Securities during the periods specified in the Registration Rights Agreement.

We refer to each event referred to in clauses (1) through (4) above as a "**Registration Default**."

Such additional interest shall be:

- (1) with respect to the first 90-day period immediately following the occurrence of the first Registration Default, an amount equal to \$.05 per week per \$1,000 principal amount of Transfer Restricted Securities held by that holder; and
- (2) an additional \$.05 per week per \$1,000 principal amount of Transfer Restricted Securities held by that holder with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum amount of additional interest for all Registration Defaults of \$.25 per week per \$1,000 principal amount of Transfer Restricted Securities.

All accrued additional interest will be paid on each Interest Payment Date at the same time and in the same manner as interest. Following the cure of all Registration Defaults, the accrual of additional interest will cease. Additional interest will only be payable in respect of one Registration Default at any time.

Holders of Transfer Restricted Securities will be required to make certain representations to the Issuer, the Company and the other guarantors (as described in the Registration Rights Agreement) in order to participate in the Exchange Offer and will be required to deliver certain information to be used in connection with the Shelf Registration Statement and to provide comments on the Shelf Registration Statement within the time periods set forth in the Registration Rights Agreement in order to have their notes included in the Shelf Registration Statement and to benefit from the provisions regarding additional interest set forth above with respect to the Shelf Registration Statement.

Book-Entry Procedures for the Global Notes

The exchange notes will initially be represented in the form of one or more global notes in fully-registered book-entry form without interest coupons that will be deposited upon issuance with the trustee under the indenture, Wachovia Bank, National Association, as custodian for The Depository Trust Company, or "DTC," and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant as described below.

Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global notes may not be exchanged for notes in certificated form except in the limited circumstances described below. See "—Exchange of Global Notes for Certificated Notes." In addition, transfer of beneficial interests in the global notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time. The notes may be presented for registration of transfer and exchange at the Corporate Trust Office of the trustee.

Depository Procedures

DTC has advised the Issuer that it is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "**Participants**") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of Participants. The Participants include securities brokers and dealers (including the initial purchasers of the outstanding notes), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "**Indirect Participants**"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interest and transfer of ownership interest of each actual purchaser of each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Issuer that, pursuant to procedures established by it,

- (1) upon deposit of the global notes, DTC will credit the accounts of Participants with an interest in the global notes; and
- (2) ownership of such interests in the global notes will be shown on, and the transfer of ownership thereof, will be effected only through, records maintained by DTC (with respect to Participants) or by Participants and the Indirect Participants (with respect to other owners of beneficial interests in the global notes).

The laws of some states require that certain persons take physical delivery in definitive form of securities they own. Consequently, the ability to transfer beneficial interest in a global note to such persons may be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants and certain banks, the ability of a person having a beneficial interest in a global note to pledge such interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of physical certificate evidencing such interests. For certain other restrictions on the transferability of the notes, see "—Exchange of Book-Entry Notes for Certificated Notes."

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal and premium and additional interest, if any, and interest on a global note registered in the name of DTC or its nominee will be payable by the trustee to DTC or its nominee in its capacity as the registered holder under the indenture. Under the terms of the indenture, the indenture and the trustee will treat the persons in whose names the notes, including the global notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever.

Consequently, none of the Issuer, the trustee nor any agent of the Issuer or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the global notes, or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the global notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Issuer that its current practice, upon receipt of any payment in respect of securities such as the exchange notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by Participants and the Indirect Participants to the beneficial owners of exchange notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuer. Neither the Issuer nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the exchange notes, and the Issuer and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Except for trades involving only Euroclear and Clearstream participants, interests in the global notes will trade in DTC's Same-Day Funds Settlement System and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described herein, crossmarket transfers between Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of time zone differences, the securities accounts of a Euroclear or Clearstream Participant purchasing an interest in a note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream Participant, during the securities settlement

processing day (which must be a business day for Euroclear or Clearstream) immediately following the settlement date of DTC. Cash received in Euroclear or Clearstream as a result of sales of interests in an exchange note by or through a Euroclear or Clearstream Participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date. DTC has advised the Issuer that it will take any action permitted to be taken by a holder of exchange notes only at the direction of one or more Participants to whose account DTC interests in the global notes are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange global notes for legended exchange notes in certificated form, and to distribute such exchange notes to its Participants.

The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the global notes among Participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the initial purchasers of the outstanding notes or the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A global note is exchangeable for a certificated exchange note if:

- (1) DTC (a) notifies the Issuer that it is unwilling or unable to continue as depository for the global notes and the Issuer thereupon fails to appoint a successor depository within 90 days or (b) has ceased to be a clearing agency registered under the Exchange Act;
- (2) the Issuer, at its option, notifies the trustee in writing that it elects to cause the issuance of the notes in certificated form; or
- (3) there shall have occurred and be continuing to occur a default or an event of default with respect to the notes.

In addition, beneficial interests in a global note may be exchanged for certificated exchange notes upon request but only upon at least 20 days' prior written notice given to the trustee by or on behalf of DTC in accordance with customary procedures. In all cases, certificated exchange notes delivered in exchange for any global note or beneficial interest therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement And Payment

The indenture requires that payments in respect of exchange notes represented by the global notes (including principal, premium, if any, interest and additional interest, if any) be made by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. With respect to certificated exchange notes, we will make all payments of principal, premium, if any, interest and additional interest, if any, by wire transfer of immediately available funds to the accounts specified by the holders thereof or, if no such account is specified, by mailing a check to each such holder's registered address. The exchange notes represented by the global notes are eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such exchange notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any certificated exchange notes will also be settled in immediately available funds.

**UNITED STATES FEDERAL INCOME TAX CONSEQUENCES
OF THE EXCHANGE OFFER**

The exchange of outstanding notes for exchange notes in the exchange offer will not constitute a taxable event to holders for United States federal income tax purposes. Consequently, no gain or loss will be recognized by a holder upon receipt of an exchange note, the holding period of the exchange note will include the holding period of the outstanding note exchanged therefor, and the basis of the exchange note will be the same as the basis of the outstanding note immediately before the exchange.

In any event, persons considering the exchange of outstanding notes for exchange notes should consult their own tax advisors concerning the United States federal income tax consequences in light of their particular situations as well as any consequences arising under the laws of any other taxing jurisdiction.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where the outstanding notes were acquired as a result of market-making activities or other trading activities. To the extent that any such broker-dealer participates in the exchange offer and so notifies us, or causes us to be so notified in writing, we have agreed that for a period of up to 180 days after the consummation of this offer to use our best efforts to make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resale and will deliver as many additional copies of this prospectus and each amendment or supplement to this prospectus and any documents incorporated by reference in this prospectus as such broker-dealer may reasonably request.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own accounts pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of these methods of resale at market prices prevailing at the time of resale, at prices related to the prevailing market prices or at negotiated prices. Any resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of any exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of the exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any resale of exchange notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

We have also agreed to pay all expenses incident to the exchange offer, including the expenses of one counsel for the holders of all of the sellers of the outstanding notes, and will indemnify the holders of the outstanding notes, including any broker-dealers, against certain liabilities under the Securities Act.

LEGAL MATTERS

The validity of the exchange notes offered hereby will be passed upon for us by Simpson Thacher & Bartlett LLP, New York, New York.
